## **PREAMBLE**

The terms set forth in this SAP Software Use Rights document ("Use Terms") apply to any Named Users and Packages (both as defined in Section 1.1.1 hereof) licensed pursuant to the Agreement (including orders placed directly with SAP or through an authorized reseller, distributor, original equipment manufacturer ("OEM") or other authorized partner of SAP) referencing these Use Terms (including without limitation references to "Product Use Rights" or similar naming conventions). Except as otherwise set forth herein, each capitalized term referenced in these Use Terms shall have the meaning given it in the GTC. Unless otherwise indicated, terms/restrictions applicable to a component also apply when that component is included/embedded with another Package.

### **1. LICENSING PRINCIPLES / RULES OF USE**

#### **1.1 Definitions**

1.1.1 As used in these Use Terms: 1) each Software and/or Third Party Software (as defined in the GTC) product licensed pursuant to the Agreement referencing these Use Terms may be referred to as a "Software Package" (when referencing only Software) or "Third Party Software Package" (when referencing only Third Party Software) or "Package" (when referencing both Software and Third Party Software); 2) "Named User" shall mean any individual authorized by Licensee to Use (in accordance with the terms of the Agreement) a Package, including without limitation employees of its Affiliates or its Business Partners; 3) "Named User License" shall mean the Metric and Licensed Level applicable to each Named User; 4) "Package License" shall mean the Metric and Licensed Level applicable to each Package; 5) "Metric" shall mean a) when referenced in the context of a Named User, the individual Named User category and type (and corresponding Named User definition setting for such Named User's Use rights) as further described in Section 2.1 hereof -and- b) when referenced in the context of a Package, the individual business metric corresponding with each Package as further described in Section 2.2 hereof; 6) "Licensed Level" shall mean a) when referenced in the context of a Named User, the quantity of Metric for which each individual Named User category and type is licensed -and- b) when referenced in the context of a Package, the quantity of Metric for which each individual Package is licensed ; 7) "Use" means to activate the processing capabilities of the Software, load, execute, access, employ the Software, or display information resulting from such capabilities. Use may occur by way of an interface delivered with or as a part of the Software, a Licensee or third-party interface, or another intermediary system; and 8) "Order Form" shall mean the order document for the Named Users and Packages licensed under the Agreement, including order documents placed directly with SAP or through an authorized reseller, distributor, OEM or other authorized partner of SAP.

#### **1.2 Standard License Principles / Rules of Use**

1.2.1 Named User License & Package License Required. Except as otherwise specifically provided in Sections 1.3.2, 2.4.1 and 3 hereof with respect to applicability of Named User Licenses, 1) the Use of any Package requires both a Named User License and a Package License; 2) Licensee needs to hold a Named User License for any individual accessing any Package, and such Named User License shall define the extent to which such individual may Use the Package, such Use of the Package in all cases being further subject to the Package License and otherwise in accordance with the terms of the Agreement, unless otherwise set forth in Exhibit 3. Named User Licenses cannot be assigned to more than one individual.

1.2.2 Additional Named User Rules for SBOP and Legacy SBOP Software Not Licensed For Standalone Use. "SBOP" and "Legacy SBOP" shall mean any Software identified as SBOP or Legacy SBOP, respectively in these Use Terms. Unless otherwise specifically set forth herein, all references to "SBOP" shall be deemed to include any licensed Software identified under any Order Form as "Legacy SBOP"; however, references to "Legacy SBOP" shall only mean any licensed Software specifically identified as "Legacy SBOP" on Exhibit 1 Any licensed Legacy SBOP may only be Used by individuals licensed as an Expert User, Business Analytics Professional User, BI Limited User, or Business Information User, and such Use shall be in accordance with each individual's respective Named User type (and subject to the applicable Licensed Level(s) for such Software).

1.2.3 Runtime Software. Licensed Package(s) may utilize limited functionality of other Packages for which Licensee does not hold a license ("Runtime Software"). Until Licensee has expressly licensed the Runtime Software, Licensee's Use of such Runtime Software is limited to access by and through the licensed Package(s), and any permitted Modifications thereto for the sole purpose of enabling performance of the licensed Package(s) and integrating data from licensed SAP Software as specified in the Documentation. In the event Licensee Uses a Package to build and/or operate a custom developed or third party application, additional licenses may be required.

1.2.4 Country / Language Versions and Availability Restrictions. There are no applicable country/language specific versions licensed by Licensee from SAP unless otherwise specifically stated in an Order Form. Packages may be subject to availability restrictions. Information about such restrictions including country availability, supported languages, supported operating systems and databases may be provided through the Product Availability Matrix (PAM) published at [www.service.sap.com/pam](http://www.service.sap.com/pam) or otherwise included in the Documentation.

1.2.5 Internet Connectivity. Some Packages require connection to the internet in order to properly function. Licensee is responsible for obtaining internet connectivity and SAP will not be responsible for loss of functionality due to failure of internet connectivity.

1.2.6 Third Party Web Services. Some Packages enable connection to Third Party Web Services. Terms related to those Third Party Web Services are contained in Exhibit 8 of these Use Terms. For the purposes of these Use Terms, "Third Party Web Services" means (i) any and all web services made available by third parties (other than SAP, SAP SE and/or any of their affiliated companies) that are accessible through or enabled by the Software or SAP Materials, and (ii) any and all application programming interfaces, web service definition files, and other materials made available by or on behalf of such third party web service providers to facilitate the access to and use of such web services.

#### **1.3 Exceptional License Principles / Rules of Use for Special License Scenarios**

1.3.1 This Section 1.3 sets forth the exceptional license principles / rules of Use for the following special license scenarios ("Special License Scenarios"), and, to the extent the exceptional license principles / rules of Use for any Special License Scenario identified in this Section 1.3 contradict the standard license principles / rules of Use set forth in the Agreement and Section 1.2 hereof, then the terms of this Section 1.3 shall control over those contradicting terms in Section 1.2 hereof.

1.3.2 Standalone Use. Software is licensed for Standalone Use if identified as such in the applicable Order Form. "Standalone Use" means the Software (and any corresponding Third Party Software) identified as "Standalone Use" that may only be Used with other Software and/or Third Party Software with the same "Standalone Use" designation in the applicable Order Form from SAP or an authorized reseller, distributor, or other authorized partner of SAP and/or or non-SAP branded software licensed from third parties.

For avoidance of doubt, all Software licensed under a Restricted License (as defined in Section 1.3.3) or by an SAP acquired entity prior to its legal integration with a successive SAP entity is deemed licensed for Standalone Use only.

1.3.2.1 Standalone Use of Legacy SBOP Software. Use of Legacy SBOP licensed for Standalone Use does require a Named User License in addition to the Package License for the actual Legacy SBOP. SBOP Software licensed from any resellers, distributors, OEMs or other third parties may

be Used solely for Standalone Use, unless otherwise agreed by SAP in writing in the applicable Order Form. The only Named User types authorized to use Legacy SBOP licensed for Standalone Use are SAP Application Standalone Business Analytics Professional User, SAP Application Standalone BI Limited User, or SAP Application Business Information Viewer User, and such Use shall be in accordance with each individual's respective Named User type (and subject to the applicable Licensed Level(s) for such Software).

- 1.3.3 **Restricted License.** If Licensee acquired the Software bundled or otherwise provided in combination with or for use with a third party product ("OEM Application") from a third party, Licensee has acquired a Restricted License. Licensee may use each licensed copy of the Software only in conjunction with the OEM Application with which it was provided. Accessing data that is not specifically created or necessary to enable the functionalities of the OEM Application is in violation of this license. If the OEM Application requires the use of a data mart or data warehouse, the OEM Application may be used with the data mart or data warehouse only to access data created or necessary to enable the functionalities of the OEM Application. Restricted Licenses may not be combined or used with unrestricted licenses.
- 1.3.4 **Subscription License.** Unless otherwise agreed in writing between the parties, if the Software is licensed on a subscription basis, Licensee is granted a non-exclusive and non-transferable license to use the Software for a twelve-month term, renewable annually at Licensor's then current rate or such other term as mutually agreed in writing by the parties.
- 1.3.5 **Development License.** Unless otherwise agreed in writing between the parties, if Licensee receives a development license, you may use the number and type of licenses acquired only to develop or test such developments. A development license cannot be used in or transferred to a production environment.
- 1.3.6 **Update License.** Unless otherwise agreed in writing between the parties, if you receive the Software as an update to a previously licensed product, your license to use the Software is limited to the aggregate number of licenses you have acquired for the previous product. If you choose to use the Software and the previous product simultaneously, the aggregate number of licenses used to access the Software and the previous product may not exceed the aggregate number of licenses you acquired for the previous product.
- 1.3.7 **Promotional License.** Unless otherwise agreed in writing between the parties, if you received the Software as a special offer or promotional license ("Promotional License"), you may only use the Promotional Licenses with a new Deployment. Promotional Licenses may not be added to or used with an existing Deployment or Project.
- 1.3.8 **Evaluation/Not for Resale License.** Unless otherwise agreed in writing between the parties, an Evaluation or Not for Resale License may be used only for the number and type of licenses specified and for the period specified on the Software packaging, ordering or shipping documentation. Upon expiration of such specified period, the Software associated with an Evaluation or Not For Resale license will not function unless Licensee has obtained applicable permanent license keys. If the ordering or shipping documentation specifies a particular project, the Software may be used only with that project. An Evaluation License may only be used for evaluation purposes and may not be used for production purposes. Notwithstanding any other provision of this Agreement, Software provided under an Evaluation or Not for Resale License are provided "AS-IS" without warranty of any kind, express or implied. An Evaluation License or Not for Resale License may be terminated by SAP upon written notice at any time.
- 1.3.9 **SAP Business One Software.** Additional terms and conditions related to the licensing of SAP Business One Software, including applicable Metrics and Package restrictions, are stated in Exhibit 6. Use of third party database products with SAP Business One may be subject to additional terms and conditions required by SAP's suppliers. Such additional terms and conditions are set forth in Exhibit 4, "Pass-Through Terms for Third Party Databases."

## **2. METRICS**

### **2.1 Named User Principles and Metrics**

- 2.1.1 **Named User Principles.** Except as otherwise specifically provided in Sections 1.3.2 , 2.4.1 and 3 hereof with respect to applicability of Named User Licenses, only appropriately licensed Named Users may Use a Package, and such Use shall be subject to the "Named User License" and the "Package License", and be otherwise in accordance with the terms of the Agreement, unless otherwise set forth in Exhibit 3 hereto. The transfer of a Named User License from one individual to another may only be done in if the individual to which the Named User License is assigned (i) is on vacation, (ii) is absent due to sickness, (iii) has his/her employment terminated, (iv) is moved into a new job function which no longer requires him/her to Use any Packages or (v) is subject to a condition that is otherwise agreed by SAP.
- 2.1.2 **Important Note for Licensees with Contracts from June 2014 and earlier.** Such Licensees may have licensed one of the following previous user types: mySAP.com Users, SAP Business Suite Users, SAP ERP Users, Individual SAP solutions Users, SAP Application Users, SAP BA&T Users.

Licensees that have already licensed one or several of the above user types are permitted to license additional quantities of the same user types. Such Licensees are not permitted to license SAP Named Users within their existing license contract.

### **2.1.3 Named User Metric – Categories, Types and Corresponding Definitions.**

Named User Metrics, including categories, types and corresponding definitions, are stated in Exhibit 2, which is incorporated herein by reference.

### **2.1.4 Named User Exceptions:**

#### **2.1.4.1 Suppliers**

When accessing the following SAP Software Packages, suppliers do not require Named User licenses: SAP Extended Sourcing, SAP Extended Procurement, SAP Supplier Self Services, SAP Supplier Lifecycle Management, SAP SRM Rapid Deployment Edition, SAP Supplier Collaboration, SAP Customer Collaboration, SAP Outsourced Manufacturing, SAP Trade Promotion Planning for Consumer Products, SAP Trade Promotion Execution for Consumer Products, SAP Trade Funds and Claims Management for Consumer Products, SAP Subcontractor Management for Consumer Products, SAP Procurement for Public Sector, SAP Supplier Relationship Management & Logistics for Health Care.

#### **2.1.4.2 Business Partners:**

When accessing the following SAP Software Packages, Business Partners do not require Named User Licenses:, SAP Contract Lifecycle Management.

#### **2.1.4.3 Customers:**

When accessing the following SAP Software Packages, customers do not require Named User Licenses: SAP Bill-To-Cash Management for Energy Utilities, SAP Bill-To-Cash Management for Water Utilities, SAP Bill-To-Cash Management for Waste and Recycling.

#### 2.1.4.4 Employees:

When accessing the following SAP Software Packages, Employees do not require Named User Licenses: SAP IT Service Desk Operation, SAP Workforce Management for Retail.

#### 2.1.4.5 Appraisers:

When accessing the following SAP Software Package(s) appraisers do not require Named User Licenses: SAP Supplier Lifecycle Management.

#### 2.1.4.6 Consumers/Constituents:

Individuals who are not employees of Licensee or Licensee's Business Partners and who purchase or receive goods and/or services from Licensee do not require Named User licenses unless otherwise set forth herein.

### 2.2 **Package Principles and Metrics**

2.2.1 **Package Principles.** Each Package is licensed based upon the Metric applicable to it, and in no case may Use of a Package exceed the License Level for which the Package is licensed.

2.2.2 **Package Metrics – Types and Corresponding Definitions.** Package Metrics, including types and corresponding definitions, are stated in Exhibit 2, which is incorporated herein by reference.

### 3. **PACKAGE SPECIFIC TERMS / USE RULES**

3.1 **Package Licenses.** A Package License for any Package referenced in Exhibit 3 shall include, and be subject to, the specific terms / Use rules applicable to such Package as outlined in Exhibit 3, which is incorporated herein by reference.

3.2 **Applicability.** This Section 3.2 applies to any Package (including, without limitation, databases) licensed pursuant to an Order Form and identified as a Third Party Software (including databases) in such Order Form (as used herein, "Third Party Software Package") and control over any conflicting terms set forth in the Agreement. All Third Party Software Packages are restricted for Use solely in conjunction with the particular Package intended by SAP to be used therewith or with which SAP provides the Third Party Software Package, and Third Party Software Packages may not be used with any other Package, or on an individual basis. Unless otherwise specifically provided in Section 3 of the Use Terms, any Use of the Third Party Software Packages (whether productive or non-productive) shall count against the Licensed Level for any applicable Metric.

#### 3.2.1 **Exceptions from GTC for Third Party Software Packages.**

3.2.1.1 Section 6.3 (Modification / Add-on) of the GTC shall not apply to any Third Party Software Packages unless otherwise set forth herein. Licensee shall not make Modifications or Add-ons to Third Party Software Packages, or otherwise modify Third Party Software Packages unless expressly authorized by SAP in writing.

3.2.1.2 **Limitation of Liability.** ANYTHING TO THE CONTRARY HEREIN NOTWITHSTANDING, WITH RESPECT TO ANY AND ALL CLAIMS AND DAMAGES OF ANY KIND OR NATURE IN ANY WAY ARISING FROM OR RELATED TO THE THIRD PARTY SOFTWARE LICENSED PURSUANT TO AN ORDER FORM REFERENCING THESE USE TERMS, UNDER NO CIRCUMSTANCES SHALL SAP OR ITS LICENSORS BE LIABLE TO EACH OTHER OR ANY OTHER PERSON OR ENTITY FOR AN AMOUNT OF DAMAGES IN EXCESS OF THE PAID LICENSE FEES FOR THE APPLICABLE THIRD PARTY SOFTWARE DIRECTLY CAUSING THE DAMAGES OR BE LIABLE IN ANY AMOUNT FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL, OR INDIRECT DAMAGES, LOSS OF GOOD WILL OR BUSINESS PROFITS, WORK STOPPAGE, DATA LOSS, COMPUTER FAILURE OR MALFUNCTION, OR EXEMPLARY OR PUNITIVE DAMAGES.

### 3.3 **Databases**

3.3.1 If a runtime database is licensed and the Order Form does not exclude any Packages licensed thereunder from such runtime database license, then the following terms shall govern Licensee's Use of such runtime database:

3.3.1.1 Licensee may only Use the runtime database licensed pursuant an Order Form referencing these Use Terms in conjunction with its Use of the Packages licensed pursuant to such Order Form. In the event Licensee Uses the licensed runtime database other than as specified in this paragraph, a full use license, including programming tools, must be licensed directly from an authorized vendor.

3.3.2 If a runtime database is licensed and the Order Form excludes certain Software Packages licensed thereunder from such runtime database license ("Excluded Components"), then the following terms shall govern Licensee's Use of such runtime database:

3.3.2.1 Licensee may only Use the runtime database licensed pursuant an Order Form referencing these Use Terms in conjunction with its Use of the Packages licensed pursuant to such Order Form that are not Excluded Components. In the event Licensee Uses the licensed runtime database other than as specified in this paragraph, a full use license, including programming tools, must be licensed directly from an authorized vendor.

3.3.2.2 The Excluded Components may require a database product. Respective to the Excluded Components: (i) neither the Order Form nor the Agreement contain a license to use any database product, even where integrated or pre-installed as part of the Excluded Components; (ii) each database product is subject to its respective vendor license agreement; (iii) SAP makes no representations or warranties as to the terms of any license or the operation of any database product obtained directly from a third party vendor; and (iv) Licensee is responsible for support and maintenance of any database product obtained from a third party vendor, and SAP has no responsibility in this regard.

3.3.3 If a runtime database is not licensed, then the following terms shall apply:

3.3.3.1 The Packages licensed pursuant to an Order Form referencing these Use Terms may require a database product. Respective to such Packages: (i) neither the Order Form nor the Agreement contain a license to use any database product, even where integrated or pre-installed as part of such Software and/or third party software; (ii) each database product is subject to its respective vendor license agreement; (iii) SAP makes no representations or warranties as to the terms of any license or the operation of any database product obtained directly from a third party vendor; and (iv) Licensee is responsible for support and maintenance of any database product obtained from a third party vendor, and SAP has no responsibility in this regard.

3.3.4 **Database Deployment And Communication Rights And Restrictions (Segregated Database Landscape):** The following shall apply where Licensee: (a) licenses a TPD (as defined below) for Use with some, but not all, SAP Software Packages(s) and/or Named User(s) that are SAV relevant for such TPD; and/or (b) licenses a TPD and any Package(s) having "S/4 HANA" in the Package name or otherwise identified in the Agreement as an "S/4 HANA" Package.

3.3.4.1 Notwithstanding anything to the contrary in the Agreement, where some of the Software and third party software (excluding “TPD” as later defined) licensed under the Agreement (“SW”) is licensed for Use with a third party runtime database also licensed under the Agreement (“TPD”), and some SW is not licensed for Use with such TPD, then the following deployment and communication rights and restrictions shall apply:

(a) **Deployment Rights & Restrictions.** As referenced herein, “Technical Installation” means a deployment of SW running on a unique database instance. Subject to any applicable SAP database license fees and Section 1.5 (S/4HANA Packages) of this SUR, SW licensed for Use with such TPD can be deployed in any of the following “Installation Types”:

- (1) “Type 1 Installation” means any Technical Installation upon which all SW deployed is licensed for Use with, and is running on, such TPD;
- (2) “Type 2 Installation” means any Technical Installation upon which all SW deployed is licensed for Use with, but is not running on, such TPD; and,
- (3) “Type 3 Installation” means any Technical Installation upon which none of the SW, or only a portion of the SW, deployed is licensed for Use with such TPD, and therefore a TPD is not deployed and/or running.

SW not licensed for Use with a TPD can only be deployed in Type 3 Installations and is subject to any applicable SAP database license fees. The Technical Installation(s) for each Installation Type must be separate from the Technical Installation(s) used for other Installation Types.

(b) **Installation Communication Rights and Restrictions.**

(1) **Between Type 1 Installation and Type 2 Installation.** Bi-directional communication (including data transfers) shall be permitted between SW and/or TPD in Type 1 Installations and SW in Type 2 Installations.

(2) **Between Type 1 Installation and Type 3 Installation.**

(A) **Database Level Communication.** Communication (including data transfers) at the database level shall be limited to a one-time productive transfer of data (“Initial Data Load”) directly from TPD in Type 1 Installation to SAP HANA Software in Type 3 Installation. For purposes of clarification, unlimited transfers of data directly from TPD in Type 1 Installation to SAP HANA Software in a separate, non-productive Type 3 Installation shall be permitted prior to conclusion of the Initial Data Load.

(B) **Application Level API Communication.** Bi-directional communication (including data transfers) occurring via “Application Level APIs” is permitted. “Application Level APIs” are those application programming interfaces delivered as part of the licensed SW, excluding all application programming interfaces/technologies when such interfaces/technologies are used to communicate with and/or replicate data at a database level.

(3) **Between Type 2 Installation and Type 3 Installation.**

(A) **SAP HANA Level Communication.** Communication (including data transfers) at the SAP HANA Software level shall be limited to one-way transfers of data directly from SW in Type 3 Installations to SAP HANA Software in Type 2 Installations.

(B) **Application Level API Communication.** Bi-directional communication (including data transfers) occurring via Application Level APIs is permitted.

(4) Other than those database level communication (including data transfer) rights permitted in Sections (b)(1) and (b)(2)(A) above, all communication (including data transfers) between any technology and any TPD must occur exclusively through Application Level APIs and not directly with such TPD.

### 3.3.5 **Standalone Use for Third Party Databases**

If an Order Form referencing these Use Terms includes a Standalone Use restriction, then the following terms shall apply:

3.3.5.1 The Packages licensed pursuant to an Order Form referencing these Use Terms may require a database product. Respective to Packages: (i) neither the Order Form nor the Agreement contain a license to use any database product, even where integrated or pre-installed as part of such Software and/or third party software; (ii) each database product is subject to its respective vendor license agreement; (iii) SAP makes no representations or warranties as to the terms of any license or the operation of any database product obtained directly from a third party vendor; and (iv) Licensee is responsible for support and maintenance of any database product obtained from a third party vendor, and SAP has no responsibility in this regard.

### 3.3.6 **Pass-Through Terms**

Use of third party database products and directories may be subject to additional terms and conditions required by SAP’s suppliers. Such additional terms and conditions are set forth in Exhibit 4, “Pass-Through Terms for Third Party Databases” and Exhibit 5 “Pass-Through Terms for Directories,” respectively.

### 3.4 **Open Source Software**

Applicable specific conditions related to certain open source products made available by SAP are part of the applicable product documentation and/or delivered with the Software as a “README” file and apply to Licensee’s use of any such open source products. The definition of open source can be found under [www.opensource.org/](http://www.opensource.org/).

### 3.5 **SAP Best Practices**

Software Packages may be delivered with settings and master data that have been pre-configured to address generalized requirements of a specific industry sector or country (SAP Best Practices).

It is Licensee’s responsibility to determine the feasibility of using SAP Best Practices as a basis for its own customizations and parametrizations of the SAP Software in a productive environment.

### 3.6 **SAP Tools**

The Software, particularly the ABAP Workbench and SAP NetWeaver, contains software tools. Licensee may only use these tools to program Modifications or to create Add-ons to the SAP software in accordance with the Agreement. The tools may not be transferred, either in whole or in part, into modified or created software.

### 3.7 **Function Modules**

The Software may contain function modules, which are stored in a function library. Some of these function modules carry a release indicator for transfer into modified or newly created software. Only these function modules may be transferred by the Licensee into Modifications or Add-ons to the software. The function modules may not be modified or decompiled unless otherwise permitted under the Agreement.

**Exhibit 1 - Legacy SBOP Software**

**Legacy SBOP**

<b>Business Intelligence</b>
SAP BusinessObjects BI Starter Package
SAP BusinessObjects BI Package (CPU)
SAP BusinessObjects BI Package (user)

## **Exhibit 2 - Named User Metrics and Package Metrics**

### **SAP Named User – Cross Line Of Business**

**SAP Developer User** is a Named User authorized to access the development tools provided with the licensed Software for the purpose of making Modifications and/or Add-ons to the licensed Software. The SAP Developer User also includes the rights granted under the SAP Employee User.

**SAP Learning User** is a Named User solely authorized to access the specified learning solutions on SAP's price list, provided that those learning solutions are licensed.

**SAP Professional User** is a Named User authorized to perform operational related and system administration / management roles supported by the licensed Software (excluding SBOP) and also includes the rights granted under the the SAP Project User, SAP Logistics User, SAP Industry Portfolio User, SAP Retail User, SAP Worker User, SAP Healthcare User and SAP Business Partner User.

**SAP Project User** is a Named User authorized to perform one or more of the following roles supported by the licensed Software (excluding SBOP): (i) project management, including project-related resource management, project-related creation, change and display of quotation, order and billing in SAP ERP, accounting on individual projects, creation of project-related purchase requests, purchase orders and service entry sheets, (ii) product and project related reporting, (iii) managing project-related revenues and expenses (iv) viewing Accounts Receivable (A/R) General Ledger (G/L) postings, (v) controlling access and releasing product data and recipes in collaborative product development scenarios, (vi) viewing and approving changes through engineering records, (vii) managing change through engineering records, (viii) collaborating in cFolders and , (ix) interfaces to 3rd party authorized authoring tools. The SAP Project User also includes the rights granted under the SAP Manager Self-Service User.

### **SAP Named User – Line Of Business**

**SAP Employee User** is a Named User authorized to perform the following roles supported by the licensed Software (excluding SBOP), all solely for such individual's own purpose and not for or on behalf of other individuals: (i) Use (excluding the right to modify and/or customize) standard and interactive reports related to those SAP Employee User's tasks listed in this definition only, and delivered with the licensed Software, (ii) travel planning / expense reporting self-services, (iii) perform procurement self-services, and (iv) room reservation self-services. The SAP Employee User also includes the rights granted under the SAP Learning User and the SAP Employee Self-Service User.

**SAP Employee Self-Service User** is a Named User authorized to perform the HR self-services role of (i) employee time and attendance entry, (ii) employee appraisals, (iii) talent and skill profiles, and (iv) profile match up supported by the licensed Software (excluding SBOP), all solely for such individual's own purpose and not for or on behalf of other individuals. The SAP ESS User also includes the rights granted under the SAP Employee Self-Service Core User.

**SAP Employee Self-Service Core User** is a Named User authorized to perform the following HR self-services roles supported by the licensed Software (excluding SBOP), all solely for such individual's own purpose and not for or on behalf of other individuals: (i) employee records maintenance, (ii) employee directory, (iii) benefits and payment, (iv) leave management and (v) E-Recruiting. Further, an SAP Employee Self-Service (ESS) Core User is also authorized to access "Non-SAP Content" that resides on Licensee's "SAP Portal", so long as accessing such Non-SAP Content does not require or result in any Use of the licensed Software (beyond access to such Non-SAP Content as it resides on Licensee's SAP Portal). As used in this ESS Core User definition, (i) "Non-SAP Content" means information created through no Use of the licensed Software and (ii) "SAP Portal" means any portal created by Licensee Using SAP Enterprise Portal Software (as provided with the licensed SAP NetWeaver Software) which provides appropriately licensed Named Users a common access point by which to Use licensed SAP Software.

**SAP Logistics User** is a Named User solely authorized to perform following tasks for the applicable licensed Software (excluding SBOP):

- **Transportation Management:** To look up a freight contract, tracking a certain shipment and similar activities, update master data (rates, lanes, locations), manage transportation request entries, transportation planning, responding to RFP (request for proposal) for viewing and confirmation of events, charge calculation verification and similar activities.
- **Warehousing:** To confirm goods receipts and put away, deconsolidate goods upon receipt, pick at pick points, manage stock movements including replenishment, perform production staging and enter physical inventory counts, packing, or confirming VAS (value added services) and perform scheduling activities for dock door appointments. The SAP Logistics Users may access the Software through radio frequency mobile devices.
- **Track and Trace:** To view a serialized and/or any tracked object, such as querying its current or past location or ascertaining product genealogy; to access product traceability solutions, to report goods movement or view traceability reports, To view the status of defined supply chain events, expected or unexpected, e.g. delayed shipment of a sales order, change to a purchase order confirmation and to perform confirmation of or changes to supply chain events, e.g. update a change to a production order date or quantity.

For Licensee employees, the SAP Logistics User also includes the rights granted under the SAP Employee User

**SAP Worker User** is a Named User working in Licensee's production facilities or as a maintenance worker who is solely authorized to perform one or more of the following roles supported by the licensed Software (excluding SBOP): (i) display work instructions, and document activities and operations, (ii) confirm goods receipts, goods issues, stock movements and completion confirmations into maintenance work orders, (iii) enter production order confirmations, (iv) record product or production information, e.g. quality inspection results or plant/process/equipment data, (v) enter production issues and related service requests, (vi) submit purchase requisitions for tools, spare parts for production equipment, etc. (vii) confirm maintenance notifications, (viii) enter service requests and service entry sheet, (ix) any maintenance activities, reporting or dash-boarding related to the items set forth above. The SAP Worker User also includes the rights granted under the SAP Employee User.

**SAP Business Partner User** is a Named User who is an employee of a Business Partner accessing the licensed Software (excluding SBOP) solely to perform operational related tasks within standard business-to-business scenarios.

**SAP Manager Self-Service User** is a Named User authorized to perform one or more of the following manager self-services roles: (i) request administrative changes using processes and forms contained within Human Capital Management, (ii) create requisition requests and candidate assessments, (iii) perform talent assessments and appraisals, (iv) plan and approve compensation, (v) view budget overviews, (vi) organize project management tasks, (vii) perform planning tasks, (viii) approve travel requests and expenses, and (ix) perform HR and procurement workflow tasks related to the manager's direct report or business unit/department.

These roles must be directly related to the employees and business unit/department for which the manager is responsible, supported by the licensed Software (excluding SBOP), and related to Human Capital Management only. The SAP Manager Self-Service User also includes the rights granted under the SAP Employee User.

### **SAP Named User - Industry**

**SAP Health Care User** is a Named User who is an employee of Licensee in hospital wards or outpatient clinics who is solely authorized to perform patient care related roles (excluding patient administration, billing, coding and call center roles) supported by the licensed Software and is solely authorized to

access directly and indirectly the specified industry packages for Healthcare on SAP's price list, provided that those packages are licensed by Licensee. The SAP Healthcare User is not entitled to access other SAP solutions or solution components.

**SAP Industry Portfolio User** is a Named User solely authorized to access the specified industry packages on SAP's price list, provided that those packages are licensed. The SAP Industry Portfolio User is not entitled to access other SAP solutions or solution components. The SAP Industry Portfolio User also includes the rights granted under the SAP Employee User.

External business partners in the industries Insurance, Media and Automotive collaborating with the Licensee need to be licensed as SAP Industry Portfolio Users. Those business partners are not entitled to access other SAP solutions or solution components besides the specified industry packages.

**Cerner i.s.h.med User** is a named user who solely has access to Cerner i.s.h.med from SAP functionality and is given access to Cerner i.s.h.med from SAP through appropriate authorizations. Cerner i.s.h.med Users are not entitled to access any other SAP solution or solution component in particular they are not authorized to access any functionality of the SAP Patient Management industry package.

**SAP Retail User** is a Named User working in Licensee's retail store as an associate who is solely authorized to perform non-managerial retail store / point-of-sale related roles supported by the licensed Software (excluding SBOP) and also includes the rights granted under the SAP Employee User.

#### **SAP Named User - Platform User**

**SAP Platform User** is a Named User authorized to Use licensed Software through a separate SAP, Partner, or customer application that connects to and/or communicates with SAP Software through published SAP application programming interfaces.

**SAP Platform User for Productivity Apps** is a Named User authorized to Use licensed Software solely through one or more Productivity App(s).

### **Remaining Metrics**

#### **REMAINING METRICS - A**

##### **Assets**

**Assets** are master records defined for pieces of equipment that the customer has identified in their system, as being critical to their operations that will be modelled and monitored by the software. An equipment master record can be configured as a single item (e.g. a crane), or as a "multi-part equipment" (which could have, e.g., 100 drilling machines in inventory), in both cases only one equipment master record is counted for pricing.

**Assets under management** of the insurance company which uses the product is the sum of all relevant financial assets as disclosed in the latest annual statement of the legal entity in a fiscal year.

If the customer does not disclose a comprehensive annual statement, the customer will report on an annual basis the respective information to SAP.

If the product shall be licensed only for a subdivision of the insurance company the respective license contract requires an explicit definition.

For non-Insurance companies, the revenue of the company should apply as the basis for the calculation of the price.

*For SAP Leasing for Banking:*

**Assets under management** represent (i) the book value / amount financed of capital or financed leases including residuals whether owned or managed for others (ii) the book value of assets on operating lease contracts owned or managed for others (iii) the book value of loans and other receivables (iv) the book value of assets intended for leasing business (v) the value of related services over a prior consecutive 12 months period.

#### **REMAINING METRICS - B**

**Barrel of Oil Equivalent per Day (BOEPD)** Barrel of Oil Equivalent per Day (BOEPD) is a unit of measure used in the oil and gas industry that allows aggregating the produced, scheduled or sold quantities of hydrocarbons from both conventional and unconventional sources over the prior 12 month consecutive months or, where historical data is not available, over the planned or estimated future 12 months. For example, while gas production is generally measured as a volume per time period such as cubic meter per day, it needs to be converted into its equivalent in barrels of oil in order to determine the total quantity of oil & gas produced in consistent measurements. The conversion to BOEPD can be accomplished by using one of the calculators at:

<http://www.rigzone.com/calculator/default.asp>

<http://www.bp.com/en/global/corporate/about-bp/energy-economics/statistical-review-of-world-energy/using-the-review/Conversionfactors.html>

*For SAP Upstream Contracts Management for O&G and for SAP Upstream Operations Management for O&G:*

BOEPD represents hydrocarbons produced. If pricing cannot be based on BOEPD produced (new ventures with no crude or gas production), the planned or estimated production of the venture shall apply.

*For SAP Upstream Production Management for O&G, US Production:*

BOEPD represents produced only the hydrocarbons produced in the USA.

*For SAP Hydrocarbon Supply & Primary Distribution for O&G and SAP Bulk Fuel Management:*

BOEPD represents only the scheduled/planned hydrocarbons.

*For SAP Secondary Distribution Management for O&G*

BOEPD represents only the sold/transported hydrocarbons.

For LPG bottled gas the conversion from tons of LPG to barrels is described on the BP calculator <http://www.bp.com/en/global/corporate/about-bp/energy-economics/statistical-review-of-world-energy/using-the-review/Conversionfactors.html> and 1 ton of LPG = 11,6 barrels.

*For SAP Retail Fuel Network Operations for O&G*

BOEPD represents only the sold hydrocarbons.

*For SAP Hydrocarbon Management for O&G:*

BOEPD represents only the sold hydrocarbons

## Budgets

**Public sector spend budgets** are the annual budgets as published records of budget year procurement obligations.

**Total annual budgets** are the total annual public sector budgets of the SAP customer (i.e. agency, institution, program or department) based on current budget period.

## Business Partners

**Business Partners** are natural persons, a group of persons, or a legal entity that has any kind of a business relationship with a company or a public sector agency. The number of Business Partners counted for pricing the solution is limited to the context of the Software being licensed.

*For SAP Demand Side Management for Energy Utilities,*

Business partners stored in the system that have applied for or enrolled in a Demand Side Management (DSM) program are counted.

*For online application submission management*

Business partners is defined as:

- **For Public Sector customers** as citizens
- **For banking customers** as the number of customers with financial transactional data within the last 2 years.
- **For insurance customers** as the number of insureds

## REMAINING METRICS - C

### Calls

**Calls** are the number of incoming messages per year.

**External service calls** are HTTP requests per calendar year which are processed by SAP NetWeaver Gateway Server. Metadata requests and requests from SAP Software that contains SAP NetWeaver Gateway runtime software are not counted.

### Capacities

**Installed capacities** are the designed production capacities of a power plant. For a power plant both the electrical power as well the thermal power has to be considered. The installed capacity is measured in units of 1 GW (Gigawatt).

### Capitals

**Risk-provisioning relevant capitals** are balance sheet positions of:

- loans and advances to customers and banks; and
- Financial investments at amortized cost

### Cash Flows

**Cash flows** are the total number of cash flow transactions (payment or receipt) processed by the application per day. (Note that for receipts there would usually be two cash flow transactions, i.e. expected receipt and actual receipt). The max. number of cash flows per day is the basis for the measurement.

### Chips

**Chips** are individual electronic circuitries containing one or more Cores, usually on a silicon wafer.

### Citizens

**Citizens** are defined as a native or naturalized members of a political community.

### Contacts

**Contacts** are number of unique records of customers, prospects, employees, business partners, constituents and/or commission recipients within the context of the Software.

### Contracts

**Contracts** are the contracts (used in all functions including procurement, sales, legal, partner management, HR, real estate, and all other functions of the organization.) the company plans to address within the application.

**For Utility Industry:**

**Contracts** are agreements between a utility company and a business partner to provide services to the business partner. Thereby a separate contract has to be set up for each service provided, for which the utility company has a legal contract with its customer (e. g. a utility company provides a business partner with electricity, area lighting, gas, and district heating, thus four separate contracts have to be set-up). All contracts stored in the system with an ending date later or equal to the system date are taken into consideration.

For the sectors below the following division categories of the SAP Utilities system need to be considered:

- Energy:
- Electricity
- Gas
- District heating
- Mutual help
- For all sectors
- Water:
- Water
- Waste Water
- Waste & Recycling:
- Waste Management

*For Banking Industry:*

**Contracts** are made by a bank with natural persons (retail) or legal persons (commercial). A contract can be e.g. an account, a term deposit, a loan, an OTC-derivative, an FX forward, a money market transaction or a position in exchange-traded instruments. Accounts and loans managed in external systems, included in a master contract, part of a collateral agreement or set-up for tax calculation are to be taken into account. In the context of refinancing, only managed contracts classified as available assets are to be licensed.

Contracts include:

- loans or mortgage products
- deposits, savings or current accounts (including internal accounts)
- Derivatives, which are financial instruments whose value is based on another security
- Securities transactions, e.g. spot plus forward deals, money marked/foreign exchange transactions, etc.
- Contracts for leasing are operational, finance, capital leases, hire purchases, loans and/or other contracts which are processed in the solution
- Contracts for refinancing can additionally be credit cards, drawings in a syndicate loan or trade receivables.

*For SAP Hybris Billing, subscription order management:*

**Contracts** are an agreement between the customer and the provider for the access to or use of a service provided under certain terms and conditions. One customer could have one or several contracts for different or similar services. In a bundle, every included main service counts as 1 contract. Example in a B2C use case: for a telecoms triple play bundle with mobile, internet broadband and IPTV services, 3 contracts would be counted separately. Example in a B2B use case: with a Master Business Agreement every subscription of a related sub-contract with an employee would be counted separately.

## Cores

**Cores** are the number of cores in CPUs that are available for use by the licensed software. The number of Core licenses must be an integer. When counting physical Cores, each Core of a physical CPU that runs at least parts of the licensed software, including those that are temporarily assigned or scheduled to cover peak processing, is considered and counted.

When counting virtual Core's, each virtual Core that runs at least parts of the licensed software, including those that are temporarily assigned or scheduled to cover peak processing, is counted.

If the licensed Software will run in a pure virtual environment, physical Cores will not be counted. For purposes of clarification, "Core" as defined in this metric definition is different from "core" as referenced in the metric definition for any Software licensed on a CPU basis (if any), and therefore is not applicable in that context.

## Costs

**Asset retirement obligation cost estimations** are the volume of the cost estimations which are handled in the solution.

The cost estimation volume is equal to the total of the settlement values (expected costs at the estimated retirement date) of all cost estimation items of the cost estimation plans of all asset retirement obligations, which are handled by SAP Asset Retirement Obligation Management. If the customer is using more than one accounting principle, the cost estimation volume is calculated separately for every accounting principle. The maximum of these values will be used for pricing. The cost estimation volume is determined based on the volume, which is valid at the fiscal year end date. Only asset retirement obligations, which are active at this date, will be considered.

**Costs of goods sold** are all expenses directly associated with the production of goods or services the company sells (such as material, labor, overhead, and depreciation) annually. It does not include selling, general and administrative expenses or research & development. If cost of goods sold is unknown then it shall be equal to 70% of total company revenue.

*For Service Parts Planning:*

**Costs of goods sold** refers to the inventory value for the service parts business.

**CPUs** are the central processing units ("CPU") that runs at least parts of the licensed Software.

When the Software or Third Party Software is licensed on a CPU basis, any server or computer on which the Software or Third Party Software is installed may not exceed the aggregate number of CPU licensed. A multi-core chip CPU with N processor cores shall be counted as follows: the first processor core in each processor shall be counted as 1 CPU, and each incremental processor core in such processor shall be counted as 0.5 CPU, and then the total CPU count will be rounded to the next whole number (the "CPU Calculation"). See Example 1 below for an illustration of the application of this licensing requirement.

Software based on a CPU license metric basis licensed by Licensee on or after July 1, 2009 (the "Qualified Software") will contain Virtualization Rights (defined below). Virtualization Rights are not applied to Software licensed prior to July 1, 2009 or upgrades and updates thereto subsequently made available to Licensee pursuant to Support Services. Licensee may not combine licenses having express Virtualization Rights with licenses not having express Virtualization Right in a single Deployment.

In the event that Licensee employs industry standard tools and methodologies enabling Licensee to logically partition or pool its processing power, Licensee may install the Qualified Software on servers or computers consisting of a number of physical CPUs greater than the number of CPUs licensed hereunder provided that Licensee shall configure such servers or computers in a manner such that the total number of CPUs (or total number of virtual processor cores if virtualization software is implemented), or any portion thereof, made available to run the Qualified Software, or any portion thereof, does not exceed the number of CPUs licensed ("Virtualization Rights"). For the purposes hereof, a CPU (or virtual processor core) shall be deemed available to run the Qualified Software if such CPU (or virtual processor core) or any portion thereof is available to run the Qualified Software at any time for any purpose, including but not limited to permanent, temporary, scheduled, and on-demand availability. Under the Virtualization Rights, where virtualization software is implemented, only virtual processor cores made available to run the Qualified Software will be counted in accordance with the CPU Calculation. See Example 2 below for an illustration of the application of this licensing requirement.

Notwithstanding the foregoing, for Third Party Software licensed on a CPU basis, each processor core shall count as 1 CPU, and every CPU (whether used productively or non-productively) shall count against the CPU license level for such Third Party Software. Virtualization Rights do not apply to Third Party Software.

EXAMPLE 1: One quad core processor will count as 2.5 CPUs (or 1 CPU for the first core, plus 0.5 multiplied by 3 for the subsequent 3 cores) rounding up to 3 CPUs. Therefore, Licensee will be required to license 3 CPUs if the Software is installed on a quad core server. Another example may involve a server with three quad core processors. As illustrated above, each quad core processor will represent 2.5 CPUs. Three quad core processors will

total 7.5 CPUs (or 2.5 CPUs multiplied by 3) rounding up to 8 CPUs. Therefore, Licensee will be required to license 8 CPUs if the Software is installed on a server with 3 quad core processors.

**EXAMPLE 2 (Virtualization Rights):** A server has 16 physical dual core CPUs in a configuration where up to 4 virtual dual core processors are made available to run the Qualified Software. In this case, each virtual dual core processor will count as 1.5 CPUs (or 1 CPU for the first core, plus 0.5 for the second core). Four virtual dual core processors will total 6 CPUs (or 1.5 CPUs multiplied by 4). Therefore, Licensee will be required to license 6 CPUs under this virtualization configuration.

## REMAINING METRICS - D

### Database Sizes

**Gigabyte database sizes** are database sizes of the productive systems and are calculated individually for each system (i.e., each ERP, BI and CRM system).

**1.5 Terabyte accumulated database sizes** are the database sizes of all productive SAP systems where the customer uses SAP Landscape Transformation.

### Data Streams

**Data Streams** are tags or modules that are created and exist in PI System landscape, and used to setup, configure or store data points or data structures.

*For SAP Predictive Maintenance and Service on-premise edition,*

A data stream is defined as a measuring point /sensor tag defined in the metric store of the PdMS application. Virtual data streams (calculated health scores) are also considered data streams. Data streams without any measurement data are defined as inactive and are not considered as data streams. For each device working with error codes, one additional data stream per device will be added.

### Devices

**Devices** are any piece of equipment or hardware and include but are not limited to: a workstation, terminal, point of sale terminal, notebook, handheld, tablet, PDA, smartphone, internet connected television, scale devices, devices installed in a vehicle (on-board units) or other networked devices. The application itself defines the type of devices that are used and therefore counted for the price list item (e.g., Sybase SQL Anywhere Database for Use with SAP POS for Retail devices are defined as those devices accessing data from SQL Anywhere Database or e. g. SAP Mobile Order Management devices are all devices installed as on-board units in a vehicle).

*For SAP Customer Checkout,*

**Devices** are devices, or mobile devices for mobile point of sales applications or mobile devices for merchandise applications or scale devices for scale applications.

**IoT-Device** refers to a uniquely identifiable object and their virtual representation in the IoT-Core and has a device ID allocated.

**IT devices** are elements that are actively recognized by the SAP IT Infrastructure Management Software in the network or entered into the SAP IT Infrastructure Management configuration database.

**Hybris devices** are equipment or hardware in use by the Named Users to access data from the Hybris Commerce platform. A Hybris device can be defined as any piece of equipment or hardware; and includes, but is not limited to: a workstation, terminal, point of sale terminal, notebook, handheld, tablet, internet connected television or other networked device (for example store employees using a device – tablet, phone, workstation – to access web content to answer customer question ). Hybris devices would not include equipment or hardware used by End Customer to access Hybris commerce platform with limited access (for example customer placing online orders / accessing payment gateway and accessing catalogues on Hybris commerce platform).

### Documents

**Documents** are single instances of the output data files generated by the product.

**Public Documents** are defined as any object that can execute fully on the SAP BusinessObjects BI Platform. This includes: Web Intelligence document, Crystal Report, Explorer information space, Analysis for OLAP workspace, Dashboard, Design Studio template, Lumira document.

## REMAINING METRICS - E

### Electronic Ledger Master Records

**E-Ledger Master Records** are the ledger line items included on a journal ledger page that are transmitted to Turkish government authority.

### Employees

**Employees** are individuals, working for a company or legal entity that is licensing the functionality of the package, regardless of employment status (e.g. part time, full time, leave of absence or contract worker).

*For SAP Pension Administration (VADM) Germany Only*

Employees are individuals who get their pension payment as pension recipients, who are surviving dependents, or who are entitled to a pension equalization payment by the component Pension Administration.

**Full-time equivalents (FTE)** are employees who are employed by the licensed organization and non-employees who may be engaged on emergency related activities, either on a temporary or permanent basis and who are tasked, deployed or managed by the licensed organization for the purposes of disaster or emergency management.

*For DHPS HR and Logistics,*

FTE is the numbers of full time equivalents employed in the organization – including military and civilian personnel & reserve are calculated as

- For SAP Force Generation for Defense & Security:  
Weighted Size = Military Personnel x 1.0 + Reserve x 0.5 + Civilian x 0.5
- For SAP Force Deployment for Defense & Security:

Weighted Size = Military Personnel x 1.0 + Reserve x 1.0 (civilians are not considered)

## Enterprise Foundation

**SAP ERP Foundation Starter** comprises SAP ERP and five (5) SAP Professional Users.

## REMAINING METRICS - F

### Flat Fee

**Flat fee** is the fixed package license fee for the software.

**Annual Fundraising Income** means the annual amount of gross revenue raised by Licensee through fundraising efforts.

## REMAINING METRICS - G

### Gigabytes

Gigabytes (GB) refer to the storage capacity equivalent to 1024<sup>3</sup> bytes.

### GWh per year

**GWh per year** is defined as energy consumption in GWh per year. 1 GWh is the equivalent of 1,000,000 kWh. The kilowatt hour is most commonly known as a billing unit for energy delivered to consumers by electric utility or electric utilities. In gas industry kWh is used to describe the thermal energy being delivered to consumers. Physically, kWh describes a source of heat or power or as a raw material input to a manufacturing process.

Consumption of electric energy is measured by Wh (Watt x Hour). 1 kWh = 1000 Wh.

## REMAINING METRICS - H

None listed.

## REMAINING METRICS - I

### Installations

**Installations** are instances of the software installed at a designated device.

For SAP Fortify by HP, Installations is defined as a single deployable unit of software code consisting of a collection of source code, byte code or object code that delivers some or all of the functionality of a business application.

### Installed Capacities

**Installed Capacities** is defined as the total theoretical annual production capacity of all plants of an SAP Customer.

### Instances

**Instances** are unique connections to a single specified application or technology type.

### Invoices

**Invoices** are items that flow through the cockpit for reconciliation per year.

### Items

**Items** represent entities managed in the Software.

*For Extended Warehouse Management,*

Shipper Scenario - Items are delivery line items. A delivery is the documentation for a shipment sent from a warehouse location to a destination (customer or other plant/location). The items of the delivery are the unique material codes irrespective of quantity shipped under that delivery. The average per day is based on the active days over the period of one year.

Transit Warehousing scenario - In transit warehousing delivery line items are not used. For the transit warehousing scenario, ITEMS are the packaging items (Handling Units) moved through the system from origin to destination. The packaging items are counted only once in this process. The average per day is based on the active days over the period of one year.

## REMAINING METRICS - J

None listed.

## REMAINING METRICS - K

None listed.

## REMAINING METRICS - L

### Learners

**Learners** are individuals accessing the application and engaging in any learning services being processed by the application.

**External learners** are learners (non-customer employees) booking at least one course in a year.

### Licenses

**Concurrent access licenses** are the aggregated numbers of end users accessing the licensed Software at any one time. The number of users accessing the licensing Software may not exceed the number of Concurrent Access Licenses (CALs) the customer has obtained. CAL(s) are assigned to a particular Deployment, and may not be shared among different Deployments. When using Concurrent Access licenses, customer may not utilize a program or system to cache or queue report requests.

**Important note:** This pricing metric is only available through BusinessObjects Value Added Resellers.

## Locations

**Location** is to be defined as a single Foreign Trade Zone or sub-zone set up in the GTS system with a unique Zone ID.

**Base & remote locations** are central warehouses or distribution centers from which the remote locations are supplied with spare parts and materials. Offshore facilities (e.g. platforms) or remote on-shore facilities are examples for remote locations in the Oil & Gas industry. Mines or processing centres are examples for remote locations in the mining industry.

## REMAINING METRICS - M

### Memory

**Blade memory** is the memory size of the blade.

**Gigabytes of memory** are the total amount of memory that may be used by the HANA Software, as measured in gigabytes.

## REMAINING METRICS - N

### Net Property Plant & Equipment

**Net Property Plant & Equipment** are the values of the total properties, plants and equipment's as disclosed in the balance sheet insofar as processed by the SAP solution on a yearly base.

### Nodes

**Nodes** are servers or virtual machines running the SAP Vora or Hortonworks Data Platform.

- A server is a single piece of hardware that runs the software. A hardware partition or blade is considered a separate hardware system.
- A virtual machine is a software container that can run its own operating system and execute applications like a single physical machine.

## REMAINING METRICS - O

### Objects

**Database objects** are collections of intrinsic and/or customer-defined properties that are defined by a Palantir dynamic ontology and stored in or accessible by the Palantir system. "Objects represent entities (people, places, and things), events, and documents".

- Properties represent features or characteristics of objects. Different types of objects have different types of properties. For example, a person object might have an eye colour property and an event object might have a date property.
- Intrinsic properties are attributes that are inherent in objects and, unlike other object properties; you cannot add or remove them. For example, entities contain the intrinsic property Title, and events and documents contain the intrinsic properties Title, Date Begin, and Date End. You can see and change an object's intrinsic properties, and correlate them to data sources by using the Basic Info panel in the Browser's Properties view in Palantir Workspace.

**Master data objects** are master data objects stored in the SAP NetWeaver Master Data Management system and/or SAP Master Data Governance System.

- *For SAP Enterprise Master Data Management:* Master data objects are all master data objects stored in the SAP NetWeaver Master Data Management system, plus the total number of all master data objects stored in the SAP Master Data Governance system.
- *For SAP Master Data Governance, Financials:* Master data objects are the sum of financial objects (including, but not limited to, group accounts, operational accounts, cost elements, companies, profit centers and, cost centers with hierarchy nodes, consolidation groups and units, financial statement items) stored in the SAP Master Data Governance system. For avoidance of doubt, the financial accounts are only counted once, even if the accounts are used in multiple charts of accounts or financial statement versions. For example, if the company is reporting externally in US GAAP as well as IAS, each account is only counted once, not twice.
- *For SAP Master Data Governance, Supplier:* Master data objects are active supplier objects (vendors) stored in the SAP Master Data Governance system.
- *For SAP Master Data Governance, Customers:* Master data objects are active B2B customer objects stored in the SAP Master Data Governance system. Licensee may Use SAP Master Data Governance, Customers to store additional business partners if the partners represent B2B customers. Licensee may not Use SAP Master Data Governance, Customers to store additional business partners if the partners represent B2C customers.
- *For SAP Master Data Governance, Consumers:* Master data objects are active consumer type customer objects stored in the SAP Master Data Governance system. A consumer is a natural person or a group of persons (e.g. household) that has any kind of business relationship with a company, including, but not limited to, B2C customers, B2C contacts, and citizens. Licensee may Use SAP Master Data Governance, Consumers to store additional business partners if the partners represent B2C consumers. Licensee may not Use SAP Master Data Governance, Consumers to store additional business partners if the partners represent B2B customers.
- *For SAP Master Data Governance, Product:* Master data objects are active material objects (materials, products) stored in the SAP Master Data Governance system. Licensee may not Use SAP Master Data Governance, Product to store articles.
- *For SAP Master Data Governance, Custom:* Master data objects are master data objects stored in custom-build "Master Data Governance" systems that are not of type financials, suppliers, customers or materials. This is the sum of all user defined object of type things (articles, contract, location, asset, equipment, contract, etc.). A user defined object is created using the Master Data Governance framework.
- *For SAP Master Data Governance, enterprise asset management ext by Utopia:* Master data objects are master data objects stored in SAP EAM. This is the sum of all equipment and functional locations and MRO bill-of-materials.
- *For SAP Master Data Governance, retail and fashion management ext by Utopia:* Master data objects are the sum of all single articles, generic articles (excluding variants) as well as sets, lots and displays, which get put under the governance of the solution.

### Orders

**Orders** are externally created sales and service or purchase orders processed on a yearly base.

Externally created orders are those orders that are not entered by an Employee of the Licensee.

*For SAP Sales and Service Order Execution & SAP Sales and Service Order Execution for SAP S/4HANA:*

Orders are the number of sales and service orders processed annually.

*For SAP Purchase Order Execution & SAP Purchase Order Execution for SAP S/4HANA:*  
Orders are the number of purchase orders processed annually.

**Fleet planning orders** for Waste and Recycling are the number of orders processed by a service planner. The number of fleet planning orders per year is calculated as the sum of all Utilities contracts (Waste and Recycling) plus every block of 10 Waste orders in that year.

**Waste orders** are the sum of all orders in Waste and Recycling per year that are not invoiced by the Bill-To-Cash Management solution (they are processed in another billing solution such as Sales & Distribution) plus the number of direct delivery weighing notes per year.

## Outpatient Days

**Outpatient days** is the sum of the days in which patients have been treated as outpatients in a one year period. One outpatient day is counted when one patient is treated as an outpatient in one calendar day, independently of the quantity of work done on that day and on how the work was documented in the SAP system (in one or more outpatient cases, and, within cases, as one or more visit movements).

## REMAINING METRICS - P

### Packages

**Decision service asset packages** are collections of 25 rules and expressions (excluding constants as an expression).

### Page Views

**Page Views** are the total cumulative number of: (1) single views of a mobile or browser application, or web page of an internet site, via screen views, screen states, mobile web pages, web stores, the Software In-Store module, or Contact Center module, for which the Hybris Commerce Suite provides data over a 12 month period and (2) JSP page requests, Ajax requests, REST service requests, SOAP service requests, or other application server requests through the Software.

### Patients

**Patient care days** are the relevant number of patient care days reached by the Licensee in a calendar year is the corresponding statistic according to the annual H+ member directory "H+ Die Spitäler der Schweiz".

**Patients treated** are those treated in one calendar year in the institutions supported by the SAP system. Patients are only counted once, no matter how many times they are treated in the hospital within the year.

### Plants

**Plants** are physical sites owned by or operated by an enterprise supported by the Software.

For the purpose of determining the size and usage scenario of plants the following definitions apply:

- **Small plants** are plants with up to 500 employees. Employees per plant are all employees and contractors working in the plant.
- **Midsize plants** are plants with 501 up to 5.000 employees. Employees per plant are all employees and contractors working in the plant.
- **Large plants** are plants with more than 5.000 employees. Employees per plant are all employees and contractors working in the plant.
- *For SAP Operations Management for Mining:* Plants are mines, concentrators, processing plants, smelters, refineries, distribution centres (stockpiles) and ports. Employees include own employees in the operations, contractors, administration and maintenance staff.
- *For SAP Product Structure Synchronization:* Every outsourced manufacturing plant will be considered as small plant. An outsourced manufacturing plant is a physical site owned or operated by a supplier or partner who is part of the engineering to manufacturing scenario supported by Product Structure Synchronization.

### Points of Delivery

**Points of delivery** are the points of delivery (PoDs) at which a utility service is supplied or determined. When a utility installation is created in SAP's Utilities system, a unique PoD is automatically generated. All PoDs in the system are counted where a device or device info record is assigned to SAP's Utilities installation with an ending date later or equal to the system date; technical and virtual PoDs are not considered.

For the sectors below the following division categories of the SAP Utilities system need to be considered:

- Energy:
  - Electricity
  - Gas
  - District heating
  - Mutual help
  - For all sectors
- Electricity:
  - Electricity
- Gas:
  - Gas
- Water:
  - Water
  - Waste Water
- Utilities or no division named:
  - Electricity
  - Gas
  - District heating
  - Water
  - Waste Water
  - Waste Management
  - Mutual help
  - For all sectors

*For SAP Advanced Metering Infrastructure for Energy and for SAP Advanced Metering Infrastructure for Energy Water Utilities:*

**Points of delivery, advanced meter** are the points of delivery (PoDs) at which a utility service is supplied or determined. When a utility installation is created in SAP's Utilities system, a unique PoD is automatically generated. All PoDs in the system are counted where an active, advanced meter is assigned to SAP's Utilities installation with an ending date later or equal to the system date; technical and virtual PoDs are not considered.

For the sectors below the following Division Categories of the SAP Utilities system need to be considered:

- Energy:
  - Electricity
  - Gas
  - District heating
  - Mutual help
  - For all sectors
- Water:
  - Water
  - Waste Water

## Portfolios

**Sales portfolios** are the annual energy sales and procurement portfolios of a utility company. The sales portfolio is measured in units of 1 TWh (Terawatt hour).

## Premiums

**Premiums** of the insurance company, which uses the product, is the total gross premiums as disclosed in the latest annual statement of the legal entity in a fiscal year. If the customer does not disclose a comprehensive annual statement, the customer will report on an annual basis the respective information to SAP.

If the customer does not disclose the information publicly, he has to deliver and explain it to SAP

If the product shall be licensed only for a subdivision of the insurance company the respective license contract requires an explicit definition.

*For Reinsurance Management Solutions (SAP ReIns Management Foundation for Insurance and SAP ReIns Risk Manager);*

Premiums reflect the "*Ceded Premiums*" in case of passive and "*Assumed Premiums*" in case of active Re-Insurance Business. In case the licensee uses the solution for Ceded AND Assumed business the sum of both shall apply.

## Premiums and Disbursements

**Premiums and disbursements** is defined as the total sum of all premiums and/or all disbursements processed annually via the licensed service. For disbursements, positive values equal to the actual amount of disbursements are considered for this calculation. If required, currency conversions are done based on the PL valid at the point in time of the contract.

## Prepayment contracts

**Prepayment contracts** contain all utility contracts which are operated via prepayment.

## Prices

**Contract price** is the net value of the license contract. Contract price for partners refers to partner buy price depending on the support delivery model.

**BSI U.S. payroll tax processing contract price** is the net value of the BSI U.S. payroll tax processing software license.

## Products

**Products** are the annual total of number of vehicles and finished goods (for VMS/DBM) or Vehicles and Parts (for sequenced manufacturing) in the context of Automotive Solutions.

## Processes

**Processes** are specific business processes, which are technically implemented as a semantic data model implemented on a single HANA database.

## REMAINING METRICS - Q

None listed.

## REMAINING METRICS - R

## Recipients

**Recipients** are individuals receiving reports from the licensed Software.

## Records

**Records** are the average number of items managed by the application over the prior 12 months.

**SAP NetWeaver records** are leading SAP business objects and/or cases in SAP NetWeaver Folders Management. Archived Records (records attached to archived business objects) are not counted. A leading object is the object the record refers to.

When SAP NetWeaver Folders Management is used to manage employee files, employees managed in the SAP HCM system are the leading object to be counted. When it is used for billing, creditors and debtors are the leading objects to be counted. When it is used in SAP Real Estate Management, real estate objects (including but not limited to real estate contracts, business entities, buildings, pieces of land, rental objects architectural objects, and parcels of land) are the leading objects to be counted. When it is used to manage changes of equipment by utilizing cases, the number of change requests is counted.

**Master records** are one contractual relationship between the company and an employee whose payroll is being calculated.

*For SAP Financial Database for Banking, SAP Credit Risk Portfolio Management for Banking, Regulatory Reporting by IBS, and SAP Performance Management for Banking:*

Records represent the number of financial products (such as loans or deposits) including over the counter products, and standardized exchange traded securities (e.g. shares, listed options, bonds). This is also true when processing takes place on aggregated level. If financial products don't apply, records represent the number of processed objects.

*For SAP Hybris Billing, pricing simulation:*

Records are the number of transactions stored in HANA and accessible to the application for the purpose of usage in simulations, as averaged over the prior 12 months. A transaction represents any digital document capturing a service consumption event that can potentially be priced or monetized during a typical pricing process.

## Resources

**Resources** are unique individuals or non-human resources (system, equipment, tool, instrument, machine, vehicle, room, regulatory or government agency/body, industry standard, framework, and/or corporate policy, etc.) that are managed by or within the Software.

## Revenues

**Revenues** are the annual incomes that a company receives from its normal business activities and other revenues from interests, dividends, royalties or other sources. Revenues exclude indirect taxes such as VAT, Excise Duty or any similar sales related taxes.

- *For Public Sector,*  
Revenues are the same as "Total Annual Budgets"
- *For Insurance,*  
Revenue are the same as "Premiums"
- *For SAP Account & Trade Promotion Management, SAP Trade Promotion Optimization, and SAP Dairy Solution by msg,*  
Only the revenues need to be considered associated with the business or division which the capabilities of this package will be applied against.
- *For SAP Electronic Invoicing for Brazil (NFE),*  
Only the revenues generated by the company or legal entity located in Brazil need to be considered.
- *For SAP Tax Declaration Framework*  
only the revenues generated in Brazil are relevant.
- *For SAP Hybris branded products*  
**Revenue** is the calculation of Licensee's and its Affiliates total annual sales revenue for products or services that are purchased through the Hybris platforms (including Hybris powered websites and other Hybris powered channels such as web stores, mobile, In-Store module, Contact Center module, etc.) by customers (B2B and B2C) in each trailing 12 month period, less VAT, delivery and any returns.
- *For SAP Configure, Price, and Quote (SAP CPQ)*  
Revenues are the calculation of Licensee's and its Affiliates total annual sales revenues for products or services, which were generated using the SAP CPQ software less VAT, delivery and any returns.
- *For SAP Product Lifecycle Costing,*  
Only the revenues need to be considered associated with the business or division which the capabilities of SAP Product Lifecycle Costing will be applied against.
- *For SAP ERP, add-on for Polish SAF-T regulatory requirements,*  
Only the revenues generated by the company or legal entity located in Poland need to be considered.

## Revenues and Expenses

**Revenues and Expenses** are the sum of annual revenues received and annual expenses paid (commissions, royalties, revenue shares etc.) in the context of the Software.

**Revenues** are the sum of annual monetary amounts invoiced by Customer and its Affiliates to third parties for services provided (or to be provided) by Customer and/or its Affiliates to such third parties and processed through the SAP solution. "Expenses" are the sum of budgeted annual expenses (commissions, royalties, revenue shares etc.) for services performed (or to be performed) by Customer or its Affiliates for Customer's and/or its Affiliates own organization(s) that are processed through the SAP solution.

*For SAP Intellectual Property Management (SAP IPM):*

Revenues and Expenses is the sum of the annual revenues received and annual expenses paid (license fees, royalties, revenue share, etc.) in the context of the software. Revenues and expenses include financial validation for deals which is implemented in SAP IPM but does not result in an incoming payment e.g. barter deal.

*For CPM and PPM:*

Revenue and Expenses is related to the projects managed within the software and is defined as:

- Revenues: the sum of annual revenues received for revenue-generating external projects
- Expenses: the sum of budgeted annual expenses for internal projects

## REMAINING METRICS - S

### Servers

**Process servers** are defined as each server (real or virtual) where automated tasks are to be managed. A process server is required for every single connected application, server or operating system (OS) instance (virtual or physical) with a unique identification on which processes are executed that need to be monitored, managed and controlled. For each process server purchased the customer is provided with 1 production and 3 non-production environments (i.e. 1 for fail-over for the production instance, 1 for development and 1 for test).

**Servers** are physical computers, cases, boxes or blades that house the CPUs running the software product. Multiple virtual machines on the same physical box are allowed and do not require additional licenses.

## Service Order

**Service Order** is defined as one discrete order that is mapped in the software in a given calendar year. A service order can be among others a workshop order, a repair order, or a maintenance order.

The number of service orders applied in determining usage volume is the total number of discrete orders mapped with Software for which order master records are created in Software in a given calendar year. Where, for example, an up-stream system bundles multiple orders, the number of orders to be counted is the number before bundling.

Where an order master record is created in Software, the service order, as defined above, is within the ambit of this present agreement for Software. It matters not how an order master record is generated in Software (for example, by directly creating orders in MRS or by importing order master records from upstream systems such as DBM) or whether an order is in fact the object of any further planning using Software.

The measurement as described above will measure the number of service orders created as data records in the calendar year.

*For SAP Enhanced Maintenance and Service Planning*

Service Order means Representation of a reservation for a service area, so called: Slot Order. Check Orders are excluded.

## Sessions

**Concurrent sessions** are the aggregated numbers of sessions accessing the licensed Software at any one time. A session refers to the time between logon and logoff or time out where a unique user, application or platform accesses the licensed Software either directly or indirectly via a custom application. The number of sessions accessing each Deployment must be limited by corresponding license key mechanisms. The maximum number of sessions enabled on a Deployment by such limitations may not exceed the Licensed Level for the number of Concurrent Sessions assigned to that Deployment for such licensed Software product. The aggregate number of sessions enabled on all Deployments may not exceed the Licensed Level of Concurrent Sessions. Users in deployments with an unlimited number of sessions require a Named User License for the licensed Software product. There is no license limit on number of processors or servers used. Licensee may not utilize any program or system to cache or queue report requests. SAP BusinessObjects BI users accessing any Deployment using a Concurrent Session license may be entered into the SAP NetWeaver BW system for the purposes of maintaining security.

## SOAR Sales Orders

**SOAR Sales Orders** are defined as the annual number of sales orders the customer will process through the RCS Sales Order Allocation and Rescheduling (SOAR) on HANA. The figure is taken as the number of discrete sales orders processed annually by the SOAR Allocation run (Arun) process.

## Spends

**Spend volumes** are the company's annual expenditures for the procurement of all direct and indirect goods and services.

*For Public Sector entities*, Public Sector Spend Budgets may be used instead. Public sector spend budget is the figure, published annually, that documents an organization's procurement budget for all direct and indirect goods and services.

*For SAP Hybris Marketing, planning option*, Spend volumes is the marketing spend amount that is processed in the SAP Hybris Marketing, planning option.

*For SAP Electronic Invoicing for Brazil (NFE-Inbound)*, only Spend Volumes in Brazil are to be considered.

**Freight Spend** is the annual freight costs incurred in transporting products. ; i.e., all the transportation costs, including labour, involved in moving goods to and from a plant/distribution center/warehouse, including payments to logistics companies for their services and any cost incurred by a company for the use and maintenance of its own fleet of vehicles.

## Students

**Students** are defined as:

- full-time registered students e.g. students who are registered for a full course load for the current academic year at the institution; and/or.
- equivalents of full-time registered students (for example, a part-time student could represent a fraction of a full-time student).

## Subscriptions

**Annual subscriptions** are periodic recurring fees that are payable every calendar or fiscal year for the right to use software or services during that calendar or fiscal year. This fee is payable each calendar or fiscal year whether or not the software or service has been used during that year.

## Systems

**Connected systems** are productive SAP Solution Manager systems connected to the productive systems of SAP Quality Center by HP, Central Process Scheduling by Redwood, or SAP Productivity Pak by ANCILE.

**Managed systems** are all systems with a unique system id that are controlled, managed, monitored, or retired by the software.

## REMAINING METRICS - T

### Terabytes

**Terabytes** are the amount of data stored in terabytes in the main database of Sybase IQ Server in whole numbers (fractions must be rounded up). If the Very Large Database Management option is licensed, it must be licensed to match the size of the entire main database of the Sybase IQ Server.

### Testers

*For SAP Test Acceleration and Optimization (SAP TAO):*

Testers are employees using SAP TAO and testing SAP applications enterprise-wide.

### Tickets

**Event tickets** are entrance tickets to an event sold for a price > 0 using the SAP Event Ticketing software and stored in the SAP Event Ticketing database, independent of whether the ticket is printed or dispatched to the customer differently (e.g. electronically), and independent of whether the ticket is being used or not. This does specifically exclude tickets that are given away for free, e.g. complimentary tickets.

## Tonnage

**Tonnage produced** are tonnage produced on one day.

## Transactions

*For SAP Hybris Billing, charging,*

Transactions are defined as pricing outputs where one input can generate one or several pricing outputs. Transactions are counted as those on the peak load day as measured within the prior 12 months.

*For SAP Hybris Billing, mediation by DigitalRoute and SAP Hybris Billing, service control by DigitalRoute:*

Transactions are the smallest individual events processed by the application. Examples: When processing data sets each datum is counted. When managing sessions each start/interim/stop event is counted. Transactions are counted as those on the peak load day as measured within the prior 12 months.

*For SAP Accounting for Financial Instruments:*

Transactions represent the number of transactions related to exchange-traded securities (e.g. shares, bonds, futures, options, warrants) and sub-ledger postings (imported sub-ledger documents) over a period of prior 12 consecutive months.

*For SAP Fraud Management for Banking:*

Transactions represent the movement of money/funds between a Bank and another Financial Institution or between a Bank and a Customer. Transactions considered are the number of transactions stored in a SAP system in a timeframe of 12 consecutive months. Transactions are e.g. Payment transactions, Credit/debit card transactions, Loans disbursements and payments, Securities (bonds, shares etc.), sell and/or buy transactions.

*For SAP Document Presentment by OpenText and SAP Document Presentment by OpenText, add-on for business correspond:*

Transactions are single instances of a business document that is created, processed, printed or manipulated in some way by the products (e.g. letter, email, PDF, fax, SMS).

*For SAP Digital Content Processing by OpenText*

Transactions are single instances of a content process/workflow that is captured and/or processed by the Software.

*For SAP Payment Engine*

Transactions are single payment transaction within a payment order. A payment order can have one ordering party item and multiple recipient party items. The number of transactions is counted per year.

*For SAP Archiving and Document Access by OpenText, external access option and SAP Archiving and Document Access by OpenText, external access option for SAP S/4HANA*

Transactions are the annual volume of downloads (including view or print) of documents that are stored by the OpenText Solution. This metric applies only to individuals external to the Licensees organization (i.e. other than employee, contract worker and outsourcer).

## REMAINING METRICS - U

### Units

**Rental units** are rental objects that are managed with SAP Real Estate Management.

### Users

**Users** are individuals who Use the Software. A "User" included in the Metric count cannot be assigned to more than one individual.

- *For Collaborative Product Development:* Users represent the number of individuals that are creating / updating engineering records, utilizing functions like recipe development, business context viewer, and status and action management functionality
- *For SAP Contact Center, e-Channel:* Users represent agents and/or supervisors who work in a contact center environment and handle incoming contacts through multiple communication e-channels (like email, chat, SMS and fax) and/or use supervisor tools to supervise contact center agents with e-channel user capability.
- *For SAP Contact Center, voice channel:* Users represent agents who work in a contact center environment and handle incoming contacts through voice channel and office telephony only or handle outbound campaign calls only. In addition, each port in Interactive Voice Recognition system is also considered a user and should be counted as additional users.
- *For SAP Real Estate Management:* Users are individuals who manage office, retail and industrial properties and similar portfolios. It is applied for both, owned and operated space, and includes commercial as well as corporate real estate management.
- *For SAP Business Intelligence (BI):* There is no license limit on number of processors or servers used. Users are identified at logon and do not consume a Concurrent Session license. Concurrent Session licenses and Users can be purchased in combination for a Deployment. Licensee may not utilize any program or system to cache or queue report requests. SAP BI users may be entered into the SAP NetWeaver BW system for the purposes of maintaining security. This metric does not replace the overall SAP Named User licensing requirement.
- *For SAP Identity Management and SAP Single Sign-On:* Users are individuals whose credentials and/or user information is managed by the functionality of the licensed Software.
- *For SAP Application Visualization by iRise*  
Users are authors who can create/edit a visualization using SAP Application Visualization by iRise and the add-on for general SAP solutions (if applicable).
- *For SAP Digital Asset Management by OpenText, limited access option*  
Users are limited to search, browse, view and download assets.
- *For Capital Markets Treasury by Calypso and SAP Capital Markets Trading by Calypso,*  
Users are defined as employees who engage in capital markets trades and activities and use functionality provided by the item.

**Active users** are individuals that perform transactions Using the Software in a given calendar quarter.

**Application Users** are licensed SAP Mobile Platform Users accessing a single Application, where "Application" is a set of related functionality developed by an SAP Mobile Platform Developer User using SAP Mobile Platform.

**Licensed users** are individuals licensed as one of the SAP Named User types defined in the price list.

- *For ERP, localization Extensions for Republic of Belarus by EPAM package:* Licensed Users - are all individuals licensed as one of the following SAP Named User: SAP Professional User, SAP Employee User, SAP Project User, SAP Worker User, SAP Logistics User.

- *SAP ERP HCM, localization extension for Republic of Belarus by IBA*: Licensed Users - are all individuals licensed as one of the following SAP Named User: SAP Professional User, SAP Employee User, SAP Employee Self-Service User, SAP Employee Self-Service Core User, SAP Manager Self-Service User.

**Monitored Users** are individuals: 1) whose information or credentials are monitored by the Software; and/or 2) who use the reporting console.

**Portal users** are licensed users with access to a particular deployment of the SAP Portal, including SAP Professional Users, Employee Self-Service/Manager Self-Service Users, and External Community Members.

**Virtual users** are users simulated in the software to test the load on the SAP system.

#### **REMAINING METRICS - V**

##### **Values**

**SAP Application Value (SAV)** is the sum of list prices for Named Users, External Community Members, Software Engines and Supplementary Products, excluding those items identified in the list of prices and conditions that do not contribute to the SAP Application Value.

**HANA SAP Application Value (HSAV)** is the sum of prices for licensed Software, excluding those items identified in the list of prices and conditions that do not contribute to the HANA SAP Application Value.

#### **REMAINING METRICS - W**

None listed.

#### **REMAINING METRICS - X**

None listed.

#### **REMAINING METRICS - Y**

None listed.

#### **REMAINING METRICS - Z**

None listed.

## **Exhibit 3 - Package Restrictions**

### **1. SAP BUSINESS SUITE AND ENTERPRISE FOUNDATION**

#### **1.1 Embedded Analytics**

Where Licensee holds a valid Package License for any of the below Package(s), such Package License shall include the right for individuals licensed as SAP Professional or Limited Professional Users under the Agreement to (i) view, interact and refresh Crystal Reports, Dashboards content and Lumira storyboards embedded with such licensed Package(s) and (ii) Use the SAP BI Platform and/or SAP BusinessObjects Lumira, server version for the SAP BusinessObjects BI Platform, as delivered with such licensed Package(s), solely to enable the viewing, interacting and refreshing of the Crystal Reports, Dashboards content and Lumira storyboards embedded with such licensed Package(s) (collectively "Embedded Analytics Limited Use Right").

Packages That Include Embedded Analytics Limited Use Right:

- SAP ERP
- SAP SCM
- SAP Transportation Management
- SAP Extended Warehouse Management
- SAP SRM
- SAP CRM
- SAP Environment, Health and Safety
- SAP Manufacturing Integration and Intelligence
- SAP Hybris Marketing

#### **1.1.1 Embedded SAP BusinessObjects Design Studio**

Where Licensee holds a valid Package License for any of the below Package(s), such Package License shall include the right for individuals to view, interact and refresh SAP BusinessObjects Design Studio content embedded with such licensed Package(s). Packages That Include Embedded SAP BusinessObjects Design Studio:

- SAP Cash Management powered by SAP HANA

#### **1.1.2 Embedded SAP BusinessObjects Enterprise, professional edition**

Where Licensee holds a valid Package License for any of the below Package(s), such Package License shall include the right for individuals to view, interact, refresh and modify the content embedded with such licensed Package(s). Packages That Include Embedded SAP BusinessObjects Enterprise, professional edition:

- SAP Contact Center
- SAP Identity Management

#### **1.2 Enterprise Foundation.**

Unlike other Package licenses the SAP ERP Foundation Starter comes with 5 (five) SAP Professional Users in addition to the use rights for the scope of Enterprise Foundation capabilities. Any additionally required Named Users need to be licensed separately. The license for data destruction in Human Capital Management is included in the ERP license. During implementation of ERP Foundation, Licensee may configure such Software to prepare for interfaces with other SAP Packages.

#### **1.3 SAP Human Capital Management.**

Usage of any integration software and content provided with the SAP HCM software and applicable to an integration between SAP HCM and SuccessFactors' Business Execution Software ("BizX") is permitted only with SAP HCM and a valid, current contract for SuccessFactors BizX.

#### **1.4 S/4HANA Packages.**

S/4HANA Packages shall only be deployed on a SAP HANA database installation (collectively "S/4HANA Installation"). Only S/4 HANA Packages (and no other Software) shall be deployed on a S/4HANA Installation. For clarity, the preceding sentence only applies to software licensed from SAP, its affiliates and or its authorized distributors and resellers. S/4HANA Packages include a Runtime Software license for S/4HANA Enterprise Management. Notwithstanding anything to the contrary in this SUR, S/4HANA Packages are not licensed for Use with any third party runtime database. For the avoidance of doubt, the "Deployment and Communication Rights and Restrictions" set forth in this SUR apply to S/4HANA Packages.

Licensee can only Use S/4HANA Packages if Licensee's total expenditure on license fees for SAP HANA Enterprise Edition or SAP HANA Platform Edition exceed(s) or is equal to fifteen percent (15%) of Licensee's total applicable maintenance base. Licensee agrees to maintain such threshold by licensing additional license metrics of such HANA licenses.

##### **1.4.1. Named User and Metric Requirements for S/4HANA Packages.**

The only S/4HANA Package that requires SAP Named User licenses is S/4HANA Enterprise Management for ERP Customers.

##### **1.4.2 SAP S/4HANA Compatibility Packs**

"S/4HANA Compatibility Pack" shall mean an S/4HANA compatible copy of the Software shown in the "Classical Solution" column of the Matrix (the list of applicable Software located at the following link: [https://uacp.hana.ondemand.com/http.svc/rc/PRODUCTION/pdfac0fa9551dd88809f1000000b441570/1511%20000/en-US/MATRIX\\_OP1511.pdf](https://uacp.hana.ondemand.com/http.svc/rc/PRODUCTION/pdfac0fa9551dd88809f1000000b441570/1511%20000/en-US/MATRIX_OP1511.pdf)). The S/4HANA Compatibility Pack may be Used by Licensee as, and in accordance with the terms of, an S/4HANA Package. Such Use is further subject to the following:

- Licensee must have a license to Use i) such Software in the Classical Solution column of the Matrix and ii) the prerequisite shown on the Matrix.
- S/4HANA Compatibility Packs may only be Used until the applicable expiration date shown on the Matrix.

##### **1.4.3 S/4HANA Enterprise Management.**

Licensee shall be deemed to have licensed SAP ERP Package solely for the purpose of meeting the requirement to have a license for SAP ERP Package in order to have the right to Use the ERP Package Compatibility Pack.

- 1.4.3.1 **S/4HANA Enterprise Management for Professional use.** Use is allowed by the number of individuals included in the Licensed Level who perform all of such individual's operational, system administration and management roles supported by the Software for Licensee's internal business purposes.
- 1.4.3.2 **S/4HANA Enterprise Management for Functional use and S/4HANA Enterprise Management for Productivity use.** A description of Solution Capabilities listed can be found at <https://solutionexplorer.sap.com>. Browse by suite, then by S/4HANA >> All Solutions >> Solution capabilities
- (A) **S/4HANA Enterprise Management for Functional use.** Use is allowed by the number of individuals included in the Licensed Level:
- (a) who are employees of Licensee's Business Partners to perform any role supported by the Software in accordance with the license grant set forth in the GTC or Software License Agreement, or (b) who are employees of Licensee to perform the following Solution Capabilities supported by the Software: 1) Project Financial Controls; 2) Project logistics Control; 3) Basic subcontracting; Basic External Processing; 4) Product Development Foundation; 5) Production BOM Management; 6) Recipe / Routing Management; 7) Inspection Planning; 8) Quality Engineering and Quality Improvement; 9) Kanban, JIT Outbound and Inbound Processing; 10) Production Control; Basic Production Execution; 11) Repetitive Manufacturing; 12) Material Requirement Planning; 13) Basic Order Promising / Available to Promise; 14) Goods Issue; Good receipt; Basic Shipping; 15) Basic Warehouse Management; 16) Maintenance Planning and Scheduling; Maintenance Execution; 17) Master Data Maintenance; 18) Self-Service Requisitioning; and 19) Time Sheet
- (B) **S/4HANA Enterprise Management for Productivity use.** Use is allowed by the number of individuals included in the Licensed Level who perform the following Solution Capabilities supported by the Software: 1) Production Control; Basic Production Execution; 2) Material Requirement Planning; 3) Basic Order Promising / Available to Promise; 4) Goods Issue; Good receipt; Basic Shipping; 5) Basic Warehouse Management; 6) Maintenance Execution; 7) Self-Service Requisitioning; and 8) Time Sheet.
- 1.4.4 **S/4HANA Developer access.**  
Use is allowed by the number of individuals included in the Licensed Level who access the development tools provided with the licensed S/4HANA Enterprise Management Software for the purpose of making ABAP Modifications and/or Add-ons to any S/4HANA Packages.
- 1.4.5 **S/4HANA Central Finance, central finance foundation ("S/4HANA Central Finance")**  
S/4HANA Central Finance includes the following Runtime Software: SAP Application Interface Framework.
- 1.4.6 **SAP S/4 HANA Incentive and Commission Management**  
SAP Incentive and Commission Management does not include agent portfolio assignment, liability management, actual commissioning and cancellation reserves, portfolio and liability transfer processes.
- 1.4.7 **SAP S/4 HANA Hybris Billing**  
If SAP S/4 HANA Hybris Billing, charging and Billing Software included in the referenced products is Used for, or in support of, billing or revenue share calculation for pre-paid telecommunications products, services or systems in the Restricted Countries or to remotely support prepaid telecommunication systems in the Restricted Countries then Licensee shall be obliged to obtain a license from Freedom Wireless permitting such Use. The Restricted Countries are Australia, Brazil, Canada, China, Israel, Japan, South Korea, Mexico and the United States. Failure to obtain a license from Freedom Wireless permitting such use shall void and release SAP from all related warranties, including without limitation any warranties and/or indemnities with respect to non-infringement of intellectual property rights to the fullest extent provided by applicable law.
- 1.4.8 **SAP S/4HANA Governance, Risk and Compliance Solutions**  
The following SAP S/4HANA Governance, Risk and Compliance (S/4HANA GRC) solutions include the following Runtime Software: (i) SAP BusinessObjects BI Platform, (ii) SAP Crystal Reports, (iii) SAP BusinessObjects Dashboards, (iv) SAP BusinessObjects Web Intelligence and (v) SAP BusinessObjects Lumira desktop edition.
- a) SAP S/4HANA Process Control  
b) SAP S/4HANA Risk Management
- The following S/4HANA GRC solutions are limited (regardless of how many blocks of GRC are licensed) to 10 Users of each of the Following Runtime Software: (i) SAP Crystal Reports, (ii) SAP BusinessObjects Dashboards and (iii) SAP BusinessObjects Lumira desktop edition.
- SAP Access Control for SAP S/4HANA
- The following SAP S/4HANA Governance, Risk and Compliance (S/4HANA GRC) solutions include the following Runtime Software: (i) SAP Crystal Reports, (ii) SAP BusinessObjects Dashboards, (iii) SAP BusinessObjects Lumira desktop edition.
- a) SAP S/4HANA Access Control
- 1.4.9 **SAP Document Access by OpenText for SAP S/4HANA, SAP Archiving by OpenText for SAP S/4HANA.**  
Use is defined as access by employees and contractors who directly use the SAP Software components e.g. enterprise scan, business process views, full text search, etc. and/or store or retrieve documents on the OpenText Archive Server. Support for Data archiving and access of archived data as well as support for SAP Information Lifecycle Management is included for the licensed entity as long as the customer has licensed the minimum number of Archiving or Document Access users.
- 1.4.10 **SAP Document Access by OpenText, limited access option for SAP S/4HANA, SAP Archiving by OpenText, limited access option for SAP S/4HANA, SAP Extended ECM by OpenText, limited access option for SAP S/4HANA.**  
Each of Licensee's Users are limited to 52 Login Days per year. A "Login Day" means a day with one or more logins to the software by such user.
- 1.4.11 **SAP S/4HANA for energy utilities meter data management and operations, SAP S/4HANA for energy utilities bill-to-cash management, SAP S/4HANA for water utilities meter data management and operations, SAP S/4HANA for water utilities bill-to-cash management.**  
The Software includes the following Runtime Software: SAP NetWeaver Gateway for Consumer Access license and SAP Mobile Platform, consumer edition that can solely be used: (1) as a runtime for SAP S/4HANA for energy utilities meter data management and operations and/or SAP S/4HANA for energy utilities bill-to-conly ash management and/or SAP S/4HANA for water utilities meter data management and operations and/or SAP S/4HANA for water utilities bill-to-cash management, and (2) for customers' extensions and enhancements to SAP S/4HANA for energy utilities meter data management and operations and/or SAP S/4HANA for energy utilities bill-to-cash management and/or SAP S/4HANA for water utilities meter data management and operations and/or SAP S/4HANA for water utilities bill-to-cash management.
- 1.5 **SAP S/4HANA for commercial project management**  
SAP S/4HANA for commercial project management (workspaces, cost and revenue planning and issue and change management) includes a runtime license to Planning Application Kit. Use of such runtime is limited solely with SAP S/4HANA for commercial project management

## **2. ERP**

### **2.1 SAP Payroll Processing.**

Payroll Processing for the USA requires partner software that is subject to additional license fees.

### **2.2 BSI U.S. Payroll Tax Processing.**

BSI requires licensing of SAP Payroll Processing. Special maintenance agreement required.

### **2.3 SAP Enterprise Risk and Compliance Management, risk management and SAP Treasury and Risk Management, treasury operations.**

**2.3.1** The SAP Enterprise Integration for GRC Policy Survey mobile app included in SAP Enterprise Risk and Compliance Management, risk management Software is Runtime Software that may require an additional component downloaded from a third party mobile application store. Each additional component is subject to its respective license agreement. The licensed SAP Enterprise Integration for GRC Policy Survey Mobile app includes SAP Mobile Platform ("Mobile Platform") and/or SAP Sybase 365 Mobiliser Platform ("Mobiliser Platform") as Runtime Software. The Mobile Platform and Mobiliser Platform are licensed for use with the licensed SAP Enterprise Risk and Compliance Management, risk management Software only. Any additional use of the Mobile Platform or Mobiliser Platform requires an additional license.

**2.3.2** The SAP Enterprise Integration for Payment Approval Mobile App Software ("Payment Approval App") included in SAP Treasury and Risk Management, treasury operations Software is Runtime Software that may require an additional component downloaded from a third party mobile application store. Each additional component is subject to its respective license agreement. The licensed Payment Approval App includes SAP Mobile Platform ("Mobile Platform") and/or SAP Sybase 365 Mobiliser Platform ("Mobiliser Platform") as Runtime Software. The Mobile Platform and Mobiliser Platform are licensed for use with the licensed SAP Treasury and Risk Management, treasury operations Software only. Any additional use of the Mobile Platform or Mobiliser Platform requires an additional license

### **2.4 SAP Treasury and Risk Management**

Use of SAP Treasury and Risk Management is limited to a maximum of a hundred (100) active, investment-related security classes in the securities area\*. In case a larger number of security classes are required, the Industry Package SAP Financial Asset Management for Insurance have to be licensed.

\* In the SAP system each security (e.g. stocks) is a class. The class data includes all the structure characteristics of a security. Since the creation of transactions and the management of positions in the transaction manager are based on product types, each class needs to be assigned to a product type.

### **2.5 SAP (EHS Management, Environment, Health and Safety; SAP EHS Management, Product Safety; SAP EHS Management, Product and REACH compliance.)**

SAP only warrants the functional scope of the aforementioned products. However, SAP does not warrant or guarantee regulatory compliance of these products. Implementation of these products in accordance with regulatory compliance requirements is within the responsibility of Licensee.

SAP provides publicly available information to support business processes of calculations and reporting, herein called content, within the EHS Management, Environment, Health, and Safety software product. SAP does not warrant the accuracy of this content or that licensee will obtain any specific results from the use of the content. SAP only warrants that SAP has used reasonable business care in collecting and compiling the content.

### **2.6 SAP EHS Management, Environment, Health and Safety.**

Individuals who utilize the incident management functionality of SAP EHS Management, Environment, Health and Safety solely to enter data for initial incident reporting and to provide data for incident investigations do not require a Named User license. Such data entry may occur asynchronously (off-line) via the Adobe Interactive Form tool, synchronously (on-line) by direct interaction with the SAP system, or via mobile devices. This exception applies only to incident management data entry use, and does not apply to any other uses of the incident management functionality or any other functionality of SAP EHS Management including incident processing, investigation, and performance and regulatory reporting. SAP EHS Management, , environment, health, and safety does not include rights to SAP EHS Management, Product Safety and SAP EHS Management, Product REACH and Compliance.

The SAP Enterprise Integration EHS Safety Issue Mobile App Software is Runtime Software that may require an additional component downloaded from a third party mobile application store. Each additional component is subject to its respective license agreement. The licensed SAP Enterprise Integration EHS Safety Issue Mobile Apps includes SAP Mobile Platform ("Mobile Platform") and/or SAP Sybase 365 Mobiliser Platform ("Mobiliser Platform") as Runtime Software. The Mobile Platform and Mobiliser Platform are licensed for use with the licensed SAP Enterprise Integration for Mobile Apps only. Any additional use of the Mobile Platform or Mobiliser Platform requires an additional license.

### **2.7 SAP EHS Regulatory Content.**

**2.7.1** Use of SAP EHS Regulatory Content is limited solely to Licensee's own business processes. This license does not permit Licensee to use the SAP EHS Regulatory Content to provide services to third parties.

**2.7.2** SAP EHS Regulatory Content is SAP Material within the meaning of the governing terms.

**2.7.3** The license granted for SAP EHS Regulatory Content is subject to Licensee obtaining a valid license for applicable SAP EHS Management, SAP Transportation Management or other applicable software ("On Premise Software"). For the avoidance of doubt, no prior licensing of On Premise Software is required in order to utilize the Online Viewer.

**2.7.4** The SAP EHS Regulatory Content consists of phrases, rules, substance lists, reference data, and document templates for geographic regions (depending on the package licensed in the Order Form) that may be downloaded by Licensee for use in connection with the On Premise Software or viewed online via an internet URL.

**2.7.5** Data provided under this Order Form from certain publications by public authorities is passed through to the Licensee on a free of charge basis.

**2.7.6** SAP may, in its sole discretion upon written or electronic notification to Licensee, change or modify the URL address, in any manner that SAP deems necessary or desirable from time to time.

**2.7.7** The SAP EHS Regulatory Content may not be modified or altered in any way by the Licensee except that the Licensee may modify or alter SAP EHS Regulatory Content solely to record its own phrases, rules and data. Licensee may not create its own databases from the SAP EHS Regulatory Content for use other than in connection with Licensee's own internal use. Licensee may not sell or license the SAP EHS Regulatory Content to third parties.

**2.7.8** The SAP EHS Regulatory Content may only be loaded on servers owned and controlled by Licensee or servers owned and controlled by third parties which are approved in writing by SAP. Licensee is solely responsible for the security of the SAP EHS Regulatory Content once

downloaded and is responsible for maintaining adequate back-up and security measures, including firewalls, to prevent unauthorized access to or loss of the downloaded SAP EHS Regulatory Content.

- 2.7.9 SAP EHS Regulatory Content may be updated from time to time: only the current version of SAP EHS Regulatory Content should be used. Content updates may add new content, replace content or delete previously available content.
- 2.7.10 Licensee acknowledges that failure to use the most current version of the SAP EHS Regulatory Content may result in the Service rendering inaccurate or incomplete results and will void the warranty provided by SAP under the governing terms. Licensee is solely responsible for any damages suffered as a result of: (i) its alteration or modification of the SAP EHS Regulatory Content; or (ii) its use of outdated SAP EHS Regulatory Content where SAP has made an updated version available.
- 2.7.11 Upon termination of the applicable Order Form, Licensee will not receive any updates to the SAP EHS Regulatory Content, but has a perpetual license to use SAP EHS Regulatory Content that it has already downloaded prior to termination.
- 2.7.12 Use by Subsidiaries shall be in accordance with the governing terms.

## **2.8 SAP Incentive and Commission Management**

SAP Incentive and Commission Management does not include agent portfolio assignment, liability management, actual commissioning and cancellation reserves, portfolio and liability transfer processes.

## **2.9 SAP Quality Issue Management**

Individuals who Use SAP Quality Issue Management solely to enter data for initial incident reporting and to provide data for incident investigations do not require Named User licenses. Such data entry may occur asynchronously (off-line) via the Adobe Interactive Form tool, synchronously (on-line) by direct interaction with the SAP system, or via mobile devices. This exception applies only to incident management data entry use, and does not apply to any other uses of the incident management functionality or any other functionality of SAP Quality Issue Management.

## **2.10 SAP Management of Change**

A named user license is not required for employees, contractors, and business partner users that interact with SAP Management of Change solely to create a change request. This exception applies only change request creation, and does not apply to the use of any other functionality of SAP Management of Change including approvals.

## **2.11 Line Of Business**

- 2.11.1 Track & Trace and Extended Warehouse Management  
Business Partners of Licensee accessing Track & Trace and Extended Warehouse Management solutions solely to view the tracking status and report event messages do not require a SAP Named User license.
- 2.11.2 SAP Transportation Management/SAP Transportation Management for T&L  
External users accessing SAP Transportation Management/SAP Transportation Management for T&L for the explicit and restricted set of tasks of viewing freight contracts, viewing and updating rate sheets, viewing invoice status and dispute management, viewing shipment order status, viewing carrier booking status, viewing of route maps, viewing and responding to shipment tenders (request for quotations) do not require a SAP Named User license. This includes any user necessary for SAP Gateway access. External users are customers and/or employees of a business partner of the company licensing SAP Software.
- 2.11.3 SAP Extended Warehouse Management  
This license includes the following Runtime Software: SAP HANA App SAP Labor Demand Planning.
- 2.11.4 SAP Manufacturing Execution (ME)  
SAP Manufacturing Execution (ME) includes SAP Manufacturing Integration and Intelligence (MII) as Runtime Software solely for use in integrating ME to Licensee's SAP system.
- 2.11.5 SAP Customer Engagement and Commerce (CEC)

Use of the following CEC Packages does not require a Named User license:

- SAP CRM Sales
- SAP CRM Service
- SAP CRM Marketing
- SAP CRM Loyalty Management
- SAP Real-Time Offer Management
- SAP Sales and Service Order Processing
- SAP Contact Center
- SAP Incentive and Commissions Management
- SAP Trade Promotion Planning and Management
- SAP Advanced Analytics for Trade Management
- SAP Customer Business Planning
- SAP Configure, Price and Quote for product configuration
- SAP Configure, Price and Quote for solution sales configuration
- Desktop Connection for SAP CRM – enterprise edition
- SAP Intellectual Property Management

Use of the following SAP Hybris Billing related Packages does not require a Named User license:

- SAP Hybris Billing
- SAP Hybris Billing, charging
- SAP Hybris Billing, invoicing
- SAP Hybris Billing, customer financials
- SAP Hybris Billing, flexible solution billing
- SAP Hybris Billing, mediation by DigitalRoute

Use of the following SAP Hybris Packages does not require a Named User license:

- SAP Hybris Commerce
- SAP Hybris Commerce, advanced personalization module

- SAP Hybris Commerce, order management services
- SAP Hybris Commerce Web content management module
- SAP Hybris Commerce, telco accelerator
- SAP Hybris Commerce, subscription & bundling module
- SAP Hybris Product Content Management
- SAP Hybris Commerce, entitlements & metering
- SAP Hybris Commerce, financial services accelerator
- SAP Hybris Commerce, travel accelerator
- SAP Hybris Commerce, public sector accelerator
- SAP Hybris Customer Experience
- SAP Hybris Commerce, non-transactional website
- SAP Hybris Commerce, edge edition, B2C option
- SAP Hybris Commerce, edge edition, B2B option
- SAP Hybris Marketing, data management
- SAP Hybris Marketing, segmentation option
- SAP Hybris Marketing, acquisition option
- SAP Hybris Marketing, recommendation option
- SAP Hybris Marketing, insight option
- SAP Hybris Marketing, planning option
- SAP Hybris Digital Documents by OpenText, first 200 units
- SAP Hybris Digital Asset Management by OpenText
- SAP Hybris Digital Asset Management by OpenText, limited access option

#### 2.11.5.1 SAP CRM Sales; SAP CRM Service; SAP CRM Marketing

Use of SAP CRM Sales, SAP CRM Service and SAP CRM Marketing packages is limited to Licensee and its affiliates/subsidiaries.

#### 2.11.5.2 SAP CRM Sales, Limited Access; SAP CRM Service, Limited Access; SAP CRM Marketing, Limited Access

Licensing of SAP CRM Sales, Limited Access; SAP CRM Service, Limited Access; or SAP CRM Marketing, Limited Access allows Licensee's Business Partners to access the SAP CRM Sales; SAP CRM Service; or SAP CRM Marketing package respectively, in accordance with the terms of the Agreement.

#### 2.11.6 SAP Hybris Commerce Suite. The SAP Hybris Product Content Management (PCM) included in the SAP Hybris Commerce Suite is Runtime Software and use of PCM is limited to online channels used within the SAP Hybris Commerce Suite . Any other Use of PCM will require additional licenses.

#### 2.11.7.1 SAP Enterprise Product Engineering Package

SAP Product Engineering Package includes the following Runtime Software: Visual Enterprise Generator and Collaborative Product Development and Product Structure Synchronization. Use of Collaborative Product Development and Product Structure Synchronization is limited to product development functionality. Use of Visual Enterprise Generator is limited to 1 core of usage. Any Use in excess of the foregoing will require licensing of the full use version of Visual Enterprise Generator

#### 2.11.7.2 SAP Enterprise Product Formulation Package

SAP Product Formulation Package includes the following Runtime Software: Collaborative Product Development and Product Structure Synchronization. Use of Collaborative Product Development and Product Structure Synchronization is limited to recipe development functionality

#### 2.11.8 SAP Yard Logistics

SAP Yard Logistics includes Runtime Software of SAP's Extended Warehouse Management (EWM). Use of SAP Extended Warehouse Management excludes Use of processes based on inbound or outbound deliveries, material flow system related functionality, as well as stock-keeping processes (other than Transportation Unit and Yard related processes).

#### 2.11.9 SAP ERP, supply chain integration add-on for SAP Integrated Business Planning

SAP ERP, supply chain integration add-on for SAP Integrated Business Planning may only be used to facilitate the integration of ERP with other SAP Software.

#### 2.11.10 SAP Extended Sourcing and SAP Contracts Lifecycle Management

SAP Extended Sourcing and SAP Contracts Lifecycle Management includes the following Runtime Software: SAP BusinessObjects BI Platform, to be used only in conjunction with SAP Extended Sourcing and SAP Contracts Lifecycle Management.

#### 2.11.11 SAP Sales and Service Order Processing ("SSOP")

Use of SSOP is limited to access by Consumers/Constituents of Licensee solely to create and submit Orders through SSOP.

### 3. INDUSTRY PORTFOLIO

#### 3.1 SAP Upstream Operations Management for Oil & Gas.

The use of SAP Manufacturing Integration and Intelligence is Runtime Software that is restricted to upstream production, scheduling, allocation, and maintenance only.

#### 3.2 SAP Secondary Distribution Management for Oil & Gas.

The license for "SAP Secondary Distribution Management for Oil & Gas" includes a license of the industry package "SAP Hydrocarbon Management for Oil & Gas" for up to 50,000 BOEPD sold.

#### 3.3 SAP Fashion Management Solution

SAP Fashion Management licensee may not use SAP Retail Merchandizing processes (other than Fashion Article and Variant / Fashion Master Data) without licensing SAP Retail Merchandising.

### **3.4 SAP Military Data Exchange.**

SAP Military Data Exchange is not available for all countries, for details please see contact information at [www.sap.com/defense-security](http://www.sap.com/defense-security)

### **3.5 SAP Tax, Benefits, and Payment Processing for Public Sector**

The SAP Tax, Benefits, and Payment Processing for Public Sector includes a restricted SAP NetWeaver Gateway for Consumer Access license that can solely be used

(1) to access processes which are included in the SAP Tax, Benefits, and Payment Processing for Public Sector

(2) for customers' extensions and enhancements within SAP Tax, Benefits, and Payment Processing for Public Sector

A Named User License for Tax, Benefits, and Payment Processing for Public Sector is not needed for external users representing the contact (e. g. taxpayer or tax accountants on behalf of the taxpayer accessing the system for online filing and payments), unless they are working on behalf of the licensee (e. g. a job assessor...)

### **3.6 SAP Realtime Situational Awareness for Public Sector**

Use of this package does not require an SAP Named User. This package includes the following Runtime Software: (i) SAP BusinessObjects Predictive Analytics Modeler – limited to five (5) Users per Licensee; (ii) SAP Replication Server, Premium Edition – limited to four (4) Cores per Licensee; (iii) SAP Data Service – limited to eight (8) Cores per Licensee; (iv) SAP BusinessObjects Enterprise, professional edition; and (v) SAP Mobile Platform.

### **3.7 SAP Hybris Billing, charging; SAP Hybris Billing**

If SAP Hybris Billing, charging and Billing Software included in the referenced products is Used for, or in support of, billing or revenue share calculation for pre-paid telecommunications products, services or systems in the Restricted Countries or to remotely support prepaid telecommunication systems in the Restricted Countries then Licensee shall be obliged to obtain a license from Freedom Wireless permitting such Use. The Restricted Countries are Australia, Brazil, Canada, China, Israel, Japan, South Korea, Mexico and the United States. Failure to obtain a license from Freedom Wireless permitting such use shall void and release SAP from all related warranties, including without limitation any warranties and/or indemnities with respect to non-infringement of intellectual property rights to the fullest extent provided by applicable law.

### **3.8 SAP Multichannel Foundation for Utilities**

The SAP Multichannel Foundation for Utilities includes a restricted SAP NetWeaver Gateway for Consumer Access license and SAP Mobile Platform, consumer edition that can solely be used.

(1) as a runtime for SAP Multichannel Foundation for Utilities, and

(2) for customers' extensions and enhancements to SAP Multichannel Foundation for Utilities

It is mandatory to have all online users represented in the Multichannel user management module. If the customer is using or plans to use a third party user management application, the customer needs to interface/replicate the online users to the Multichannel user management module.

### **3.9 SAP Event Ticketing**

Exception from Standard Named User requirement:

If Event Ticketing is used stand-alone (i.e. customer has not licensed any other SAP Software), no SAP Named Users are required.

If Event Ticketing is deployed in an environment with other SAP products, Named Users must be licensed according to the following rules:

(1) For employees of Licensee exclusively using the system in ticket-selling roles (e.g. box-office sales, call center agent, web shop user), a SAP Professional User must be licensed.

(2) For users who are not employees of the customer, and who access the system exclusively in ticket-selling roles, no Named User needs to be licensed.

(3) For any users not covered under (1) or (2), a SAP Professional User needs to be licensed.

### **3.10 SAP Regulatory Report by iBS, Accounts; SAP Regulatory Report by iBS, Derivatives; SAP Regulatory Report by iBS, P/C/S Cashflow; SAP Regulatory Report by iBS, Retail Cashflow.**

Licensed iBS software may only be Used to support Licensee's German, Austrian and/or Swiss business operations.

### **3.11 SAP Fraud Management, SAP Fraud Management for Public Sector, SAP Fraud Management for Insurance, SAP Fraud Management for Banking**

Licensee is allowed to create new tables and new views (database views, analytical views, projection views, attribute views, calculation views, etc.) on the database as long as they are used in the context of the SAP Fraud Management solution (e.g. to setup rules which access these tables/views). For SAP Fraud Management and SAP Fraud Management for Insurance, Licensee is also allowed to use 1 User of Predictive Analytics Modeler within the Fraud solution context. For SAP Fraud Management for Public Sector, Licensee is also allowed to use 3 Users of Predictive Analytics Modeler within the Fraud solution context. The Packages include the following Runtime Software of SAP BusinessObjects Lumira desktop edition, limited to one User per block of Licensed Metric for the Package

### **3.12 SAP Medical Research Insights**

The software gives instant access to information from multiple sources and allows visualizing and analyzing complex data sets in real-time.

The software is not intended to be used for diagnostic or therapeutic purposes. In particular and without limitation, the software is not intended to be used for (i) final selection of patients for a clinical study, or (ii) the detection, prevention, surveillance, treatment or relief of diseases, (iii) the detection, surveillance, treatment, relief or compensation of injuries and handicaps, or (iv) the examination, substitution or change of the anatomical structure or a physiological process of a human being.

### **3.13 SAP BusinessObjects Budgeting for Public Sector**

SAP BusinessObjects Budgeting for Public Sector includes the following Runtime Software: SAP BusinessObjects Planning and Consolidation, license for business planning only version for SAP NetWeaver Platform.

### **3.14 SAP Investigation Management for Public Sector**

SAP Investigation Management for Public Sector includes the following Runtime Software: (i) SAP BusinessObjects Enterprise, professional edition – to be used solely in conjunction with the Package's data.

#### **4. THIRD PARTY RESELLING**

- 4.1** *SAP LoadRunner by HP ("LR").* Licensee's Use of the LR software is limited solely to testing or monitoring pre-production SAP Software (including any and all software required to operate the particular SAP Software, further including the SAP Software's associated operating systems, databases, application servers, etc) only in quality assurance and similar non-production environments, and may only be Used on a single server.
- 4.2** *SAP LoadRunner by HP, Performance Center ("LR PCD").* Licensee's Use of the LR PCD software is limited solely to testing or monitoring pre-production SAP Software (including any and all software required to operate the particular SAP Software, further including the SAP Software's associated operating systems, databases, application servers, etc) or any other pre-production software (so long as the LR PCD software Documentation specifies that the licensed LR PCD software is prescribed for testing and monitoring such other pre-production software) only in quality assurance and similar non-production environments. Use of the Diagnostics for Composite Applications component ("Diagnostics") included with LR PCD is (i) subject to the forgoing Usage limitation and (ii) further limited to Use with a single Application Instance (as defined below) for every two hundred fifty (250) Virtual Users of LR PCD licensed. "Application Instance" means a monitored, non-production environment running an instance of an application (e.g. an instance of SAP Software, a java virtual machine or a database server counts as one Application Instance).
- 4.3** *SAP LoadRunner by HP, Performance Center ("LR PC").* Licensee's Use of the LR PC software is limited solely to testing or monitoring pre-production SAP Software (including any and all software required to operate the particular SAP Software, further including the SAP Software's associated operating systems, databases, application servers, etc) or any other pre-production software (so long as the LR PC software Documentation specifies that the licensed LR PC software is prescribed for testing and monitoring such other pre-production software) only in quality assurance and similar non-production environments.
- 4.4** *SAP Quality Center by HP, Enterprise Edition ("QC EE").* Licensee's Use of the QC EE software is limited solely to testing or monitoring pre-production SAP Software (including any and all software required to operate the particular SAP Software, further including the SAP Software's associated operating systems, databases, application servers, etc), and, if the applicable Order Form indicates that QC EE is licensed for "Full Use", Licensee's Use of the QC EE software shall also include the right to test or monitor any other pre-production software (so long as the QC EE software Documentation specifies that the licensed QC EE software is prescribed for testing and monitoring such other pre-production software), all in quality assurance and similar non-production environments only. The QC EE Bundle currently includes the SAP Quality Center by HP, Enterprise Edition – QuickTest Professional, TestDirector, Business Process Testing, Requirements Management, and Defects Management components.
- 4.5** *SAP Quality Center by HP, Premier Edition ("QC PE").* Licensee's Use of the QC PE software is limited solely to testing or monitoring pre-production SAP Software (including any and all software required to operate the particular SAP Software, further including the SAP Software's associated operating systems, databases, application servers, etc) or any other pre-production software (so long as the QC PE software Documentation specifies that the licensed QC PE software is prescribed for testing and monitoring such other pre-production software), all in quality assurance and similar non-production environments only. The QC PE Bundle currently includes the SAP Quality Center by HP, Premier Edition – QuickTest Professional, TestDirector, Business Process Testing, Requirements Management, and Defects Management components.
- 4.6** *SAP Employee File Management by OpenText ("EFM").* EFM contains a limited use license of SAP Document Access by OpenText that can only be used in conjunction with the EFM solution to manage employee related documents. Broader usage of Document Access would require separate licensing of that solution.
- 4.7** *SAP Document Access by OpenText ("DA"), SAP Archiving by OpenText ("Archiving").* Use is defined as access by employees and contractors who use the SAP Software components e.g. enterprise scan, business process views, full text search, etc. and/or store or retrieve documents on the OpenText Archive Server. Support for data archiving and access of archived data as well as support for SAP Information Lifecycle Management is included for the licensed entity as long as Licensee has licensed the minimum number of Archiving or SAP Document Access by Open Textusers.
- 4.8** *SAP Document Access by OpenText, Limited Access, SAP Archiving by OpenText, Limited Access, SAP Extended ECM by OpenText, Limited Access, SAP Extended ECM for Government by OpenText, Limited Access.* Each of Licensee's Users are limited to 52 Login Days per year. A "Login Day" means a day with one or more logins to the software by such user.
- 4.9** *SAP Invoice Management by OpenText ("IM").* An individual licensed to Use OCR must also be licensed for IM. The OCR is an optional component and there must be at least as many IM licenses as OCR licenses but there can be more IM licenses than OCR license.
- 4.10** *SAP Dispatching & Planning – Long Term Planning by Prologa; SAP Dispatching & Planning – Operational Planning by Prologa; SAP Legal Requirements by Prologa.* An individual licensed to Use any Prologa must be licensed (under separate Order Form to the Agreement) as an SAP Business Expert, Professional or Limited Professional User.
- 4.11** *SAP Mobile Order Management by PROLOGA.* A Named User license is not required if the access to the backend system is handled through the component SAP Mobile Order Management by PROLOGA. In all other cases an SAP Named User is required.
- 4.12** *SAP User Experience Management by Knoa.* SAP User Experience Management by Knoa is embedded or bundled with 5 (five) licenses of the following SAP Business Objects Software: SAP Business Objects Enterprise Premium, WebIntelligence, Xcelsius Enterprise, Xcelsius Enterprise Interactive Viewing, Crystal Reports ("Runtime Software"). Such Runtime Software may only be Used to access data created or enhanced by Knoa. Runtime Software may not be combined in the same Deployment as SAP BusinessObjects Software licensed independently from Knoa.
- 4.13** *BSI U.S. Payroll Tax Processing.* The BSI software is licensed for Use in conjunction with the payroll functionality contained in the SAP Payroll Software, which must be separately licensed. In addition, the license for the BSI software is limited for Use on a single Platform at a time (with the exception of a Platform migration period as BSI may allow). For purposes herein, the term "Platform" shall mean a single BSI Supported Configuration of the following: a single database, single server, single client software, and single operating system. For purposes herein, "BSI Supported Configuration" shall mean a configuration for which BSI makes support available for SAP Licensees of the BSI software. The BSI software license does not include a license to use any third party database, server, client software, or operating system. If Licensee wishes to change the Platform: (i) Licensee shall provide SAP written notice of the same and complete a Platform Change form (in a format acceptable to BSI); and (ii) SAP shall allow such change to the extent and under the conditions BSI generally makes available to SAP, including without limitation Licensee's payment of any platform change fees that apply.
- 4.14** *ANCILE*

For the following price list items the special term as described below does apply:

SAP Productivity Pak by ANCILE – excl. North America (7018979)

SAP Productivity Pak by ANCILE – North America (7018977)

When ANCILE software is used with standalone SAP BusinessObjects solutions namely Knowledge Accelerator products or to create education offerings for SAP BusinessObjects solutions that do not interface with SAP solutions that require SAP Named Users, such users must be licensed to use SAP BusinessObjects solutions based on either the SAP BusinessObjects Named User or CPU metric and do not need to be licensed as SAP Named User.

The amount of licensed “user” sales units for the SAP Productivity Pak by ANCILE or SAP Productivity Composer by ANCILE must match at least the total number of the licensed Named Users for the SAP BusinessObjects Knowledge Accelerator solutions, provided the SAP BusinessObjects Knowledge Accelerator is licensed along with the ANCILE solutions. SAP BusinessObjects Knowledge Accelerator may be licensed in the Named User or CPU capacity.

**4.15** *SAP Price and Margin Management by Vendavo.* Only the Pricing Analytics module is compatible with SAP HANA.

**4.16** *SAP Digital Content Processing by OpenText.* The OCR functionality is an optional component that is compatible only with Microsoft SQL Server Database.

## **5. SAP NETWEAVER**

Adapters are only available with a SAP NetWeaver PI license and are licensed for a defined release of a backend system or protocol. Maintenance for adapters covers the support of connectivity to a backend system or compliance to a protocol specification at that given release at the time of licensing. It is within SAP’s sole discretion to extend the use rights of an adapter (either partly or fully) to a higher release of the respective backend system or protocol. This applies to change of version of protocols as well.

Provided Licensee has licensed an SAP software component based on SAP NetWeaver, Licensee shall have rights to SAP Fiori and SAP Screen Personas. SAP Fiori and SAP Screen Personas software usage rights are included in the respective SAP NetWeaver Software components to the extent of licensee’s licensed use rights for such SAP prerequisite components.

*SAP NetWeaver Foundation Runtime License.* An application-specific runtime license of SAP NetWeaver Foundation is included with all Software Package licenses, provided that SAP NetWeaver is delivered with the software. This runtime license grants the Licensee the right to Use SAP NetWeaver Foundation only with (i) the licensed SAP application (including customization), (ii) Modifications (iii) Add-Ons to the SAP application that do not directly access the database of the SAP applications or the information contained therein, and (iv) third party applications that do not directly access the database of the SAP applications or the information contained therein. . Licensee’s Developer Users may Use the tools included in SAP NetWeaver Foundation runtime license only for the development of these Modifications and Add-Ons described above.

### **5.1 SAP NetWeaver Process Integration (PI) Adapters.**

The adapters listed here are available free of charge with the SAP Process Orchestration license: SAP NetWeaver Adapter for IDOCs, SAP NetWeaver Adapter for RFCs, SAP NetWeaver Adapter for File/FTP, SAP NetWeaver Adapter for Http(s), SAP NetWeaver Adapter for SOAP, SAP NetWeaver Adapter for JMS, SAP NetWeaver Adapter for JDBC, SAP NetWeaver Adapter for Mail Protocols (pop, imap, smtp), SAP NetWeaver Adapter for SAP BC Protocol, Secure File Transfer Protocol adapter (SFTP) and Pretty Good Privacy adapter module (PGP).

### **5.2 SAP NetWeaver OpenHub.**

With this license, data may be exported out of the licensed SAP NetWeaver BW and/or BW/4HANA into non-SAP software applications in an asynchronous, non real-time manner. Once data is asynchronously extracted to non-SAP software, there are no additional license fees required for SAP Software or SAP Named Users. For the purposes of this Section, “asynchronous extraction” means downloading data in bulk (i.e., not in response to a real-time Named User or system-generated reporting query) for analytical purposes.

### **5.3 Planning Application Kit.**

A license is required for either SAP Planning, version for SAP NetWeaver or SAP BusinessObjects Planning and Consolidation, version for SAP NetWeaver whenever the Planning Applications Kit is Used to develop planning applications that leverage in-memory processing of core planning functions

### **5.4 SAP NetWeaver BeXBroadcaster.**

Broadcasting recipients accessing SAP solutions or their respective components need to be licensed for such solutions. SAP NetWeaver BeX Broadcaster, provides Licensees with the ability to broadcast SAP NetWeaver BW information (e.g. BeX reports, BeX Queries and BeX workbooks) to support the distribution of mass information to large audiences in a personalized and secure manner.

### **5.5 SAP NetWeaver Business Warehouse Accelerator.**

Certain hardware restrictions may apply – details are available upon request.

### **5.6 SAP NetWeaver Master Data Management.**

SAP NetWeaver MDM, global data synchronization is not included into the scope of SAP Enterprise Master Data Management. For all Enterprise Master Data Management scenarios based on SAP NetWeaver Master Data Management products, a SAP Professional Named User license is required for users maintaining MDM data. In an Enterprise Master Data Management scenario, there is no named user license requirement for users reading/viewing and/or browsing MDM data. This includes, but is not limited to a business user using a search application to identify a record in the MDM repository or catalog users accessing a web catalog. For all embedded master data management scenarios based on SAP Master Data Governance products the appropriate Named User is required.

### **5.7 SAP Enterprise Master Data Management**

The SAP Enterprise Master Data Management, information stewardship option license allows Licensee to use DataServices (including DQM) and Information Steward within Master Data Management and Master Data Governance use cases only. A Master Data Management use case is defined as a scenario where data is cleansed, de-duplicated and loaded via Data Services into SAP NW MDM or SAP MDG, Data is distributed from SAP NW MDM, or SAP MDG to downstream systems via SAP DataServices. SAP DataServices is used for data management within the MDM repository of SAP NW MDM or SAP MDG.

SAP Enterprise Master Data Management, information stewardship option can only be sold and used in combination with SAP NetWeaver Master Data Management, SAP Master Data Governance or SAP Enterprise Master Data Management. Standard named user policy exceptions from these price list items apply also to " SAP Enterprise Master Data Management, data quality option.

For all Master Data Management scenarios based on SAP Master Data Governance products, a SAP Professional Named User license is required for users maintaining MDM data.

For all Enterprise Master Data Management scenarios based on SAP NetWeaver Master Data Management products, a SAP Professional Named User license is required for users maintaining MDM data. In an Enterprise Master Data Management scenario, there is no named user license requirement for users simply viewing or browsing MDM data. This includes, but is not limited to

- a line of business user using a search application to identify a golden record in the MDM repository
- catalog users accessing a web catalog
- a web application accessing the MDM repository via services to read clean master data.

Since MDG may be deployed at ERP/ECC and share the same persistency layer it's critical to distinguish active and inactive records. The license only assumes charging for the former and the latter may come in a few flavors:

- If an object is marked for deletion in ERP/ECC before MDG is deployed then it is considered inactive and not counted for the license blocks.
- If an object is marked for deletion in ERP/ECC after MDG is deployed then it is considered active and counted for the license blocks.
- If a customer developed a custom solution for the "other" domain and loads some data to MDG then prior to loading the customer should create a definition of inactive records and specify what field(s) mark such records. The marked for deletion objects are not counted for the license blocks. If there is no such a definition then all the objects are considered active.
- If an object is physically deleted from MDG or archived then it is not counted for the license blocks.

## **5.8 SAP Identity Management**

SAP Identity Management may be used by Licensee to integrate Licensee's SAP applications as part of an application-specific runtime license of SAP NetWeaver Foundation. Licensee is allowed to use no more than 10 Users of the SAP BusinessObjects Lumira Desktop Runtime Software regardless of the number of Identity Management licenses purchased.

## **5.9 SAP NetWeaver Portal, enterprise workspaces**

SAP NetWeaver Portal enterprise workspaces include the runtime rights of SAP NetWeaver Enterprise Portal. In case SAP NetWeaver Portal enterprise workspaces are used standalone without access to any SAP application SAP Named Users licenses are not required.

## **5.10 SAP Process Orchestration**

SAP Process Orchestration includes the rights to use SAP NetWeaver Process Integration (PI), SAP NetWeaver Business Process Management (BPM) and SAP NetWeaver Business Rules Management (BRM). SAP Process Orchestration includes a restricted runtime license of SAP NetWeaver Foundation for Third Party Applications to be used only in conjunction with SAP NetWeaver PI, BPM, and/or BRM.

## **5.11 SAP Process Orchestration, Edge edition, premier option**

SAP Process Orchestration, Edge edition, premier option includes the rights to use SAP Process Orchestration and SAP Data Integrator, Edge edition. Each one (1) Core license of SAP Process Orchestration, Edge edition, premier option includes the rights to one (1) Concurrent Session of SAP PowerDesigner EnterpriseArchitect, fifty (50) Users of SAP Single Sign-On and fifty (50) Users of SAP Identity Management. The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in SAP Process Orchestration, Edge edition, premier option may be installed and Used, excluding SAP Sybase PowerDesigner EnterpriseArchitect, SAP Single Sign-On, and SAP Identity Management which do not count against total Cores. SAP Process Orchestration, Edge edition, premier option includes a restricted runtime license of SAP NetWeaver Foundation for Third Party Applications to be used only in conjunction with SAP Process Orchestration. The Use of SAP Process Orchestration, Edge edition, premier option is limited to a maximum of eight (8) Cores.

## **5.12 SAP Process Orchestration, Edge edition, standard option**

SAP Process Orchestration, Edge edition, standard option includes the rights to use SAP Process Orchestration. Each one (1) Core license of SAP Process Orchestration, Edge edition, standard option includes the rights to one (1) Concurrent Session of SAP PowerDesigner EnterpriseArchitect. The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in SAP Process Orchestration, Edge edition, standard option may be installed and Used, excluding SAP PowerDesigner EnterpriseArchitect which does not count against total Cores. SAP Process Orchestration, Edge edition, standard option includes a restricted runtime license of SAP NetWeaver Foundation for Third Party Applications to be used only in conjunction with SAP Process Orchestration. The Use of SAP Process Orchestration, Edge edition, standard option is limited to a maximum of eight (8) Cores.

## **5.13 SAP Single Sign-On**

Users performing developer or administrative functions require a Named User license in addition to the Package License for the Software.

## **5.14 SAP Landscape Management**

Licensee acknowledges and agrees that it is Licensee's responsibility to ensure that it has all necessary third party license rights required to clone and/or copy an environment using this software, and Licensee has obtained and will maintain all such license rights necessary to use the functionality described herein, including without limitation the license right to operate the target system landscape after cloning and/or copying. Without limiting the materiality of other provisions of the Agreement, the parties agree that any violation by Licensee of third party license rights in this respect will be a material breach of the Agreement.

## **5.15 SAP Visual Business**

All standard SAP products include a limited license for the Licensee to use SAP Visual Business subject to the following restriction: Licensee may not modify use cases delivered by SAP, or view or create use cases not delivered by SAP standard applications, unless Licensee has expressly licensed SAP Visual Business (note SAP Visual Business Interface is licensed via SAP NetWeaver).

## **5.16 SAP Enterprise Threat Detection**

SAP Enterprise Threat Detection includes a limited runtime license for SAP Event Stream Processor and SAP HANA Smart Data Streaming Option.

## **5.17 SAP Intelligent Business Operations bundle**

SAP Intelligent Business Operations bundle includes the rights to use SAP Process Orchestration, SAP Event Stream Processor, and SAP HANA Operational Process Intelligence Option. Use of SAP HANA Operational Process Intelligence Option is restricted to (i) data from the included SAP Process Orchestration and SAP Event Stream Processor Software, and (ii) data from SAP Business Suite applications, if licensed separately by the Licensee. Each one (1) Core license of SAP Intelligent Business Operations bundle includes the rights to one (1) Concurrent Session of SAP PowerDesigner EnterpriseArchitect. The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in SAP Intelligent Business Operations bundle may be installed and Used, excluding SAP HANA Operational Process Intelligence Option and SAP PowerDesigner EnterpriseArchitect which do not count against total Cores.

#### **5.18 SAP Information Lifecycle Management ("ILM")**

ILM includes a restricted runtime license of SAP Landscape Transformation Replication Server ("SLT") to be used only in conjunction with ILM. ILM includes a restricted runtime license of 4 cores of SAP IQ Enterprise Edition (including SAP IQ Unstructured Data Analytics Option and SAP IQ Very Large Database Management Option) to be used solely as a data store for ILM.

#### **5.19 Productivity Apps**

Productivity Apps are either (1) an SAP application identified as such herein, or a certified or reviewed partner application, as set forth on <http://www.sap.com/pc/tech/mobile/software/solutions/platform/contracts-app-list.html> or <http://go.sap.com/docs/download/2016/02/4e932f70-617c-0010-82c7-eda71af511fa.pdf>, and where licensed by Licensee under the Agreement on a per user basis, or (2) any Licensee owned/licensed application, provided such apps: (a) are only used by an individual to support one or more of the following self service functions on behalf of himself or herself (predefined reports, travel planning, expense reporting, procurement, room reservation, employee time, employee attendance, employee records maintenance, employee directory, employee benefits, employee appraisals, employee talent and skills profiles) (the "Self Service Functions"); and (b) any interfacing of such apps with the Software and/or third party software licensed under the Agreement is limited to the extent necessary to support the Self Service Functions.

#### **5.20 SAP Master Data Governance, Edge edition**

SAP Master Data Governance, Edge edition may be Used to govern up to 200,000 master data objects in any combinations of the following domains: Financials, Supplier, Customers, Product, or Consumers.

#### **5.21 SAP NetWeaver OpenHub, Edge edition.**

With this license, data may be exported out of the licensed SAP NetWeaver BW into no more than two non-SAP software applications in an asynchronous, non real-time manner. Once data is asynchronously extracted to non-SAP software, there are no additional license fees required for SAP Software or SAP Named Users. For the purposes of this Section, "asynchronous extraction" means downloading data in bulk (i.e., not in response to a real-time Named User or system-generated reporting query) for analytical purposes.

#### **5.22 SAP NetWeaver Foundation for Third Party Applications**

The SAP NetWeaver Foundation for Third Party Applications license grants the Licensee, in addition to the SAP NetWeaver Foundation runtime license, the right to Use the SAP NetWeaver Foundation for Third Party Applications Software with (i) Add-Ons to the SAP application that directly access the database of the SAP applications or the information contained therein(\*), and (ii) third party applications that directly access the database of the SAP applications or the information contained therein.

*Important Notice:* A direct access to a database (including but not limited to Oracle and/or Microsoft databases) or the information contained therein may require Full Use licenses for that database. It is Licensee's responsibility to secure all appropriate rights from any applicable licensor(s).

(\*) Licensee's Developer Users may Use the tools included in SAP NetWeaver Foundation for Third Party Applications license for the development of these Add-Ons described above.

Mixing Core-base and user-based license metrics for SAP NetWeaver Foundation for Third Party Applications is not permitted. Licensees must decide the first time they purchase or license SAP NetWeaver Foundation for Third Party Applications which license metric (user-based or Core-based) they will use.

### **6. SAP Business Objects**

#### **6.1 SAP BusinessObjects Business Intelligence Solutions**

##### **6.1.1 SAP BusinessObjects Business Intelligence**

- (1) SAP BusinessObjects Enterprise, premium edition (user) and SAP BusinessObjects Enterprise, premium edition (CS) include the following Runtime Software:
  - (a) SAP BusinessObjects BI Semantic Layer RESTful Web Service SDK ("BI SDK") solely for the purposes of accessing semantic data. BI SDK is not available for use by third party products without an explicit agreement between SAP and the third party.
  - (b) SAP IQ which can be deployed on multiple instances, so long as total number of cores deployed across all instances does not exceed 8 cores,
  - (c) Data Integrator (DI) which may be deployed on multiple instances, so long as total number of cores deployed across all instances does not exceed 8 Cores, and the DI instances are not clustered. Use of the Data Integrator runtime (i) does not include Text Data Processing and (ii) may only load data into one target datastore.
  - (d) one Concurrent Session license of SAP PowerDesigner EnterpriseArchitect,
  - (e) one User of Predictive Analytics Modeler,
  - (f) SAP BusinessObjects Predictive Analytics Suite for deployment up to a maximum data size volume of 256 GB, and
  - (g) SAP HANA Vora for up to 4 nodes.
- (2) SAP BusinessObjects Enterprise, professional edition (user) and SAP BusinessObjects Enterprise, professional edition (CS) include the following Runtime Software:
  - a) SAP BusinessObjects BI Semantic Layer RESTful Web Service SDK ("BI SDK") solely for the purposes of accessing semantic data. BI SDK is not available for use by third party products without an explicit agreement between SAP and the third party.

- b) SAP IQ which can be deployed on multiple instances, so long as total number of cores deployed across all instances does not exceed 8 cores
  - c) Data Integrator (DI) which may be deployed on multiple instances, so long as total number of cores deployed across all instances does not exceed 8 Cores, and the DI instances are not clustered. Use of the Data Integrator runtime (i) does not include Text Data Processing and (ii) may only load data into one target datastore.
  - d) one Concurrent Session license of SAP PowerDesigner EnterpriseArchitect.
- (3) SAP BusinessObjects Enterprise, standard edition (user) and SAP BusinessObjects Enterprise, standard edition (CS) include runtime license to use the SAP BusinessObjects BI Semantic Layer RESTful Web Service SDK ("BI SDK"). BI SDK is not available for use by third party products without an explicit agreement between SAP and the third party.

For a single Deployment of SAP BusinessObjects BI platform only one edition can be used: either the SAP BusinessObjects Enterprise, standard edition, or professional edition, or premium edition model .

*Limitations for SAP BusinessObjects Enterprise, standard edition (user), SAP BusinessObjects Enterprise, professional edition (user), and SAP BusinessObjects Enterprise, premium edition (user):* One User can create a maximum of 10 simultaneous sessions.

*Limitations for SAP BusinessObjects Enterprise, standard edition (CS), SAP BusinessObjects Enterprise, professional edition (CS), and SAP BusinessObjects Enterprise, premium edition (CS):* The following Use rights are not available with Concurrent Session licenses.

- SAP BusinessObjects Enterprise.: Use of Business View Manager, Report Conversion Tool, Universe Design Tool, Web Service Query Tool, Information Design Tool, Translation Management Tool, Data Federation Administration Tool, Central Management Console, and/or Central Configuration Manager
- SAP Crystal Reports: Use of the Crystal Reports desktop client, and/or Crystal Reports for Enterprise desktop client
- SAP BusinessObjects Web Intelligence: Use of the Web Intelligence Rich Client
- SAP BusinessObjects Dashboards: Use of the Dashboards desktop client
- SAP BusinessObjects Lumira desktop edition: Use of the SAP BusinessObjects Lumira desktop client
- SAP BusinessObjects Design Studio: Use of the SAP BusinessObjects Design Studio desktop client, SAP BusinessObjects Design Studio runtime for SAP BW, and/or SAP BusinessObjects Design Studio runtime for SAP HANA
- SAP BusinessObjects Analysis for Microsoft Office: Use of Analysis edition for Microsoft Office with the SAP NetWeaver platform

*Oracle OLAP Data Provider for SAP BusinessObjects BI (OODP).* Licensee's license rights for SAP BusinessObjects Enterprise include a runtime license for the OODP. Licensee's Use of the OODP Runtime Software is limited solely to connecting SAP BusinessObjects BI software both directly and indirectly to Oracle OLAP Data. It cannot be used to provide data to non-SAP products or those outside the BI and Predictive Analytics Suite.

*SQL Anywhere.* Licensee's license rights for SAP BusinessObjects Enterprise include a runtime license for the SQL Anywhere database.

#### 6.1.1.2 *SAP BusinessObjects Enterprise, professional edition, public document*

Usage of desktop tools are not permitted under this license. Usage of features that modify the structure of the data set including (but not limited to) the Web Intelligence Query Panel, and Lumira Prepare tab are not permitted under this license. This license must be used in a separate Deployment from all other license models. No security can be put on the document – it must be completely public. All public document access in a given deployment must be funneled through the included SAP BusinessObjects Enterprise, professional edition (user) license.

#### 6.1.2 *SAP BusinessObjects Dashboards*

"Connected Presentation" means any SWF file created with SAP BusinessObjects Dashboards that refreshes, or otherwise changes the data contained in such SWF file (or SWF file exported to other supported file formats (e.g., PDF, AIR, PPT)),

Connected Presentations may be used only for users internal business purposes and not pursuant to a commercial sale, rental, or lease of the Connected Presentations (whether alone or in combination with another program or product).

#### 6.1.3 *SAP BusinessObjects BI Semantic Layer RESTful Web Service SDK ("BI SDK")*

BI SDK requires SAP BusinessObjects BI version 4.1 SP2 or later.

**Semantic Data Transfer and Persistence.** This Section describes certain limitations to the transfer of semantic data, and the persistence of semantic data being transferred, from the BI SDK.

- a. Any resolution of a BusinessObjects Universe query, with the limited exception of caching, must connect to a BusinessObjects Universe at runtime. A temporary cache is permitted for the sole purpose of improving the query performance of the Semantic Layer Web Service SDK implementation if the application does so temporarily, securely, and in a manner that does not permit use of the data or metadata outside of the application directly connecting to the Semantic Layer Web Services SDK.
- b. In enabling support for universes, use of the BI SDK interfaces is prohibited for any of the following purposes: (i) to crawl or index the BI SDK (or any data or metadata contained therein or managed thereby), (ii) the mass data and/or metadata extraction from the BI SDK to another product to create a new system of record for such data or metadata, or (iii) bypass or circumvent SAP's license restrictions or provide customers with access to the SAP BusinessObjects Universe Consumption for which such customers are not licensed.
- c. Subject to Section (b) above, a user may develop and use any of the BI SDK interfaces for the purpose of extracting and caching SAP Semantic Product data or metadata.

The user agrees that any product or solution using data retrieved from the BI SDK must open and maintain a valid SAP BusinessObjects BI session when connecting to the BI SDK and when connecting to a cache of the results from the BI SDK, similar to as if the user product had connected directly to the BI SDK. APIs that enable third party products to open and close a BI session are available in SAP's BI Platform SDK.

#### 6.1.4 *SAP BusinessObjects Predictive Analytics Suite*

SAP BusinessObjects Predictive Analytics Suite includes the following Runtime Software: 1 User of Predictive Analytics Modeler regardless of number of GB of Database Sizes licensed.

Use of Automated Predictive Library (APL) is not permitted when SAP BusinessObjects Predictive Analytics Suite is Used with SAP HANA Base Edition.

#### 6.1.4.1 *SAP BusinessObjects Predictive Analytics Suite, Edge Edition*

SAP BusinessObjects Predictive Analytics Suite, Edge Edition is licensed for Use only with SAP HANA, Edge Edition, advanced version. This edition includes 1 User of SAP BusinessObjects Predictive Analytics Modeler regardless of number of GB Database Sizes licensed. Use of this edition is limited to: one database and up to 128 GB of Database Size.

#### 6.1.4.2 *SAP BusinessObjects Predictive Analytics Modeler* may not connect to SAP HANA as a data source without a license for SAP BusinessObjects Predictive Analytics Suite.

#### 6.1.5 *SAP Enterprise Information Management Solutions*

##### 6.1.5.1 *SAP Enterprise Information Management (EIM) Packages*

The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in the EIM packages may be installed and Used. Directories are not included and must be licensed separately.

#### 6.1.6 *SAP Data Services, SAP Data Integrator, SAP Data Quality Management, and SAP Agile Data Preparation software*

Directories are not included and must be licensed separately.

##### 6.1.6.1 *SAP Data Services*

The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in SAP Data Services may be installed and Used. Data Services includes a restricted runtime license for 4 Core licenses of SAP Information Steward as Runtime Software. Use of such SAP Information Steward Runtime Software is limited to Cleansing Package Builder and the Basic and Advanced Profiling capabilities. These profiling capabilities do not include the ability to write data quality rules and create scorecards in SAP Information Steward.

##### 6.1.6.2 *Data Quality Management ("DQM") SDK*

A license to Data Quality Management SDK may be acquired in two configurations as follows: (1) a stand-alone or non-bundled configuration ("DQM SDK Non-Bundled Configuration") and (2) bundled with Core Metric licenses to Data Services and/or DQM Premium ("DQM SDK Bundled Configuration"). If acquired in the DQM SDK Non-Bundled Configuration, then a license to DQM SDK is provided as a Server License. If acquired in the DQM SDK Bundled Configuration, then licenses to DQM SDK are included as part of the Core Metric licenses of Data Services and/or DQM Premium licensed by Licensee, such that a subset of the number of such Core licenses licensed by Licensee may be Used to solely run DQM SDK, provided that the aggregate number of licenses deployed for DQM SDK and Data Services and DQM Premium must not exceed the total of Data Services and DQM Premium licenses acquired. For example, if Licensee has in the aggregate licensed six Core licenses of Data Services and/or DQM Premium, then Licensee may Use two Core licenses to run DQM SDK and the remaining 4 Core licenses to run Data Services and/or DQM Premium; or Licensee may Use three Core licenses to run DQM SDK and the remaining 3 Core licenses to run Data Services and/or DQM Premium; or Licensee may Use all six Core licenses to run DQM SDK.

##### 6.1.6.3 *SAP Information Steward*

The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in SAP Information Steward may be installed and Used.

##### 6.1.6.4 *SAP Data Services, enterprise edition*

The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in SAP Data Services, enterprise edition may be installed and Used, excluding SAP PowerDesigner EnterpriseArchitect which does not count against total Cores. SAP Data Services, enterprise edition includes ten (10) Concurrent Sessions of SAP PowerDesigner EnterpriseArchitect.

##### 6.1.6.5 *SAP Data Integrator, premium edition*

The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in SAP Data Integrator, enterprise edition may be installed and Used, excluding SAP PowerDesigner EnterpriseArchitect which does not count against total Cores. SAP Data Integrator, premium edition includes five (5) Concurrent Sessions of SAP PowerDesigner EnterpriseArchitect.

## 6.2 **SAP Enterprise Performance Management**

The Enterprise Performance Management Professional Edition Packages ("EPM Professional Ed.") include the following:

- SAP BusinessObjects Planning & Consolidation, Version for Microsoft Platform, Professional Edition
- SAP BusinessObjects Planning & Consolidation, Version for SAP NetWeaver, Professional Edition
- SAP BusinessObjects Planning & Consolidation, License for Business Planning Only, Version for Microsoft Platform, Professional Edition
- SAP BusinessObjects Planning & Consolidation, License for Business Planning Only, Version for SAP NetWeaver, Professional Edition
- SAP BusinessObjects Planning & Consolidation, License for Consolidation Only, Version for SAP NetWeaver, Professional Edition
- SAP BusinessObjects Strategy Management, Professional Edition
- SAP BusinessObjects Financial Information Management, Professional Edition
- SAP BusinessObjects Financial Consolidation, Professional Edition
- SAP BusinessObjects Profitability and Cost Management, Professional Edition
- SAP BusinessObjects Disclosure Management, Professional Edition

The Enterprise Performance Management Standard Edition Packages ("EPM Standard Ed.") includes the following:

- SAP BusinessObjects Planning & Consolidation, Version for Microsoft Platform, Standard Edition
- SAP BusinessObjects Planning & Consolidation, Version for SAP NetWeaver, Standard Edition
- SAP BusinessObjects Planning & Consolidation, License for Business Planning Only, Version for Microsoft Platform, Standard Edition
- SAP BusinessObjects Planning & Consolidation, License for Business Planning Only, Version for SAP NetWeaver, Standard Edition
- SAP BusinessObjects Planning & Consolidation, License for Consolidation Only, Version for SAP NetWeaver, Standard Edition
- SAP BusinessObjects Strategy Management, Standard Edition
- SAP BusinessObjects Financial Information Management, Standard Edition
- SAP BusinessObjects Financial Consolidation, Standard Edition

- SAP BusinessObjects Profitability and Cost Management, Standard Edition
- SAP BusinessObjects Disclosure Management, Standard Edition

Data may only be extracted from EPM Standard Ed and EPM Professional Ed packages in the form of static reports (i.e. word, excel, pdf, etc.). Any user viewing the data in a form other than the EPM system UI or via a static report requires an EPM Professional Ed. or EPM Standard Ed package license.

The EPM Standard Ed and EPM Professional Ed include the following Runtime Software: (i) SAP BusinessObjects Business Intelligence Platform which is limited to use of the following: (a) use of the Central Management Server ("CMS") to authenticate and/or authorize users for the applications; (b) use of the Central Management Console ("CMC") to administer user rights and privileges as they pertain to the applications.

**EPM Standard Ed.** Use is limited to (i) direct input and/or editing of quantitative and qualitative data into the application; (ii) execution of existing reports or creation of reports on existing data structures; (iii) execution of changes to workflow tasks; and (iv) viewing data, except that users accessing the package through an interface are limited to viewing data only. Consolidation functionality is limited to running controls on data submitted by Licensed users. Planning functionality is limited to performing planning tasks only on existing models.

- 6.2.1 **SAP BusinessObjects Financial Consolidation.** Use of SAP BusinessObjects BI Platform included with SAP BusinessObjects Financial Consolidation is limited solely to the following features: (a) use of the Central Management Server ("CMS") to authenticate and/or authorize users for the applications listed above; (b) use of the Central Management Console ("CMC") to administer user rights and privileges as they pertain to the application; (c) use of Infoview to navigate and launch Analyzer workspaces. SAP BusinessObjects Financial Consolidation includes a limited runtime license for SAP BusinessObjects Intercompany.
- 6.2.2 **SAP BusinessObjects Planning and Consolidation.** SAP BusinessObjects Planning and Consolidation includes a limited runtime license for SAP BusinessObjects Intercompany and SAP BusinessObjects Analytics for Microsoft Office.
- 6.2.3 **SAP BusinessObjects Planning and Consolidation, License for Consolidation Only.** SAP BusinessObjects Planning and Consolidation, License for Consolidation Only includes a limited runtime license for SAP BusinessObjects Intercompany and SAP BusinessObjects Analytics for Microsoft Office. SAP BusinessObjects Planning and Consolidation, License for Consolidation Only may be used solely for the calculation and reporting of the consolidated financial results of a group of companies or for separate financial statement reporting where the application is being used to calculate and report investments at equity, applying generally accepted accounting concepts related to accounting for business combinations and / or equity accounting for investments. The creation and calculation of budget, plan, or forecast data (forward looking data) is not permitted.
- 6.2.4 **SAP BusinessObjects Planning and Consolidation, license for Business Planning Only.** SAP BusinessObjects Planning and Consolidation, license for business planning only may be used solely for the creation and calculation of budget, plan, or forecast data (forward looking data). The calculation and reporting of the consolidated financial results of a group of companies or for separate financial statement reporting where the application is being used to calculate and report investments at equity, applying generally accepted accounting concepts related to accounting for business combinations and / or equity accounting for investments is not permitted.
- 6.2.5 **SAP BusinessObjects Financial Information Management**

When licensing SAP BusinessObjects Financial Information Management, SAP Data Integrator may be Used:

- solely with certain licensed SAP BusinessObjects solutions for SME, SAP analytic applications, SAP NetWeaver BW and SAP EPM On-Demand, together with certain licensed SAP EPM applications, which is specified and Used in accordance with the Documentation; and
- solely for Use with SAP BusinessObjects Financial Information Management.

SAP BusinessObjects Financial Information Management is to be licensed whenever data integration with third party systems is required.

### 6.3 SAP Governance, Risk and Compliance Solutions.

The following SAP Governance, Risk and Compliance (GRC) solutions include the following Runtime Software: (i) SAP BusinessObjects BI Platform, (ii) SAP Crystal Reports, (iii) SAP BusinessObjects Dashboards, (iv) SAP BusinessObjects Web Intelligence and (v) SAP BusinessObjects Lumira desktop edition.

- SAP Process Control
- SAP Risk Management
- SAP Enterprise Risk and Compliance Management, risk management
- SAP GTS
- SAP Electronic Invoicing f. Brazil (NFE - Inbound)
- SAP Electronic Invoicing f. Brazil (NFE - Outbound)

The following SAP Governance, Risk and Compliance (GRC) solutions are limited (regardless of how many blocks of GRC are licensed) to 10 Users of each of the Following Runtime Software: (i) SAP Crystal Reports, (ii) SAP BusinessObjects Dashboards, (iii) SAP BusinessObjects Lumira desktop edition and (iv) SAP Identity Analytics.

- SAP Access Control
- SAP Access Control, starter edition

The following SAP Governance, Risk and Compliance (GRC) solutions include 10 Users of the following Runtime Software: (i) SAP BusinessObjects Lumira desktop edition. Use of such Runtime Software is limited solely with GRC application data..

- SAP Identity Management

#### 6.3.1 SAP Access Control, starter edition

Use of SAP Access Control, starter edition is limited to the measuring, monitoring and reporting of access risks; and administering and reporting of superuser access.

#### 6.3.2 SAP Global Trade Services Export For Midsize Companies

Use of SAP Global Trade Services Export For Midsize Companies is limited to a maximum of three (3) countries involved overall in exporting to and from.

### 6.3.3 *SAP Electronic Invoicing for Brazil (Nota Fiscal Electronica)*

SAP Electronic Invoicing for Brazil – Outbound and Inbound (Nota Fiscal Electronica – Outbound or Inbound) includes a runtime license SAP PI.

## 6.4 **SAP BusinessObjects solutions for SME**

### 6.4.1 *SAP Data Services, Edge edition, Data Integrator, Edge edition and Data Quality Management, Edge edition (Edge EIM Solutions)*

The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in SAP Data Services, Edge edition may be installed and Used. Directories are not included in any of the Edge EIM Solutions and must be licensed separately. Each deployment of any of the Edge EIM Solutions is limited to a single server, with a minimum of 4 Cores and a maximum of 8 Cores.

### 6.4.2 *SAP BusinessObjects Planning and Consolidation, Edge edition*

The licensing of the SAP BusinessObjects Planning and Consolidation, Edge edition is restricted to 70 users maximum on a maximum deployment of a single application server.

### 6.4.3 *SAP BusinessObjects BI, Edge edition (BI Edge)*

Each deployment of SAP BusinessObjects BI, Edge edition (BI Edge) has maximum limits of 100 named users and 50 Concurrent Sessions on a single server. SAP BusinessObjects BI, Edge edition can be installed on a separate server solely for the purpose of using with SAP Lumira Server for BI Platform. The license includes the following Runtime Software: (i) SAP IQ and (ii) Data Integrator, both of which may be deployed on the same server as the BI Edge platform, or on a separate server up to a maximum of 8 cores in the case of SAP IQ or a maximum of 8 cores in the case of Data Integrator, and (iii) one (1) Concurrent Session license of SAP PowerDesigner DataArchitect, Edge edition.

Use of the Data Integrator runtime may only load data into one target datastore.

Use of SAP IQ Runtime Software is limited to access by and through the BI Edge platform and SAP BusinessObjects Predictive Analytics Suite.

Certain functions of BI Edge are only supported with a User license metric, not with a Concurrent Session license (refer to “Concurrent Session Limitations” in 6.1.1). SAP BusinessObjects BI, Edge edition includes runtime license to use the SAP BusinessObjects BI Semantic Layer RESTful Web Service SDK (“BI SDK”) solely for the purposes of accessing semantic data.

### 6.4.4 *SAP Hybris B2C Commerce Suite - Revenue, Edge edition, SAP Hybris B2B Commerce Suite - Revenue, Edge edition*

Use of SAP Hybris B2C Commerce Suite or SAP Hybris B2B Commerce Suite, Edge Edition is limited to: one cluster environment (no more than two application servers and no more than one database in such cluster) and two Web Presences.

### 6.4.5 *SAP BusinessObjects Lumira, standard edition.* Licensee cannot use SAP BusinessObjects Lumira standard edition to access data in SAP applications, with the exception of accessing data in SAP HANA and SAP Business One.

## 7. **SAP CRYSTAL**

### 7.1 **Use Rights for All SAP Crystal Products**

#### 7.1.1 Definitions

##### 7.1.1.1 “SAP Crystal software” is defined to be the following products: SAP Crystal Reports, SAP Crystal Server, SAP Crystal Reports Server, SAP Crystal Dashboard Design, SAP Crystal Presentation Design, SAP Crystal Interactive Analysis, and Xcelsius Engage Server.

##### 7.1.1.2 “Desktop SAP Crystal software” is defined to be all SAP Crystal products except for SAP Crystal Server and SAP Crystal Reports Server.

##### 7.1.1.3 “Connected Presentation” means any SWF file created with SAP Crystal Dashboard Design personal edition, SAP Crystal Dashboard Design departmental edition, or Xcelsius Engage Server that refresh, publish, push or otherwise change data contained in such SWF file (or SWF file exported to other supported file formats (e.g., PDF, AIR, PPT)),

##### 7.1.1.4 “Self Contained Presentation” means any SWF file created with SAP Crystal Presentation Design, SAP Crystal Dashboard Design personal edition, SAP Crystal Dashboard Design departmental edition, or Xcelsius Engage Server that does not refresh, publish, push or otherwise change data contained in such SWF file (or SWF file exported to other supported file formats (e.g., PDF, AIR, PPT)).

#### 7.1.2 SAP Crystal Software Usage. Licensee may use SAP Crystal software to deliver training and consulting services for such SAP Crystal software, provided that each individual receiving the benefits of the training or consulting services has acquired a license separately to Use the applicable SAP Crystal Software.

#### 7.1.3 Desktop SAP Crystal Software Usage. With the exception of Connected Presentations, and subject to Section 7.2.8, Licensee may distribute the output files (e.g. PDF, SWF, XLF, WID or RPT file format) generated by the Desktop SAP Crystal software to third parties provided that Licensee complies with the following requirements:

- (a) the output files reside outside of the Software and do not Use the Software;
- (b) Licensee remains solely responsible for support, technical or other assistance, required or requested by anyone receiving such output files;
- (c) Licensee does not use the name, logo, or trademark of Licensor, or the Software, without prior written permission from SAP;
- (d) Licensee will defend, indemnify and hold SAP harmless against any claims or liabilities arising out of the use, reproduction or distribution of output files;
- (e) Licensee shall secure the end user’s (“End User”) consent to terms substantially similar to the terms set forth in Section 7.2.7(e).

#### 7.1.4 Training Workstation License for Desktop SAP Crystal software. When Desktop SAP Crystal software is used on a workstation that is used exclusively for training, the license applies to the workstation and not the named user using the Software. One license is required per training workstation.

#### 7.1.5 Use of Screenshots and wordmarks for SAP Crystal software. Licensee may reproduce and distribute screen shots and wordmarks for SAP Crystal software in documents or media provided that:

- a) The document or media isn’t for commercial training material or third party training material and/or for-profit training material.
- b) Licensee’s Use may not be obscene or pornographic, and Licensee may not be disparaging, defamatory, or libelous to SAP, any of its software, or any other person or entity.
- c) Licensee’s Use may not directly or indirectly imply SAP sponsorship, affiliation, or endorsement of Licensee’s product or service.

- d) Licensee may not Use the screen shot in a comparative advertisement
- e) Licensee may not alter the screen shot in any way except to resize or crop the screen shot.
- f) Licensee may not include portions of a screen shot in other product user interface.
- g) Licensee may not Use screen shots that contain third-party content unless Licensee has obtained the express permission from the third-party.
- h) Licensee must include the following copyright attribution statement: "SAP product screen shot(s) reprinted with permission from SAP."
- i) If Licensee's Use includes references to a SAP Software, Licensee must use the full name of the Software.
- j) Licensee may not use a screen shot that contains an image of an identifiable individual unless Licensee has obtained permission from the individual.

## 7.2 SAP Crystal Reports runtime product

- 7.2.1 **Scope.** This section applies to the runtime product included in SAP Crystal Reports 2008, Crystal Reports XI, SAP Crystal Reports for Visual Studio 2010, and SAP Crystal Reports for Eclipse.
- 7.2.2 **Definitions**
- 7.2.2.1 "**Client Application**" means an application developed by Licensee that a) utilizes the Runtime Product, b) is installed fully on an end user's machine, with all report processing local to that machine, and c) adds significant and primary functionality to the Runtime Product.
- 7.2.2.2 "**Internal Installation**" or "**Internally Install**" means installing into production Client Applications and/or Server Applications on one or more computers within Licensee's company or organization only in connection with Licensee's internal business purposes.
- 7.2.2.3 "**Distribution**" or "**Distribute**" means selling, leasing, licensing or redistributing Client Applications and/or Server Applications to third party end users external to Licensee's company or organization.
- 7.2.2.4 "**Runtime Product**" means the version specific files and application program interfaces (APIs) specified in the RUNTIME.TXT file provided with SAP Crystal Reports 2008, SAP Crystal Reports for Eclipse 2.0, and SAP Crystal Reports for Visual Studio 2010.
- 7.2.2.5 "**Server Application**" means an application developed by Licensee that a) utilizes the Runtime Product, b) allows more than one user to Use the Runtime Product through any middle tier application(s), and c) adds significant and primary functionality to the Runtime Product. A Client Application installed in a Windows terminal server environment (e.g. Citrix or Microsoft Remote Desktop Platform) is a Server Application.
- 7.2.3 **Usage.** Licensee may install and Use a single copy of the Runtime Product to develop Client Applications and Server Applications. The Distribution and Internal Installation terms and conditions differ based on the type of applications Licensee develops, as described in the following sections.
- 7.2.4 **Internal Installation of Client Applications and Server Applications.** Licensor grants Licensee a personal, nonexclusive, limited license to Internally Install the Runtime Product with Client Applications and Server Applications.
- 7.2.5 **Distribution of Client Applications.** Subject to Licensee's compliance with all of the terms herein, including without limitation section 7.2.7, Licensor grants Licensee a personal, nonexclusive, limited license to Distribute Client Applications.
- 7.2.6 **Distribution of Server Applications.** Subject to Licensee's compliance with all of the terms herein, including without limitation section 7.2.7, Licensor grants Licensee a personal, nonexclusive limited license to Distribute Server Applications to third parties provided that the Licensee has acquired a licensed copy of Crystal Reports for each Deployment of a Server Application that is Distributed, and the version of the Runtime Product utilized by such Server Application is the same version as Licensee's licensed copy of Crystal Reports.
- 7.2.7 **Runtime Product Distribution Requirements.**  
If Licensee distributes the Runtime Product to third parties pursuant to sections 7.2.5 or 7.2.6, Licensee shall comply with the following requirements:
- (a) Licensee remains solely responsible for support, service, upgrades, and technical or other assistance, required or requested by anyone receiving such Runtime Product copies or sample applications;
  - (b) Licensee does not use the name, logo, or trademark of Licensor, or the Software, without prior written permission from SAP;
  - (c) Licensee will defend, indemnify and hold SAP harmless against any claims or liabilities arising out of the use, reproduction or distribution of Runtime Product or the associated application;
  - (d) Licensee shall not distribute the Runtime Product with any general-purpose report writing, data analysis or report delivery product or any other product that performs the same or similar functions as SAP's product offerings; and
  - (e) Licensee shall secure the end user's ("End User") consent to terms substantially similar to the following:  
End User agrees not to modify, disassemble, decompile, translate, adapt or reverse-engineer the Runtime Product or the report file (.RPT) format;  
End User agrees not to distribute the Runtime Product to any third party or use the Runtime Product on a rental or timesharing basis or to operate a service bureau facility for the benefit of third-parties;  
End User agrees not to use the Runtime Product to create for distribution a product that is generally competitive with SAP's product offerings;  
End User agrees not to use the Runtime Product to create for distribution a product that converts the report file (.RPT) format to an alternative report file format used by any general-purpose report writing, data analysis or report delivery product that is not the property of SAP;
- 7.2.8 SAP AND ITS SUPPLIERS DISCLAIM ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT OF THIRD PARTY RIGHTS. SAP AND ITS SUPPLIERS SHALL HAVE NO LIABILITY WHATSOEVER FOR ANY DIRECT, INDIRECT, CONSEQUENTIAL, INCIDENTAL, PUNITIVE, COVER OR OTHER DAMAGES ARISING UNDER THIS AGREEMENT OR IN CONNECTION WITH THE APPLICATION OR RUNTIME PRODUCT.

## 7.3 SAP Crystal Dashboard Design, departmental edition.

- 7.3.1 **Usage.** Presentations created with the departmental edition of SAP Crystal Dashboard Design may be freely redistributed.
- SWF files generated by the departmental edition that access data exclusively with the Crystal Reports connector can be embedded into a Crystal Report and the resulting report can be redistributed without any additional licensing requirements.
- 7.3.2 **Restrictions.** SWF files generated by the departmental edition:
- Cannot be deployed to SAP BusinessObjects Enterprise or SAP BusinessObjects Edge.
  - Can be deployed standalone only to SAP Crystal Reports Server or SAP Crystal Server.
  - Cannot access any data sources from SAP Software, with the exception of SAP BusinessOne.

- Cannot be distributed to more than 100 end users.

Connected Presentations may be used only for users internal business purposes and not pursuant to a commercial sale, rental, or lease of the Connected Presentations (whether alone or in combination with another program or product).

#### 7.4 SAP Crystal Dashboard Design, personal edition

7.4.1 **Usage.** Self Contained Presentations created with the personal edition of SAP Crystal Dashboard Design may be freely redistributed. SWF files created by the personal edition of SAP Crystal Dashboard Design that access data exclusively with the Crystal Reports connector can be embedded into a Crystal Report and the resulting report can be redistributed without requiring additional licensing.

7.4.2 **Restrictions.** SWF files generated by the personal edition:

- Cannot be deployed to SAP BusinessObjects Enterprise or SAP BusinessObjects Edge.
- Can be deployed standalone only to SAP Crystal Reports Server, or SAP Crystal Server.
- Cannot access any data sources from SAP Software, with the exception of SAP BusinessOne.

Connected Presentations may be used only for users internal business purposes and not pursuant to a commercial sale, rental, or lease of the Connected Presentations (whether alone or in combination with another program or product).

#### 7.5 SAP Crystal Presentation Design

7.5.1 **Usage.** Self Contained Presentations created with all editions of SAP Crystal Presentation Design may be freely redistributed. Licensees of the enterprise edition of SAP Crystal Presentation Design can deploy the Software to any number of employees and contractors, provided those employees and contractors are directly employed by the Licensee. This license does not extend beyond Licensee's corporate entity and excludes all subsidiaries or affiliates of the Licensee.

7.5.2 **Restrictions.** The student edition of SAP Crystal Presentation Design may only be Used by full time or part time students of a secondary or post-secondary educational institution.

#### 7.6 SAP Crystal Server

7.6.1 **Scope.** This section applies to SAP Crystal Reports Server and SAP Crystal Server. Throughout this section, the term 'SAP Crystal Server' shall be defined to include both products.

7.6.2 **Usage.** SAP Crystal Reports which contain SWF files created by either the personal or departmental edition of SAP Crystal Dashboard Design that access data exclusively with the Crystal Reports connector can be viewed by users with either User or CAL licenses. Licensee may use SAP Crystal Server's mobile features or functionalities.

7.6.3 **Restrictions.** For each Deployment, SAP Crystal Server may be installed and Used only on a single Server. Licensee may not attempt to cluster the system across multiple live Servers. Licensee cannot use SAP Crystal Server to access data in SAP applications with the exception of SAP Business One.

The following content can only be viewed using User licenses:

- SAP Crystal Reports
- SAP Crystal Dashboard Design, departmental edition
- SAP BusinessObjects Explorer (SAP Crystal Server 2011 and later only)

The following content can only be viewed using CSBL licenses:

- SAP Crystal Reports
- SAP Crystal Dashboard Design, departmental edition (SAP Crystal Server 2016 and later only)
- SAP BusinessObjects Explorer (SAP Crystal Server 2016 and later only)

The following integration kits are not licensed for Use with SAP Crystal Server:

- SAP BusinessObjects Integration for PeopleSoft Enterprise
- SAP BusinessObjects Integration for JDE EnterpriseOne
- SAP BusinessObjects Integration for Siebel
- SAP BusinessObjects Integration for Oracle E-Business Suite
- SAP BusinessObjects Integration for SAP

SAP Crystal Server includes runtime license to use the SAP BusinessObjects BI Semantic Layer RESTful Web Service SDK ("BI SDK") solely for the purposes of accessing semantic data.

Each SAP Crystal Server 2016 (and later) named users license includes one (1) named user license of SAP Crystal Reports and one (1) named user license of SAP Crystal Dashboard Design, departmental edition.

7.6.4 **SAP Crystal Server, analytics edition** has a maximum limit of 100 named users and 250 concurrent sessions on a single server. The license includes the following Runtime Software: (i) SAP IQ, which may be deployed either on the same server as Crystal Server, or on a separate server up to a maximum of 16 cores and (ii) Data Integrator, Edge edition, which may be deployed on the same server as Crystal Server, or a separate server up to a maximum of 6 Cores, and (iii) one (1) Concurrent Session license of SAP PowerDesigner DataArchitect, Edge edition.

Use of the Runtime Software is limited to the following: Data Integrator, Edge edition (i) does not include Text Data Processing and (ii) can connect to and leverage any existing CMS repositories residing on a separate server in the customer's landscape and can only be used to load data into the included SAP IQ, from any number of SAP data sources, and up to two database types under the database interfaces.

Use of SAP IQ Runtime Software is limited to access by and through SAP Crystal Server.

SAP Crystal Server, analytics edition includes runtime license to use the SAP BusinessObjects BI Semantic Layer RESTful Web Service SDK ("BI SDK") solely for the purposes of accessing semantic data.

#### 7.7 Xcelsius Engage Server

7.7.1 **Usage.** Self Contained Presentations created with Xcelsius Engage Server may be freely redistributed. A connected presentation that receives its data exclusively from the Crystal Reports connector, and is embedded into a Crystal Report is considered a self-contained presentation.

7.7.2 **Restrictions.** SWF files generated by Xcelsius Engage Server cannot be deployed to SAP BusinessObjects Enterprise or SAP BusinessObjects Edge.

Connected Presentations may be used only for users internal business purposes and not pursuant to a commercial sale, rental, or lease of the Connected Presentations (whether alone or in combination with another program or product).

## 7.8 SAP Crystal Reports Server OEM Embedded

7.8.1 SAP Crystal Reports Server OEM Embedded ("CRSE") may only be installed and used on a single Server whether the Software is licensed on a User or Server basis. Licensee may not attempt to cluster the system across multiple live Servers. Licensee cannot use CRSE to access data in SAP applications.

## 8. SUPPLEMENTARY PRODUCTS

### 8.1 Directories.

Following are additional license conditions for content/reference data (address data, geo data etc...) provided in Data Quality and Data Services products ("Directories")

- 8.1.1
- Directories, any related documentation and any intellectual property rights therein at all times remain the property of SAP and its third party suppliers (as the case may be);
  - Licensees are not permitted to resell the data. Directories shall not be used within a service bureau environment. In selected cases, the use by an affiliate will require a separate license (see all specific directory restrictions in the "Pass Through Terms for Directories" attached hereto as Exhibit 5 which constitute a part of the terms and conditions of Licensee's use of such Directories).
  - Directories may only be used together with the SAP Data Quality and/or Data Services Products; a perpetual license for the SAP Data Quality and Data Services Products is a prerequisite for using Directories;
  - Directories may not be used for creating a mailing list, database or other derivative work, but may be used to cleanse an existing mailing list or database of an End User;
  - Directories will be updated from time to time: only the current version of an Directory may be used;
  - SAP may use a software utility mechanism in Directories that imposes time limitations to prevent the use of outdated Directories;
  - SAP's third party suppliers shall have no liability to End User or any third party as a result of End User's use of the Directories or any services you receive related to the use of the Directories;
  - Content updates will not be provided by SAP hereunder, except to the extent the Directories' third party supplier(s) makes content updates available to SAP. In no case shall any SAP maintenance or support be provided for the Directories licensed herein.
  - A third-party supplier for Directories may elect to terminate SAP's right to distribute Directories or to provide updates during the term of your subscription, in which case Licensee's sole remedy will be to receive a refund of fees for the portion of the subscription for which Licensee is unable to use such Directories, unless otherwise stated in the Pass-Through Terms.

8.1.2 Licensing Information

- Directories are sold on a subscription model basis, therefore no annual maintenance fee is to be charged and, except to the extent the Directories content source makes content updates available to SAP, no SAP maintenance or support is provided for these products.
- Subscription fees may include charges from domestic or international postal authorities or other data providers.
- The Initial Term of this shall be 12 (twelve) calendar months from the Effective Date of the "Initial Term".
- Automatic renewals occur on an annual basis, subject to availability of the licensed Directory on the current SAP List of Prices and Conditions, and will be processed and invoiced according to the then current pricing and terms. After the Initial Term, this subscription license may be terminated by either party with 90 days written notice prior to the start of the following Renewal Term. Any termination must be in writing to the affected party and will be effective at the end of the then-current Initial/Renewal Term during which the termination notice is received by SAP.

8.1.3 In no event shall SAP's total liability for damages of any kind or nature in any way arising from or related to the licensed Directories exceed an amount equal to the annual Subscription Fee paid in the twelve (12) month period prior to the date of the claim.

### 8.2 Generic Products

8.2.1 SAP Test Acceleration and Optimization.

SAP Test Acceleration and Optimization requires a license of HP Quality Center including the modules Business Process Testing and QuickTest Professional. This can be licensed from HP directly or by licensing "SAP Quality Center by HP" (material number 7010568).

8.2.2 SAP Landscape Transformation, enterprise edition ("LT")

The license for LT is explicitly connected to the customer installation(s) identified by Licensee is non-transferrable.

8.2.3 SAP Landscape Transformation Replication Server ("SLT")

SAP Landscape Transformation Replication Server ("SLT") includes SAP Mobile Platform ("Mobile Platform") as Runtime Software. The Mobile Platform is licensed for use with the licensed SLT Server only. Any additional use of the Mobile Platform requires an additional license.

8.2.4 SAP Test Data Migration Server

SAP Test Data Migration Server includes SAP Mobile Platform ("Mobile Platform") as Runtime Software. The Mobile Platform is licensed for use with the licensed SAP Test Data Migration Server only. Any additional use of the Mobile Platform requires an additional license.

## 9. DATABASE AND TECHNOLOGY PORTFOLIO PRODUCTS (EXCLUDING HANA)

9.1 Product versions marked as "Earlier Versions" on SAP Service Marketplace may only be downloaded and/or used by Licensees who are or previously were Sybase customers and who have or previously had licensed the particular earlier version of software that they wish to download and/or use.

9.2.1 SAP ASE Runtime Edition. SAP Adaptive Server Enterprise ("ASE") is a runtime database licensed for use by individuals licensed as SAP Named Users solely in conjunction with their use of applicable Software and/or Third Party Software licensed by Licensee from SAP. The SAP ASE runtime database may not be used to run any software and/or third party software other than applicable Software and/or Third Party Software licensed by Licensee from SAP. SAP ASE runtime database includes a limited runtime license of MaxDB database, subject to these

provisions. For purposes of clarification, see the applicable Software and/or Third Party Software Documentation for information regarding release(s) / version(s) supported on the SAP ASE and MaxDB runtime database. SAP ASE runtime database includes a limited runtime license of SAP Replication Server, Premium edition to be used only in conjunction with SAP ASE solely for disaster recovery purposes.

## 9.2.2 SAP ASE

Licensee shall only use SAP ASE in connection with the Software licensed for the Use with SAP ASE and only for the purposes of its own internal data processing which includes access of third party user such as contractor, supply chain vendor or supplier, customer, or third party individual authorized by the customer. Licensee may not Use SAP ASE with any non-SAP branded or custom developed applications.

Third party database applications running on HANA Cloud Platform may directly access SAP ASE.

Third party database applications for system administration, monitoring and management may directly access SAP ASE.

Third party database applications or new functionality or new applications which may directly access the SAP ASE or indirectly access information contained therein are not allowed.

The foregoing provision, however, does not prohibit the Licensee from using a development environment or workbench which is part of the SAP Software to configure or modify the SAP software for which the database is licensed.

9.2.3 SAP Adaptive Server Platform. The total number of Cores licensed represents the maximum total cumulative Cores on which all of the Software included in SAP Adaptive Server Platform may be installed and Used.

9.2.4 SAP ASE, Edge Edition, advanced version. SAP ASE, Edge Edition, advanced version may only be deployed on a server having a maximum of 8 cores and includes a limited runtime license of SAP Sybase Replication Server, Premium edition to be used only in conjunction with SAP ASE, Edge Edition, advanced version solely for disaster recovery purposes. The limited runtime license of SAP Sybase Replication Server, premium edition includes SAP ASE Edge Edition licenses which are solely for use with the included SAP Sybase Replication Server.

9.2.5 SAP Event Stream Processor and Adapters. As is true in all cases, in order to integrate or otherwise Use the licensed Software with another third party software product, Licensee must first secure an appropriate license from the applicable third party licensor (or one of its authorized distributors). SAP may disclose Licensee's business name, address and license metric / level to such entities (where they are licensors of the licensed Software to SAP or its parent, SAP SE) to assist such licensors in determining Licensee's compliance with the preceding sentence.

9.2.6 SAP SQL Anywhere workgroup, Edge edition. SAP SQL Anywhere workgroup, Edge edition, (i) is limited to Use on a maximum of eight (8) Cores on a single server and (ii) includes SQL Anywhere Monitor solely for non-productive Use.

9.2.7 SAP PowerDesigner. Includes SAP SQL Anywhere database, which may only be Used as the metadata repository for PowerDesigner (where licensed) and for SQL language parsing.

9.2.8 SAP IQ, Edge edition may only be deployed on a server having a maximum of 8 Cores. Regardless of the number of Cores licensed, SAP IQ, Edge edition may be Used for databases of up to one (1) terabyte.

9.2.9 IoT Foundation for SAP HANA. The following Runtime Software is included with the respective usage limitations listed below:

- 64 GB of memory of SAP HANA Smart Data Streaming Option
- 256 GB of SAP HANA Dynamic Tiering Option
- One Node of SAP HANA Vora
- Remote Data Sync
- IoT SIM Management
- Dynamic Edge Processing, limited to edge data transformation, sensor data processing and automated data fidelity

9.2.10 IoT Client for SAP HANA. The following Runtime Software is included with the respective usage restrictions listed below.

- One Device of SAP SQL Anywhere Database and Sync Client
- Streaming Lite
- Plant Connectivity
- 

9.2.11 SAP HANA Vora, standard edition. Use is limited solely to the following SAP HANA Vora features and functionality:

- Partitioning / Distributed Joins
- Spark integration
- HANA integration
- Hierarchy processing
- Currency conversion
- Vora tools
- Vora Manager
- Security

## 10. MOBILE

10.1 The licensed Software may include certain third party open source and/or other free download components (collectively, the "Free Download Components"). Please refer to <http://www.sap.com/sybase-thirdpartylegal> for certain notices relating to the Free Download Components.

10.2 Product versions marked as "Earlier Versions" on SAP Service Marketplace may only be downloaded and/or used by Licensees who are or previously were Sybase customers and who have or previously had licensed the particular earlier version of software that they wish to download and/or use.

10.3 SAP Software that is mobile enabled may require an additional component downloaded from a third party mobile application store.

10.4 SAP Enterprise Integration for Mobile Apps Software.

10.4.1 The SAP Enterprise Integration for Mobile Apps Software may require an additional component downloaded from a third party mobile application store. Each additional component is subject to its respective license agreement. The licensed SAP Enterprise Integration for Mobile Apps includes a runtime license for SAP Mobile Platform ("Mobile Platform"). The Mobile Platform is licensed for use with the licensed SAP Enterprise

Integration for Mobile Apps only. Any additional use of the Mobile Platform requires an additional license. In addition, the following terms apply to specific Software:

- 10.4.2 *SAP Mobile Inclusive Banking, SAP Omnichannel Banking, digital commercial option, SAP Omnichannel Banking, digital retail option*. The referenced Mobile Apps include a runtime license for SAP Mobile Platform ("Mobile Platform"). The Mobile Platform is licensed for use with the licensed Mobile App only. Any additional use of the Mobile Platform requires an additional license. Runtime Mobile Platform can be used for customers' extensions and enhancements to the licensed Mobile App provided customer's extensions are in line with the intended purpose of the licensed App.
- 10.4.4 *SAP Mobile Platform*. Each SAP Mobile Platform license includes SAP NetWeaver Gateway. Each such SAP Mobile Platform User may Use SAP NetWeaver Gateway as follows: each SAP Mobile Platform User is licensed to Use SAP NetWeaver Gateway provided with the SAP Mobile Platform for the sole purpose of enabling (i) any SAP Mobile Applications supported on SAP Mobile Platform and licensed by Licensee under the Agreement on a per user basis, solely to interface with the Software and/or third party software licensed under the Agreement and/or (2) any Licensee owned/licensed mobile applications, solely to interface with the Software and/or third party software licensed under the Agreement via SUP.
- 10.4.4.1 Each referenced SAP Mobile Platform includes a runtime license of SAP ASE database. SAP ASE is licensed for use only with referenced SAP Mobile Platforms. Any additional use of SAP ASE requires an additional license
- 10.5 *SAP Mobile Platform, Consumer Edition*. Each SAP Mobile Platform, Consumer Edition User license includes SAP NetWeaver Gateway. Each component comprising the SAP Mobile Platform, Consumer Edition is subject to the applicable terms stated in the Software Use Rights document. Each such SAP Mobile Platform, Consumer Edition User is licensed to Use SAP NetWeaver Gateway provided with the SAP Mobile Platform, Consumer Edition for the sole purpose of enabling (i) any SAP Mobile Applications supported on SAP Mobile Platform, Consumer Edition and licensed by Licensee under the Agreement on a per user basis, solely to interface with the Software and/or third party software licensed under the Agreement and (2) any Licensee owned/licensed mobile applications, solely to interface with the Software and/or third party software licensed under the Agreement via SAP Mobile Platform. Licensee may grant each licensed SAP Mobile Platform, Consumer Edition User the right to make an unlimited number of Application Connections, and there is no requirement for an SAP Mobile Platform, Consumer Edition User to also be licensed as an SAP Named User; and only an individual making Application Connections solely on his or her own behalf as an individual (i.e. not in conjunction with his or her employment or on behalf of any other individual(s) and/or entity(ies)) may be licensed as an SAP Mobile Platform, Consumer Edition User.
- 10.5.1 SAP Mobile Platform, Consumer Edition includes a runtime license of SAP ASE database. SAP ASE is licensed for use only with SAP Mobile Platform, Consumer Edition. Any additional use of SAP ASE requires a full use license for SAP ASE.
- 10.6 *Runtime Database in Certain Sybase Licensing Scenarios*. Notwithstanding anything to the contrary, SAP Mobile Platform, if licensed hereunder, may require a database product in addition to any runtime database that may be licensed hereunder. The Agreement does not contain a license to use any database product other than one identified in the Agreement. SAP makes no representations or warranties as to the terms of any license or the operation of any database product obtained (i.e. licensed) directly from a third party vendor by Licensee, and Licensee is responsible for support and maintenance of any database product obtained (i.e. licensed) from a third party vendor, and SAP has no responsibility in this regard.

## 11. SAP HANA

### 11.1 Definitions.

- 11.1.1 *Data Sources*. Any software product(s) and/or database instance(s) for which Licensee has secured an appropriate license.

### 11.2 Where SAP HANA Is Not Contractually Restricted to Standalone Use.

- 11.2.1 *SAP HANA, Platform Edition*. SAP HANA Platform Edition may be Used with an unlimited number of Data Sources, and such Use is subject to the applicable Licensed Level. SAP HANA Platform includes the following Runtime Software: SAP HANA Data Warehousing Foundation Option, SAP IT Operations Analytics (so long as use is limited to one node), Smart Data Access and SAP Smart Data Integration. Use of SAP Smart Data Integration is limited to use with Smart Data Access in data federation scenarios. Licensee may use Smart Data Access to query data from any data sources, provided that Licensee's license for SAP HANA, Platform Edition has been appropriately sized for all such data that is queried and joined with other data sources via Smart Data Access.

- 11.2.2 *SAP HANA, Enterprise Edition*. SAP HANA Enterprise Edition may be Used with an unlimited number of Data Sources, and such Use is subject to the applicable Licensed Level. SAP HANA Enterprise includes the following Runtime Software: SAP Data Integrator ("DI"), SAP Smart Data Integration ("SDI"), and SAP Landscape Transformation Replication Server ("SLT"), and Use of such runtime products shall be limited solely to extracting data from Data Sources into SAP HANA Enterprise Edition. Notwithstanding the foregoing, an SAP Named User license will not be required solely where (i) data is exported directly out of the licensed SAP HANA Enterprise Edition into Non-SAP Applications (as defined below) in an asynchronous, non-real-time manner and (ii) the use of such exported data in such Non-SAP Applications does not result in any updates to and/or trigger any processing capabilities of any licensed Software or Third Party Software. Notwithstanding anything to the contrary, if a runtime database is licensed for Use with the licensed SAP HANA Enterprise Edition Software, then Use of such runtime database to support the export of data from the licensed SAP HANA Enterprise Edition Software in accordance with the immediately preceding sentence shall be limited to application level APIs. SAP HANA Enterprise includes a runtime license of SAP HANA Rules Framework and SAP HANA Data Warehousing Foundation Option. Licensee may use Smart Data Access to (i) query data from any data sources, provided that Licensee's license for SAP HANA, Enterprise Edition has been appropriately sized for all such data that is queried and joined with other data sources via Smart Data Access, or (ii) with SAP Smart Data Integration in data federation scenarios. SAP HANA Enterprise also includes SAP IT Operations Analytics (so long as Use is limited to one node), and five (5) Concurrent Sessions of SAP Enterprise Architecture Designer.

*Non-SAP Applications*. Any software and/or applications, other than Software or Third Party Software, for which Licensee has secured an appropriate license from an entity other than SAP, SAP AG, and/or any of its/their subsidiaries and/or distributors.

- 11.2.3 *SAP HANA, Edge edition, advanced version*. SAP HANA Edge advanced may be Used with an unlimited number of Data Sources, and such Use is subject to the applicable Licensed Level. SAP HANA Edge advanced currently includes a runtime license of SAP Data Integrator ("DI"), SAP Smart Data Integration ("SDI"), and SAP Landscape Transformation Replication Server ("SLT"), and Use of such runtime products shall be limited solely to extracting data from Data Sources into SAP HANA Edge advanced. SAP HANA Edge advanced includes the license for 128GB of SAP HANA Dynamic Tiering Option with each licensed 32GB unit of SAP HANA Edge advanced. SAP HANA Edge advanced includes a runtime license of SAP HANA Data Warehousing Foundation Option solely for Use with SAP HANA Dynamic Tiering Option.
- 11.2.4 *SAP HANA, Spatial edition*. Use is limited solely for the purposes of analysis and processing of geospatial information of the following SAP HANA features and functionality: Core Database Services, Smart Data Access, HANA Studio & Modeling, XS/XS advanced, DB Control Center,

Multitenant DB containers, System Virtualization support, HANA Decision Tables, Business Function Library, Building UIs, Developing SQL Scripting procedure, AFL framework (development & runtime), Capture & Replay, HANA Cockpit, and Spatial Engine, as well as SAP HANA Data Warehousing Foundation Option. Licensee may use Smart Data Access to query data from any data sources, provided that Licensee's license for SAP HANA, Spatial Edition has been appropriately sized for all such data that is queried and joined with other data sources via Smart Data Access. SAP Smart Data Integration is included as runtime software solely for use with Smart Data Access in data federation scenarios.

- 11.2.5 If one or more limited use versions of SAP HANA (SAP HANA Runtime edition for SAP BW; SAP HANA Database Edition for SAP BW; SAP HANA Runtime edition for Applications and SAP BW), and one or more of the following SAP HANA editions: SAP HANA Base Edition, SAP HANA Spatial Edition, HANA Platform Edition, HANA Enterprise Edition (individually, "HANA Full Use Edition"), are licensed and deployed in the same installation with shared HANA database tenants, then at least 50% of the installation must be used to operate one or more of the HANA Full Use Editions.

### 11.3 Where SAP HANA Software Is Contractually Restricted to Standalone Use.

- 11.3.1 Standalone Use of HANA Platform Edition. SAP HANA Platform Edition may be Used with an unlimited number of Data Sources, such Use being subject to the Standalone Use restriction and the applicable Licensed Level. SAP HANA Platform includes the following Runtime Software: SAP HANA Data Warehousing Foundation Option, Smart Data Access and SAP Smart Data Integration. Use of SAP Smart Data Integration is limited to use with Smart Data Access in data federation scenarios. Licensee may use Smart Data Access to query data from any data sources, provided that Licensee's license for SAP HANA, Platform Edition has been appropriately sized for all such data that is queried and joined with other data sources via Smart Data Access.

- 11.3.2 Standalone Use of HANA Enterprise Edition. SAP HANA Enterprise Edition may be Used with an unlimited number of Data Sources, such Use being subject to the Standalone Use restriction and the applicable Licensed Level. SAP HANA Enterprise currently includes the following Runtime Software: SAP Data Integrator ("DI"), SAP Smart Data Integration ("SDI"), and SAP Landscape Transformation Replication Server ("SLT"), and Standalone Use of such runtime products shall be limited solely to extracting data from Data Sources into SAP HANA.. Notwithstanding the foregoing, an SAP Named User license will not be required solely where (i) data is exported directly out of the licensed SAP HANA Enterprise Edition into Non-SAP Applications (as defined below) in an asynchronous, non-real-time manner and (ii) the use of such exported data in such Non-SAP Applications does not result in any updates to and/or trigger any processing capabilities of any licensed Software or Third Party Software. Notwithstanding anything to the contrary, if a runtime database is licensed for Use with the licensed SAP HANA Enterprise Software, then Use of such runtime database to support the export of data from the licensed SAP HANA Enterprise Edition Software in accordance with the immediately preceding sentence shall be limited to standard APIs provided with such runtime database. SAP HANA Enterprise includes a runtime license of SAP HANA Rules Framework and SAP HANA Data Warehousing Foundation Option. Licensee may use Smart Data Access to (i) query data from any data sources, provided that Licensee's license for SAP HANA, Enterprise Edition has been appropriately sized for all such data that is queried and joined with other data sources via Smart Data Access, or (ii) with SAP Smart Data Integration in data federation scenarios. SAP HANA Enterprise also includes SAP IT Operations Analytics (so long as Use is limited to one node), and five (5) Concurrent Sessions of SAP Enterprise Architecture Designer.

*Non-SAP Applications.* Any software and/or applications, other than Software or Third Party Software, for which Licensee has secured an appropriate license from an entity other than SAP, SAP AG, and/or any of its/their subsidiaries and/or distributors.

- 11.3.3 Standalone Use of SAP HANA, Edge edition, advanced version. SAP HANA Edge advanced may be Used with an unlimited number of Data Sources, and such Use is subject to the Standalone Use restriction and the applicable Licensed Level. SAP HANA Edge advanced currently includes a runtime license of SAP Data Integrator ("DI"), SAP Smart Data Integration ("SDI"), and SAP Landscape Transformation Replication Server ("SLT"), and Use of such runtime products shall be limited solely to extracting data from Data Sources into SAP HANA Edge advanced. SAP HANA Edge advanced includes the license for 128GB of SAP HANA Dynamic Tiering Option with each licensed 32GB unit of SAP HANA Edge advanced. SAP HANA Edge advanced includes a runtime license of SAP HANA Data Warehousing Foundation Option solely for Use with SAP HANA Dynamic Tiering Option.

- 11.3.4 Standalone Use of SAP HANA, Spatial edition. Use is subject to the Standalone Use restriction and is limited solely for the purposes of analysis and processing of geospatial information of the following SAP HANA features and functionality: Core Database Services, Smart Data Access, HANA Studio & Modeling, XS/XS advanced, DB Control Center, Multitenant DB containers, System Virtualization support, HANA Decision Tables, Business Function Library, Building UIs, Developing SQL Scripting procedure, AFL framework (development & runtime), Capture & Replay, HANA Cockpit, and Spatial Engine, as well as SAP HANA Data Warehousing Foundation Option. Licensee may use Smart Data Access to query data from any data sources, provided that Licensee's license for SAP HANA, Spatial Edition has been appropriately sized for all such data that is queried and joined with other data sources via Smart Data Access. SAP Smart Data Integration is included as runtime software solely for use with Smart Data Access in data federation scenarios.

- 11.3.5 If one or more limited use versions of SAP HANA (SAP HANA Runtime edition for SAP BW; SAP HANA Database Edition for SAP BW; SAP HANA Runtime edition for Applications and SAP BW), and one or more of the following SAP HANA editions: SAP HANA Base Edition, SAP HANA Spatial Edition, HANA Platform Edition, HANA Enterprise Edition (individually, "HANA Full Use Edition"), are licensed and deployed in the same installation with shared HANA database tenants, then at least 50% of the installation must be used to operate one or more of the HANA Full Use Editions

### 11.4 SAP HANA DB Edition for SAP NetWeaver BW ("HANA DB for BW").

HANA DB for BW is a database licensed solely to support Licensee's Use of SAP NetWeaver Business Warehouse (SAP BW) and Use is limited to communications between SAP BW and HANA DB for BW. The HANA DB for BW license includes the following Runtime Software: SAP HANA Platform and SAP HANA Data Warehousing Foundation Option.

HANA DB for BW may support an unlimited number of Data Sources, subject to the applicable Licensed Level. SAP HANA Platform includes Smart Data Access and the HANA Studio component. Use of the SAP HANA Studio component is limited solely to administering, monitoring and creating custom views for the SAP BW instance. All reporting must be performed via the SAP BW Software or via custom views created using HANA Studio. Such custom views may be accessed by SAP or non-SAP BI tools.

All data modeling, loading, distribution, creation and extension of data structures, including tables and-virtual tables used in HANA DB for BW must be performed via SAP BW Software.

### 11.5 SAP HANA, Runtime DB Edition for SAP NetWeaver BW ("HANA DB for BW")

SAP HANA, Runtime DB Edition for SAP NetWeaver BW licensed by HANA SAP Application Value

HANA DB for BW is a database licensed solely to support Licensee's Use of SAP NetWeaver Business Warehouse (SAP BW) and Use is limited to communications between SAP BW and HANA DB for BW. The HANA DB for BW license includes the following Runtime Software:

- (1) SAP HANA Platform;
- (2) SAP HANA Data Warehousing Foundation Option,
- (3) SAP HANA Dynamic Tiering Option
- (4) SAP Business Warehouse Accelerator;
- (5) SAP Near-line storage for SAP BW (NLS for BW)
- (6) SAP HANA Rules Framework

HANA DB for BW may support an unlimited number of Data Sources and unlimited use of SAP Business Warehouse Accelerator, subject to the applicable Licensed Level. SAP ASE runtime database includes a limited runtime license of SAP Replication Server, Premium edition to be used only in conjunction with SAP ASE solely for disaster recovery purposes. SAP HANA Platform includes Smart Data Access and the HANA Studio component. Use of the SAP HANA Studio component is limited solely to administering, monitoring and creating custom views for the SAP BW instance. All reporting must be performed via the SAP BW Software or via custom views created using HANA Studio. Such custom views may be accessed by SAP or non-SAP BI tools.

All data modeling, loading, distribution, creation and extension of data structures, including tables and-virtual tables used in HANA DB for BW must be performed via SAP BW Software.

Licensee shall pay additional license fees for HANA DB for BW in the event Licensee's HANA SAP Application Value increases.

SAP HANA, Runtime DB Edition for SAP NetWeaver BW – Partial licensed by HANA SAP Application Value ("HANA DB for BW- Partial")

The license fee for HANA DB for BW- Partial is calculated on the basis of the HANA SAP Application Value for Licensee's HANA REAB Supported Software.

HANA DB for BW - Partial is licensed as a runtime database for Use solely in conjunction with Licensee's Use of applicable Software and/or Third Party Software, and solely to the extent such Software components are licensed by Licensee and subject to the Licensed Level for HANA DB for BW-Partial.

HANA DB for BW is a database licensed solely to support Licensee's Use of SAP NetWeaver Business Warehouse (SAP BW) and Use is limited to communications between SAP BW and HANA DB for BW. The HANA DB for BW license includes the following Runtime Software:

- (1) SAP HANA Platform;
- (2) SAP HANA Data Warehousing Foundation Option,
- (3) SAP HANA Dynamic Tiering Option,
- (4) SAP Business Warehouse Accelerator;
- (5) SAP Near-line storage for SAP BW (NLS for BW)
- (6) SAP HANA Rules Framework

HANA DB for BW may support an unlimited number of Data Sources. SAP HANA Platform includes Smart Data Access and the HANA Studio component. SAP ASE runtime database includes a limited runtime license of SAP Replication Server, Premium edition to be used only in conjunction with SAP ASE solely for disaster recovery purposes. Use of the SAP HANA Studio component is limited solely to administering, monitoring and creating custom views for the SAP BW instance. All reporting must be performed via the SAP BW Software or via custom views created using HANA Studio. Such custom views may be accessed by SAP or non-SAP BI tools.

All data modeling, loading, distribution, creation and extension of data structures, including tables and-virtual tables used in HANA DB for BW must be performed via SAP BW Software.

## 11.6 SAP HANA Related Apps

*SAP Enterprise Demand Sensing,  
 SAP Liquidity Risk Management, powered by SAP HANA  
 SAP Innovation Management  
 SAP Intelligent Business Operations bundle  
 SAP Net Margin Analysis, edition for SAP HANA  
 SAP Accelerated Trade Promotion Planning  
 SAP Demand Signal Management, powered by SAP HANA  
 SAP Enterprise Threat Detection  
 SAP Supply Chain Info Center, powered by SAP HANA  
 SAP Customer Activity Repository  
 SAP Promotion Management for Retail, add-on for SAP Customer Activity Repository  
 SAP Sales and Operations Planning  
 SAP Hybris Billing, pricing simulation  
 SAP Tax Declaration Framework  
 SAP Fashion Management Solution  
 SAP Hybris Marketing, data management  
 SAP Hybris Marketing, segmentation option  
 SAP Hybris Marketing, acquisition option  
 SAP Hybris Marketing, recommendation option  
 SAP Hybris Marketing, insight option  
 SAP Hybris Marketing, planning option  
 SAP Audit Management  
 SAP Sales Analysis for Retail, edition for SAP HANA  
 Sales Order Allocation and Rescheduling on HANA  
 SAP Predictive Maintenance and Service, technical foundation  
 Medical Research Insights*

SAP HANA Related Apps may be used with an appropriately licensed SAP Business Warehouse (BW) instance. Use of BW is limited to the context of the SAP HANA Related App for reporting and analysis.

#### **11.7 SAP HANA, Limited Runtime edition for Applications HANA Apps Only ("Limited HANA Runtime")**

Limited HANA Runtime is licensed solely for Use with Licensee's SAP HANA related Apps, and solely to the extent such SAP HANA Related Apps are licensed by Licensee in accordance with the terms herein.

*Runtime Software Rights.* The Limited HANA Runtime license includes the following Runtime Software:

- (1) SAP HANA Platform;
- (2) SAP Data Integrator ("DI");
- (3) SAP Smart Data Integration ("SDI");
- (4) SAP Landscape Transformation replication server ("SLT");
- (5) SAP ASE and MaxDB databases;
- (6) SAP HANA Data Warehousing Foundation Option;
- (7) SAP HANA Dynamic Tiering Option;
- (8) SAP Business Warehouse Accelerator;
- (9) SAP Near-line storage for SAP BW (NLS for BW);
- (10) SAP HANA Rules Framework.

SAP HANA Platform includes Smart Data Access and the HANA Studio component. All data modeling, distribution, creation and extension of data structures, including tables and virtual tables used in HANA REAB must be performed via the HANA Related Apps. Smart Data Access may be Used to query data from other SAP HANA database editions, provided such SAP HANA database editions have been separately licensed by Licensee. Use of DI, SDI and SLT is limited solely to loading data into Limited HANA Runtime or SAP HANA Related Apps. Data may be loaded from an appropriately licensed Data Source via DI, SDI or SLT or via SAP HANA Related App interfaces. SDI may also be used with Smart Data Access in a data federation scenario.

Use of the SAP HANA Studio component is limited solely to administering, monitoring and creating custom views for the Limited HANA Runtime database instance. All reporting must be performed via the SAP HANA Related App or via custom views created using HANA Studio. Such custom views may be accessed by SAP or non-SAP BI tools.

NLS for BW includes a runtime license of (a) SAP IQ Enterprise Edition, (b) SAP IQ Enterprise Edition-Very Large Database Management Option and (c) SAP IQ Enterprise Edition-Unstructured Data Analytics Option, which may solely be used with SAP BW.

*SAP BusinessObjects Enterprise on Limited HANA Runtime.* When used as a runtime database for SAP BusinessObjects Enterprise, Limited HANA Runtime may be used (i) as a database for the Central Management Server (CMS) repository, (ii) as an audit database for the BI Platform, and (iii) as a platform by the SAP BusinessObjects Design Studio runtime for SAP HANA component.

The license fee Limited HANA Runtime is calculated on the basis of the HANA SAP Application Value for Licensee's. Licensee shall pay additional license fees for Limited HANA Runtime in the event Licensee's HANA SAP Application Value for the SAP HANA Related Apps increases.

Licensee acknowledges that Licensee may have to install a Limited HANA Runtime-compatible release of the HANA Related App in order to enable certain business functions or provide configuration as described above. Future releases of Limited HANA Runtime developed for Use with SAP HANA Related Apps may not be compatible with current releases and may not be available via the respective SAP Support offering. Technical migration from SAP HANA Related Apps to another release of the SAP HANA Related App to be used separately from Limited HANA Runtime database and/or to another database offering may not be possible.

#### **11.8 SAP HANA Base Edition**

Use is limited solely to the following SAP HANA features and functionality: Core Database Services, Smart Data Access, HANA Studio & Modeling, XS/XS advanced, DB Control Center, Multitenant DB containers, System Virtualization support, HANA Decision Tables, Business Function Library, Building UIs, Developing SQL Scripting procedure, AFL framework (development & runtime), Capture & Replay, and HANA Cockpit.

#### **11.9 SAP HANA, Realtime Replication Option.**

Includes the following Runtime Software: SAP Landscape Transformation Replication Server ("SLT"), SAP Replication Server premium edition, SAP SQL Anywhere Advanced edition, and SAP HANA Remote Data Sync. Use of such Runtime Software shall be limited solely to extracting data from Data Sources into SAP HANA or between multiple HANA database instances. Use of SAP SQL Anywhere Advanced Edition and SAP HANA Remote Data Sync shall be limited solely to exchanging data between Data Sources and SAP HANA.

#### **11.10 SAP Near-line storage for SAP BW and BW/4HANA.**

SAP Near-line storage for SAP BW and BW/4HANA includes a runtime license of SAP IQ Enterprise Edition, SAP IQ Enterprise Edition-Very Large Database Management Option and SAP IQ Enterprise Edition-Unstructured Data Analytics Option. Use of SAP IQ Enterprise Edition and SAP IQ Enterprise Edition-Unstructured Data Analytics Option is limited to a maximum of 32 cores each, solely for use with SAP BW or BW/4HANA.

#### **11.11 SAP HANA, Runtime Edition for Applications and SAP BW**

##### **11.11.1 SAP HANA Runtime Edition for Applications and SAP BW licensed by HANA SAP Application Value.**

SAP HANA Runtime Edition for Applications and SAP BW is a runtime database ("HANA REAB") licensed for Use in conjunction with Licensee's Use of Software and/or Third Party Software, and solely to the extent such Software components are licensed by Licensee ("HANA REAB Supported Software") in accordance with the terms herein.

*REAB Runtime Software Rights.* The HANA REAB license includes the following Runtime Software:

- (1) SAP HANA Platform;
- (2) SAP Data Integrator ("DI");
- (3) SAP Smart Data Integration ("SDI");
- (4) SAP Landscape Transformation replication server ("SLT");
- (5) SAP ASE and MaxDB databases;
- (6) SAP HANA Data Warehousing Foundation Option;
- (7) SAP HANA Dynamic Tiering Option;
- (8) SAP Business Warehouse Accelerator;
- (9) SAP Near-line storage for SAP BW (NLS for BW);
- (10) SAP HANA Rules Framework.

SAP HANA Platform includes Smart Data Access and the HANA Studio component. All data modeling, distribution, creation and extension of data structures, including tables and virtual tables used in HANA REAB must be performed via the HANA REAB Supported Software. Use of DI, SDI and SLT is limited solely to loading data into HANA REAB or HANA REAB Supported Software. Data may be loaded from an appropriately licensed Data Source via DI, SDI or SLT or via HANA REAB Supported Software interfaces. SDI may also be used with Smart Data Access in a data federation scenario.

Use of the SAP HANA Studio component is limited solely to administering, monitoring and creating custom views for the HANA REAB database instance. All reporting must be performed via the HANA REAB Supported Software or via custom views created using HANA Studio. Such custom views may be accessed by SAP or non-SAP BI tools.

NLS for BW includes a runtime license of (a) SAP IQ Enterprise Edition, (b) SAP IQ Enterprise Edition-Very Large Database Management Option and (c) SAP IQ Enterprise Edition-Unstructured Data Analytics Option, which may solely be used with SAP BW.

*SAP BusinessObjects Enterprise on REAB.* When used as a runtime database for SAP BusinessObjects Enterprise, HANA REAB may be used (i) as a database for the Central Management Server (CMS) repository, (ii) as an audit database for the BI Platform, and (iii) as a platform by the SAP BusinessObjects Design Studio runtime for SAP HANA component.

The license fee for HANA REAB is calculated on the basis of the HANA SAP Application Value for Licensee's HANA REAB Supported Software. Licensee shall pay additional license fees for HANA REAB in the event Licensee's HANA SAP Application Value increases.

Licensee acknowledges that Licensee may have to install a HANA REAB-compatible release of the HANA REAB Supported Software in order to enable certain business functions or provide configuration as described above. Future releases of HANA REAB developed for Use with HANA REAB Supported Software may not be compatible with current releases and may not be available via the respective SAP Support offering. Technical migration from HANA REAB Supported Software to another release of the Software and/or Third Party Software as used separately from HANA REAB and/or to another database offering may not be possible.

#### 11.11.2 *SAP HANA Runtime Edition for Applications and SAP BW –Partial licensed by HANA SAP Application Value ("HANA REAB-Partial").*

The license fee for HANA REAB-Partial is calculated on the basis of the HANA SAP Application Value for Licensee's HANA REAB Supported Software (defined below).

"HANA REAB-Partial licensed for Use in conjunction with Licensee's Use of Software and/or Third Party Software, and solely to the extent such Software components are licensed by Licensee ("HANA REAB Supported Software") in accordance with the terms herein.

*HANA REAB- Partial Runtime Software Rights.* The HANA REAB - Partial license includes the following Runtime Software:

- (1) SAP HANA Platform;
- (2) SAP Data Integrator ("DI");
- (3) SAP Smart Data Integration ("SDI");
- (4) SAP Landscape Transformation replication server ("SLT");
- (5) SAP ASE and MaxDB databases;
- (6) SAP HANA Data Warehousing Foundation Option;
- (7) SAP HANA Dynamic Tiering Option;
- (8) SAP Business Warehouse Accelerator;
- (9) SAP Near-line storage for SAP BW (NLS for BW);
- (10) SAP HANA Rules Framework.

SAP HANA Platform includes Smart Data Access and the HANA Studio component. All data modeling, distribution, creation and extension of data structures, including tables and virtual tables used in HANA REAB must be performed via the HANA REAB Supported Software. Use of DI, SDI and SLT is limited solely to loading data into HANA REAB or HANA REAB Supported Software. Data may be loaded from an appropriately licensed Data Source via DI, SDI or SLT or via HANA REAB Supported Software interfaces. SDI may also be used with Smart Data Access in a data federation scenario.

Use of the SAP HANA Studio component is limited solely to administering, monitoring and creating custom views for the HANA REAB database instance. All reporting must be performed via the HANA REAB Supported Software or via custom views created using HANA Studio. Such custom views may be accessed by SAP or non-SAP BI tools.

NLS for BW includes a runtime license of (a) SAP IQ Enterprise Edition, (b) SAP IQ Enterprise Edition-Very Large Database Management Option and (c) SAP IQ Enterprise Edition-Unstructured Data Analytics Option, which may solely be used with SAP BW.

*SAP BusinessObjects Enterprise on SAP REAB- Partial.* When used as a runtime database for SAP BusinessObjects Enterprise, HANA REAB - Partial may be used (i) as a database for the Central Management Server (CMS) repository, (ii) as an audit database for the BI Platform, and (iii) as a platform by the SAP BusinessObjects Design Studio runtime for SAP HANA component.

Licensee acknowledges that Licensee may have to install a HANA REAB-Partial -compatible release of the HANA REAB Supported Software in order to enable certain business functions or provide configuration as described above. Future releases of HANA REAB-Partial developed for Use with HANA REAB Supported Software may not be compatible with current releases and may not be available via the respective SAP Support offering. Technical migration from HANA REAB Supported Software to another release of the Software and/or Third Party Software as used separately from HANA REAB-Partial and/or to another database offering may not be possible.

**11.12 Terms of use for Twitter API contained within SAP HANA, Enterprise Edition; SAP HANA, Runtime edition for Applications and SAP BW; and SAP HANA, Information Management Option**

The following shall apply to SAP HANA, Enterprise Edition; SAP HANA, Runtime edition for Applications and SAP BW; and SAP HANA, Information Management Option: Use of the Twitter API is subject to the Third Party Web Service terms contained in Exhibit 8 of these Use Terms.

**11.13 SAP HANA Information Management Option.**

The SAP HANA Information Management Option includes Use rights for five (5) users of SAP Agile Data Preparation, on premise edition, IT governance option.

**11.14 SAP HANA Spatial Engine.**

Use of SAP HANA Spatial Engine is also governed by the HERE MAP DATA BY HERE directory terms, which can be located in Clause 6 of Exhibit 5 to Section 3 of this SAP Software Use Rights document.

**11.15 SAP Knowledge Accelerator Bundle for S/4 HANA and SAP Knowledge Accelerator Bundle for ERP.**

SAP Knowledge Acceleration may be used to meet Licensee's employee training needs and may not be used by or on behalf of any third party. Notwithstanding any other provision of the Training Schedule, User license metrics of Knowledge Acceleration may not be transferred to other individuals, even if the original user is no longer permitted access to Knowledge Acceleration. If an individual is no longer employed by Licensee, Licensee may transfer such individual's User license count to another user.

**12. FOCUSED BUSINESS SOLUTIONS.**

If licensed Software is identified as a Focused Business Solution ("FBS Software"), special support strategy and conditions apply. SAP Support for FBS Software shall be provided in accordance with the applicable SAP Support terms as amended by the then current support strategy and conditions found at <http://service.sap.com/fbs/availability> (inclusive of any successor site(s) made known by SAP, the "Strategy & Conditions Site").

12.1 The Strategy & Conditions Site is hereby amended to include the following terms:

12.1.1 FBS Software requires, as a prerequisite to its Use and installation, a specific version (e.g. release, service level pack, and/or enhancement pack) of certain SAP Software (the "Base Software"), which is identified on the Strategy & Conditions Site and must be separately licensed and installed by Licensee.

12.1.2 In the future, should SAP elect, in its sole and exclusive discretion, to make new release(s) of FBS Software commercially available as part of SAP Support, such new release(s) may (a) differ functionally, (b) have different supported language(s) and/or (c) have different Base Software requirements from prior FBS Software release(s).

12.1.3 Mainstream and extended maintenance dates for FBS Software are targets, and therefore subject to change by SAP.

12.1.4 Maintenance and extended maintenance for any FBS Software release is contingent upon Licensee remaining subscribed to, and current on, payment for maintenance for the applicable Base Software.

12.1.5 In no event will maintenance or extended maintenance for any FBS Software release be provided following the expiration or termination of mainstream or extended (as applicable) maintenance on the underlying Base Software.

**13. REPEATABLE CUSTOM SOLUTION ("RCS") SOFTWARE.**

13.1 The RCS requires, as a prerequisite to its Use and installation, a specific version (such as release, service level pack, and/or enhancement pack) of certain SAP Software (the "Base Software") which is identified by SAP, along with specific Use conditions under <https://service.sap.com/rcs/availability> RCS Strategy & Conditions Site and/or the Documentation. Licensee shall be responsible for licensing and installing the appropriate database software and for ensuring that the database license is sufficient to use the RCS.

13.2 RCS is not SAP standard software and in its current state a RCS may not meet all SAP standards including but not limited to language or country version, available version, supported operating systems, or database. The RCS is available only to a limited number of SAP licensees. Licensee must fully test the RCS before using it in live operation.

13.3 The standard language in which the RCS and its Documentation will be provided is English. Remarks in the code will not be translated. SAP reserves the right to release individual versions of the RCS or its Documentation in additional languages.

13.4 Only end-users for which the Licensee holds the Named-User licenses for the Base Software are permitted to use the RCS. Licensee must ensure that (i) it has all the necessary licenses for the RCS to be able to operate and that (ii) all the systems on which the RCS is to be installed have the necessary Base Software release and support packages available.

13.5 Special support strategy and conditions apply for RCS Software. SAP and Licensee agree that Support for RCS Software shall be provided as set forth in the applicable SAP Product Specific Support Schedule for RCS found at the RCS Strategy & Conditions site: <https://service.sap.com/rcs/availability>.

- 13.6 SAP has no obligation to transfer any functionality licensed under this agreement into SAP's standard software, nor shall SAP be obliged to make the RCS compatible with new releases or versions of the Base Software.

#### **14. LINE OF BUSINESS PORTFOLIO**

##### **14.1 SAP Visual Enterprise.**

- 14.1.1 *SAP 3D Visual Enterprise Generator, SAP 3D Visual Enterprise View Edition Generator and Optional Add-Ons.* The SAP Visual Enterprise Software (f/k/a Right Hemisphere) licensed hereunder may include certain third party open source and/or other free download components (collectively, the "Free Download Components"). Please refer to <http://www.righthemisphere.com/oslicenses.html> for certain notices relating to the Free Download Components. Notwithstanding anything to the contrary, an individual accessing any licensed SAP Visual Enterprise Software solely to view output files therefrom shall not be required to hold an SAP Named User license. SAP Visual Enterprise Viewer software is made available to Licensees of licensed Visual Enterprise Generator, Visual Enterprise Access and/or Visual Enterprise Author software at no additional license fee.

#### **15. SAP BUNDLES**

##### **15.1 SAP ERP Foundation Extension**

SAP ERP Foundation Extension ("SAP EFE"): includes the following Runtime Software: SAP Fiori, SAP Access Control, starter edition, SAP Single Sign-on – Internal, SAP NetWeaver Process Integration (limited to the license metric of one (1) Core per customer irrespective of the number of licensed quantity of SAP EFE, and SAP BI, Version for SAP Applications.

#### **Exhibit 4 - Pass Through Terms for Third Party Databases**

SAP may deliver SAP software containing a database product where the end user is not entitled to use the database unless he/she has acquired the requisite number of licenses from the database vendor or its authorized distributor. Such deliveries are reported to the database vendor.

#### **Conditions for the use of ORACLE® Database Software when licensed from SAP**

##### **1. Copyright**

- 1.1 The comprehensive copyright to Oracle software is the sole property of the Oracle Corporation, Redwood Shores, CA, USA.
- 1.2 Third party database applications for system administration, monitoring and management may directly access the Oracle database.
- 1.3 The customer shall only use the Oracle software in connection with the SAP Software and only for the purposes of its own internal data processing which includes access of third party user such as contractor, supply chain vendor or supplier, customer, or third party individual authorized by the customer. It is allowed to customize the SAP software or to create additional functionality, new applications, or to support third party database applications which only interface with them (example: via RFC, BAPI) Third party database applications or new functionality or new applications which may directly access the Oracle database or indirectly access information contained therein are not allowed.
- 1.4 The customer shall assign the Oracle software only to wholly owned or majority owned subsidiaries. Assignment to competitors of Oracle is prohibited.
- 1.5 In view of its limited rights of use, the customer shall neither modify, decompile nor reverse engineer the Oracle software except and to the extent that it is expressly permitted by applicable law.
- 1.6 The Oracle software may only be used in the country or countries for which the customer has acquired a license. The customer hereby undertakes to adhere to all regulations of the US Department of Commerce and the American export authorities.
- 1.7 The use of Oracle software for the planning, production, control or monitoring of nuclear power stations, air traffic, means of mass transportation or medical equipment is not permitted, unless such use is limited to commercial or purely administrative applications.
- 1.8 The customer is not entitled to receive the source code for the Oracle software.

##### **2. Other Conditions**

- 2.1 The publication of benchmark tests for the Oracle software is not permitted.

#### **Conditions for the Use of the Microsoft SQL-Server Enterprise Edition**

##### ***Conditions for the Use of the Microsoft SQL-Server when licensed by SAP***

IMPORTANT NOTE: These "Conditions for the Use of the Microsoft SQL-Server when licensed by SAP" apply to Microsoft SQL Server Enterprise Edition version 2014 (or subsequent versions) not only for new licenses but also for any prior licenses of Microsoft SQL-Server Enterprise Edition licensed under an agreement with any SAP entity or SAP authorized reseller.

For the purpose of this Section "Integrated Application" shall be defined as SAP software integrating the Microsoft SQL Server Database.

The Microsoft SQL Server Database may contain the following software:

"Server Software" provides services or functionality on your server (your computers capable of running the Server Software are "Servers");

"Client Software" allows an electronic device ("Device") to access or utilize the Server Software.

##### **1. OVERVIEW**

- 1.1 **Software.** The software includes
  - server software, and
  - additional software that may only be used with the server software directly, or indirectly through other additional software.
- 1.2 **License Model.** The software is licensed by SAP based on the unified solution and the number of users of that unified solution.
- 1.3 **Licensing Terminology.**
  - **Instance.** You may create an "instance" of the software by executing the software's setup or install procedure. You also create an instance of the software by duplicating an existing instance. References to the "software" in this agreement include "instances" of the software.
  - **Run an Instance.** You "run an instance" of the software by loading it into memory and executing one or more of its instructions. Once running, an instance is considered to be running (whether or not its instructions continue to execute) until it is removed from memory.
  - **Operating System Environment ("OSE").** An "operating system environment" or "OSE" is
    - i. all or part of an operating system instance, or all or part of a virtual (or otherwise emulated) operating system instance which enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights; and
    - ii. Instances of applications, if any, configured to run on the operating system instance or part identified above.A physical hardware system can have either or both of the following:
    - one physical operating system environment;
    - one or more virtual operating system environments.A physical operating system environment is configured to run directly on a physical hardware system. The operating system instance used to run hardware virtualization software or to provide hardware virtualization services (e.g. Microsoft virtualization technology or similar technologies) is considered part of the physical operating system environment.
  - **Server.** A "server" is a physical hardware system capable of running server software. A hardware partition or blade is considered to be a separate server.
  - **Server Farm.** A "server farm" is any data center or group of data centers owned by you and under your day-to-day operational control.
  - **Unified Solution.** A "unified solution" means a software application licensed to you by SAP, which includes the software licensed under this agreement, adds significant and primary functionality to such software, and may include software acquired from a third party delivered and licensed by SAP.

##### **2. USE RIGHTS.**

Your rights to use the software are set forth in the license granted by SAP to you to use the unified solution at specific site(s), to run your internal business operations (including back up and passive disaster recovery), and to provide internal training and testing for such internal business operations, unless and until such license expires or is terminated.

##### **3. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.**

- 3.1 **Runtime-Restricted Use Software.** The software is "Runtime-Restricted Use" software; as such, it may only be used to run the unified solution and only as part of the unified solution. The software may not be used either (i) to develop any new software applications, (ii) in conjunction with any software applications, databases or tables other than those contained in the Unified Solution, and/or (iii) as a standalone software application. The foregoing provision, however, does not prohibit you from using a tool to run queries or reports from existing tables. For clarity, you may use tools provided as part of the unified solution to create new tables during the unified solution set up and/or customization so long as the resulting tables will only be used with and/or as part of the unified solution itself.
- 3.2 **SQL Server Reporting Services Map Report Item.** Power View and SQL Reporting Services Map Item both include use of Bing Maps. You may only use the content provided through Bing Maps, including geocodes, within Power View or SQL Reporting Services Map Item. Your use of Bing

Maps is also governed by the Bing Maps End User Terms of Use available at [go.microsoft.com/?linkid=9710837](http://go.microsoft.com/?linkid=9710837) and the Bing Maps Privacy Statement available at [go.microsoft.com/fwlink/?LinkID=248686](http://go.microsoft.com/fwlink/?LinkID=248686).

- 3.3. **Use of Software Within and Across Server Farms.** You may use the software on servers located within and across your server farm if and for so long as the software is only used with and as a part of the unified solution.
- 3.4. **Outsourcing Company.** You may enter into an agreement with a third party that provides operational services or support services to you, including but not limited to network management, application management, or data center management services (including operation, maintenance and control of server hardware in a data center ("outsourcing company") to install or cause to be installed the unified solution on servers owned, operated, maintained and controlled by the outsourcing company, provided that: (i) all such server hardware on which the unified solution has been installed is and continuously remains physically dedicated to running the unified solution solely for the benefit and use by you and (ii) you have entered into a written agreement that protects the unified solutions and the software on commercially reasonable terms. Regardless of the physical location of the server hardware containing the software, you remain fully responsible for all of your obligations under this agreement, including any unauthorized use or distribution of the software that results from any act or omission of the outsourcing company. The outsourcing company must agree to the terms of this agreement in a signed writing. You may only grant the outsourcing company access to the software in order to perform operational and/or support services (including but not limited to software maintenance, patch updating, integration, etc.) for you, and the outsourcing company may not access or use the software for any other purpose.
- 3.5. **Virtualization.** With respect to any server for which you have acquired the requisite licenses, you may run any number of instances of the server software in any number of physical and/or virtual OSEs whether on servers within your server farm or on servers owned and managed by an outsourcing company pursuant to Section 3.4 (above).
- 3.6. **Fail-over Server.** You may create and maintain passive fail-over instances in a separate OSE for temporary support on a server other than your production server, whether on servers within your server farm or on servers owned and managed by an outsourcing company pursuant to Section 3.4 (above).
4. **THIRD PARTY NOTICES.** The software may include third party code, that Microsoft, not the third party, licenses to you under the terms set forth in this agreement. Notices, if any, for any third party code are included for your information only. Additionally, any third party scripts, linked to, called or referenced from this software, are licensed to you by the third parties that own such code, not by Microsoft, see ASP.NET Ajax CDN Terms of Use: [www.asp.net/ajaxlibrary/CDN.ashx](http://www.asp.net/ajaxlibrary/CDN.ashx) that program.
5. **INTERNET-BASED SERVICES.** Microsoft provides Internet-based services with the software. It may change or cancel them at any time.
6. **BENCHMARK TESTING.** You must obtain Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the software. However, this does not apply to the Microsoft .NET Framework (see below).
7. **.NET FRAMEWORK SOFTWARE.** The software contains Microsoft .NET Framework software. This software is part of Windows. The license terms for Windows apply to your use of the .NET Framework software.
8. **MICROSOFT .NET FRAMEWORK BENCHMARK TESTING.** The software includes one or more components of the .NET Framework ("NET Components"). You may conduct internal benchmark testing of those components. You may disclose the results of any benchmark test of those components, provided that you comply with the conditions set forth at [go.microsoft.com/fwlink/?LinkID=66406](http://go.microsoft.com/fwlink/?LinkID=66406). Notwithstanding any other agreement you may have with Microsoft, if you disclose such benchmark test results, Microsoft shall have the right to disclose the results of benchmark tests it conducts of your products that compete with the applicable .NET Component, provided it complies with the same conditions set forth at [go.microsoft.com/fwlink/?LinkID=66406](http://go.microsoft.com/fwlink/?LinkID=66406).
9. **SCOPE OF LICENSE.** The software is licensed, not sold. Unless applicable law gives you more rights, SAP and Microsoft reserve all other rights not expressly granted under this agreement, whether by implication, estoppel or otherwise. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not
  - work around any technical limitations in the software;
  - reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation;
  - make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation;
  - publish the software, including any application programming interfaces included in the software, for others to copy;
  - share or otherwise distribute documents, text or images created using the software Data Mapping Services features;
  - rent, lease or lend the software; or
  - use the software for commercial software hosting services.You also may not remove, minimize, block or modify any logos, trademarks, copyright, digital watermarks, or other notices of Microsoft or its suppliers that are included in the software, including any content made available to you through the software. Rights to access the software on any device do not give you any right to implement Microsoft patents or other Microsoft intellectual property in software or devices that access that device.
10. **BACKUP COPY.** You may make one backup copy of the software media. You may use it only to create instances of the software.
11. **DOCUMENTATION.** Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.
12. **NOT FOR RESALE SOFTWARE.** You may not sell software marked as "NFR" or "Not for Resale."
13. **ACADEMIC EDITION SOFTWARE.** You must be a "Qualified Educational User" to use software marked as "Academic Edition" or "AE." If you do not know whether you are a Qualified Educational User, visit [www.microsoft.com/education](http://www.microsoft.com/education) or contact the Microsoft affiliate serving your country.
14. **TRANSFER TO A THIRD PARTY.** The first user of the software may transfer it and this agreement directly to another end user as part of a transfer of the integrated software turnkey application or suite of applications (the "Unified Solution") delivered to you by or on behalf of the SAP solely as part of the Unified Solution. Before the transfer, that end user must agree that this agreement applies to the transfer and use of the software. The first user may not retain any instances of the software unless that user also retains another license for the software.
15. **EXPORT RESTRICTIONS.** The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see [www.microsoft.com/exporting](http://www.microsoft.com/exporting).
16. **ENTIRE AGREEMENT.** This agreement and the terms for supplements, updates, Internet-based services that you use, are the entire agreement for the software.
17. **LEGAL EFFECT.** This agreement describes certain legal rights. You may have other rights under the laws of your state or country. You may also have rights with respect to the SAP from whom you acquired the software. This agreement does not change your rights under the laws of your state or country if the laws of your state or country do not permit it to do so.
18. **NOT FAULT TOLERANT. THE SOFTWARE IS NOT FAULT TOLERANT. SAP HAS INDEPENDENTLY DETERMINED HOW TO USE THE SOFTWARE IN THE INTEGRATED SOFTWARE APPLICATION OR SUITE OF APPLICATIONS THAT IT IS LICENSING TO YOU, AND MICROSOFT HAS RELIED ON SAP TO CONDUCT SUFFICIENT TESTING TO DETERMINE THAT THE SOFTWARE IS SUITABLE FOR SUCH USE.**
19. **NO WARRANTIES BY MICROSOFT. YOU AGREE THAT IF YOU HAVE RECEIVED ANY WARRANTIES WITH REGARD TO EITHER (A) THE SOFTWARE, OR (B) THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, THEN THOSE WARRANTIES ARE PROVIDED SOLELY BY THE SAP AND DO NOT ORIGINATE FROM, AND ARE NOT BINDING ON, MICROSOFT.**

20. **NO LIABILITY OF MICROSOFT FOR CERTAIN DAMAGES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, MICROSOFT SHALL HAVE NO LIABILITY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING FROM OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE SOFTWARE OR THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, INCLUDING WITHOUT LIMITATION, PENALTIES IMPOSED BY GOVERNMENT. THIS LIMITATION WILL APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. IN NO EVENT SHALL MICROSOFT BE LIABLE FOR ANY AMOUNT IN EXCESS OF TWO HUNDRED FIFTY U.S. DOLLARS (US\$250.00).**
21. **FOR AUSTRALIA ONLY.** In this paragraph, “goods” refers to the software for which Microsoft provides the express warranty. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Goods presented for repair may be replaced by refurbished goods of the same type rather than being replaced. Refurbished parts may be used to repair the goods.

Microsoft, SQL Server and Windows are registered trademarks of Microsoft Corporation in the United States and/or other countries.

#### **Conditions for the Use of the Microsoft SQL-Server when previously licensed by Microsoft or Microsoft Distributor**

The SAP software containing a copy of the Microsoft SQL-Server, which has been integrated or installed as a component of this SAP software. All Microsoft products are subject to the terms of the Microsoft License Agreement with end users which is included in the software package or the license agreements shipped with the Microsoft SQL-Server. An exception hereto is that the functionality of a Microsoft product as an integrated part of an SAP solution can differ from the functionality of a non-integrated Microsoft product. All inquiries relating to the functionality or performance of the SAP solution with Microsoft products should therefore be addressed to SAP and not to Microsoft. The SAP product does not contain a license for the integrated Microsoft product. You are therefore not entitled to use the copy of the Microsoft SQL-Server contained in this product and you will not receive a license for such use unless you have acquired or otherwise have at your disposal the same number of client/server licenses as user licenses acquired for the SAP software. By concluding this contract with SAP you represent and warrant that you have previously acquired a Microsoft license for SQL-Server end users and to conclude a corresponding license agreement.

When SAP delivers an updated version of the SAP software containing an updated version of the integrated Microsoft product, the end user is not entitled to use the updated version of the Microsoft product unless he/she has acquired the requisite number of client/server licenses from an authorized Microsoft distributor.

#### **Conditions for Use of Third Party Databases with SAP Business One Software**

##### **Conditions for the Use of Microsoft® SQL Server™ 2014, Standard Edition (Core-based Runtime and Server CAL Runtime) Software**

**IMPORTANT NOTE:** These “Conditions for the Use of the Microsoft SQL Server 2014, Standard Edition” apply to Microsoft SQL Server Standard Edition version 2014 (or subsequent versions) not only for new licenses but also for any prior licenses of Microsoft SQL-Server Standard Edition licensed under an agreement with any SAP entity or SAP authorized reseller.

These license terms are an agreement between the licensor of the software application or suite of applications with which you acquired the Microsoft software (“Licensor”) and you. Please read them. They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft

- updates,
- supplements, and
- Internet-based services

for this software, unless other terms accompany those items. If so, those terms apply. Microsoft Corporation or one of its affiliates (collectively, “Microsoft”) has licensed the software to the Licensor.

**BY USING THE SOFTWARE, YOU ACCEPT THESE TERMS. IF YOU DO NOT ACCEPT THEM, DO NOT USE THE SOFTWARE. INSTEAD, RETURN IT TO PLACE OF PURCHASE FOR A REFUND OR CREDIT.**

**These terms supersede any electronic terms which may be contained within the software. If any of the terms contained within the software conflict with these terms, these terms will control.**

**IMPORTANT NOTICE: AUTOMATIC UPDATES TO PREVIOUS VERSIONS OF SQL SERVER.** If this software is installed on servers or devices running any supported editions of SQL Server prior to SQL Server 2014 (or components of any of them) this software will automatically update and replace certain files or features within those editions with files from this software. This feature cannot be switched off. Removal of these files may cause errors in the software and the original files may not be recoverable. By installing this software on a server or device that is running such editions you consent to these updates in all such editions and copies of SQL Server (including components of any of them) running on that server or device.

**IF YOU COMPLY WITH THESE LICENSE TERMS, YOU HAVE THE RIGHTS BELOW FOR EACH SERVER YOU PROPERLY LICENSE.**

#### **1. OVERVIEW.**

##### **1.1 Software.** The software includes

- server software, and
- additional software that may only be used with the server software directly, or indirectly through other additional software.

##### **1.2 License Model.** The software is licensed based on either the:

- **Core License Model** – the number of physical and/or virtual cores in the server; or
- **Server + Client** – the number of operating system environments (OSEs) in which the server software is run, and the number of devices and users that access instances of server software.

##### **1.3 Licensing Terminology.**

- **Instance.** You create an “instance” of the software by executing the software’s setup or install procedure. You also create an instance of the software by duplicating an existing instance. References to the “software” in this agreement include “instances” of the software.

- **Run an Instance.** You “run an instance” of the software by loading it into memory and executing one or more of its instructions. Once running, an instance is considered to be running (whether or not its instructions continue to execute) until it is removed from memory.
- **Operating System Environment (“OSE”).** An “operating system environment” or “OSE” is
  - (i) all or part of an operating system instance, or all or part of a virtual (or otherwise emulated) operating system instance which enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights; and
  - (ii) instances of applications, if any, configured to run on the operating system instance or parts identified above.

A physical hardware system can have either or both of the following:

- one physical operating system environment;
- one or more virtual operating system environments.

A physical operating system environment is configured to run directly on a physical hardware system. The operating system instance used to run hardware virtualization software or to provide hardware virtualization services (e.g. Microsoft virtualization technology or similar technologies) is considered part of the physical operating system environment.

A virtual operating system environment is configured to run on a virtual (or otherwise emulated) hardware system.

- **Server.** A server is a physical hardware system capable of running server software. A hardware partition or blade is considered to be a separate physical hardware system.
- **Physical Core.** A physical core is a core in a physical processor. A physical processor consists of one or more physical cores.
- **Hardware Thread.** A hardware thread is either a physical core or a hyper-thread in a physical processor.
- **Virtual Core.** A virtual core is the unit of processing power in a virtual (or otherwise emulated) hardware system. A virtual core is the virtual representation of one or more hardware threads. Virtual OSEs use one or more virtual cores.
- **Assigning a License.** To assign a license is to designate that license to a server, device or user as indicated below.
- **Core Factor.** The core factor is a numerical value associated with a specific physical processor for purposes of determining the number of licenses required to license all of the physical cores on a server.

## 2. USE RIGHTS FOR CORE LICENSE MODEL.

**2.1 Licensing a Server.** Before you run instances of the server software on a server, you must determine the number of software licenses required and assign those licenses to that server as described below.

**2.2 Determining the Number of Licenses Required.** You have two license options:

- (a) Physical Cores on a Server.** You may license based on all of the physical cores on the server. If you choose this option, the number of licenses required equals the number of physical cores on the server multiplied by the applicable core factor located at [go.microsoft.com/fwlink/?LinkID=229882](http://go.microsoft.com/fwlink/?LinkID=229882).
- (b) Individual Virtual OSE.** You may license based on the virtual OSEs within the server in which you run the server software. If you choose this option, for each virtual OSE in which you run the server software, you need a number licenses equal to the number of virtual cores in the virtual OSE, subject to a minimum requirement of four licenses per virtual OSE. In addition, if any of these virtual cores is at any time mapped to more than one hardware thread, you need a license for each additional hardware thread mapped to that virtual core. Those licenses count toward the minimum requirement of four licenses per virtual OSE.

**2.3 Assigning the Required Number of Licenses to the Server.**

- (a) Initial Assignment.** After you determine the number of software licenses required for a server, you must assign that number of licenses to that server. The server to which a license is assigned is considered the “licensed server” for such license. You may not assign a license to more than one server. A hardware partition or blade is considered a separate server.
- (b) Reassignment.** You may reassign a license, but not within 90 days of its last assignment. You may reassign a license sooner if you retire the licensed server to which the license is assigned due to permanent hardware failure. If you reassign a license, the server to which you reassign the license becomes the new licensed server for that license.

**2.4 Running Instances of the Server Software.** Your right to run instances of the server software depends on the option chosen to determine the number of software licenses required:

- (a) Physical Cores on a Server.** For each server to which you have assigned the required number of licenses as provided in Section 2.2(a), you may run on the licensed server any number of instances of the server software in the physical OSE.
- (b) Individual Virtual OSEs.** For each virtual OSE for which you have assigned the required number of licenses as provided in section 2.2(b), you have the right to run any number of instances of the software in that virtual OSE.

**2.5 Running Instances of the Additional Software.** You may run or otherwise use any number of instances of the additional software listed below in physical or virtual OSEs on any number of devices. You may use the additional software only with the server software directly, or indirectly through other additional software.

- ☐ Client Tools Connectivity
- ☐ Documentation Components

**2.6 Creating and Storing Instances on Your Servers or Storage Media.** You have the additional rights listed below for each software license you acquire.

- (a)** You may create any number of instances of the server software and additional software.
- (b)** You may store instances of the server software and additional software on any of your servers or storage media.

- (c) You may create and store instances of the server software and additional software solely to exercise your right to run instances of the server software under any of your software licenses as described (e.g., you may not distribute instances to third parties).

**2.7 No Client Access Licenses (CALs) Required for Access.** Under this core license model, you do not need CALs for users or devices to access your instances of the server software.

### 3. USE RIGHTS FOR SERVER + CLIENT ACCESS LICENSE MODEL

#### 3.1 Assigning the License to the Server.

- (a) Initial Assignment. **Before you run any instance of the server software under a software license, you must assign that license to one of your servers. That server is considered the “licensed server” for such license. You may not assign the same license to more than one server, but you may assign other software licenses to the same server. A hardware partition or blade is considered to be a separate server.**
- (b) Reassignment. **You may reassign a software license, but not within 90 days of the last assignment. You may reassign a software license sooner if you retire the licensed server due to permanent hardware failure. If you reassign a license, the server to which you reassign the license becomes the new licensed server for that license.**

**3.2 Running Instances of the Server Software.** For each software license you assign to the server, you may run any number of instances of the server software in one physical or virtual OSE on the licensed server at a time.

**3.3 Running Instances of the Additional Software.** You may run or otherwise use any number of instances of the additional software listed below in physical or virtual OSEs on any number of devices. You may use the additional software only with the server software directly, or indirectly through other additional software.

- ☐ Client Tools Connectivity
- ☐ Documentation Components

**3.4 Creating and Storing Instances on Your Servers or Storage Media.** You have the additional rights listed below for each software license you acquire.

- (a) You may create any number of instances of the server software and additional software.
- (b) You may store instances of the server software and additional software on any of your servers or storage media.
- (c) You may create and store instances of the server software and additional software solely to exercise your right to run instances of the server software under any of your software licenses as described (e.g., you may not distribute instances to third parties).

#### 3.5 Client Access Licenses (CALs).

- (a) **Initial Assignment of CALs.** You must acquire and assign a SQL Server 2014 CAL to each device or user that accesses your instances of the server software directly or indirectly. A hardware partition or blade is considered to be a separate device.
- ☐ You do not need CALs for any of your servers licensed to run instances of the server software.
  - ☐ You do not need CALs for up to two devices or users to access your instances of the server software only to administer those instances.
  - ☐ Your CALs permit access to your instances of earlier versions, but not later versions, of the server software. If you are accessing instances of an earlier version, you may also use CALs corresponding to that version.
- (b) **Types of CALs.** There are two types of CALs: one for devices and one for users. Each device CAL permits one device, used by any user, to access instances of the server software on your licensed servers. Each user CAL permits one user, using any device, to access instances of the server software on your licensed servers. You may use a combination of device and user CALs.
- (c) **Reassignment of CALs.** You may
- ☐ permanently reassign your device CAL from one device to another, or your user CAL from one user to another; or
  - ☐ temporarily reassign your device CAL to a loaner device while the first device is out of service, or your user CAL to a temporary worker while the user is absent.

### 4. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

**4.1 Maximum Instances.** The software or your hardware may limit the number of instances of the server software that can run in physical or virtual OSEs on the server.

**4.2 Multiplexing.** Hardware or software you use to

- pool connections,
- reroute information, or
- reduce the number of devices or users that directly access or use the software

(sometimes referred to as “multiplexing” or “pooling”), does not reduce the number of licenses of any type that you need.

**4.3 No Separation of Server Software.** You may not separate the server software for use in more than one OSE under a single license, unless expressly permitted. This applies even if the OSEs are on the same physical hardware system.

**4.4 SQL Server Reporting Services Map Report Item.** Power View and SQL Reporting Services Map Item both include use of Bing Maps. You may only use the content provided through Bing Maps, including geocodes, within Power View or SQL Reporting Services Map Item. Your use of Bing Maps is also governed by the Bing Maps End User Terms of Use available at [go.microsoft.com/?linkid=9710837](http://go.microsoft.com/?linkid=9710837) and the Bing Maps Privacy Statement available at [go.microsoft.com/fwlink/?LinkID=248686](http://go.microsoft.com/fwlink/?LinkID=248686).

**4.5 Included Microsoft Programs.** The software includes other Microsoft programs listed at [go.microsoft.com/fwlink/?LinkID=298186](http://go.microsoft.com/fwlink/?LinkID=298186). Microsoft is making these programs available to you as a convenience only and these programs are licensed and supported under their

own separate terms and policies. You may only use these programs in conjunction with the software licensed here. If you do not agree to the license terms for these programs, you may not use them.

- 4.6 Runtime-Restricted Use Software.** The software is "Runtime-Restricted Use" software; as such, it may only be used to run the unified solution and only as part of the unified solution. The software may not be used either (i) to develop any new software applications, (ii) in conjunction with any software applications, databases or tables other than those contained in the Unified Solution, and/or (iii) as a standalone software application. The foregoing provision, however, does not prohibit you from using a tool to run queries or reports from existing tables. For clarity, you may use tools provided as part of the unified solution to create new tables during the unified solution set up and/or customization so long as the resulting tables will only be used with and/or as part of the unified solution itself.
- 4.7 Use of Software Within and Across Server Farms.** You may use the software on servers located within and across your server farm if and for so long as the software is only used with and as a part of the unified solution.
- 4.8 Outsourcing Company.** You may enter into an agreement with a third party that provides operational services or support services to you, including but not limited to network management, application management, or data center management services (including operation, maintenance and control of server hardware in a data center ("outsourcing company") to install or cause to be installed the unified solution on servers owned, operated, maintained and controlled by the outsourcing company, provided that: (i) all such server hardware on which the unified solution has been installed is and continuously remains physically dedicated to running the unified solution solely for the benefit and use by you and (ii) you have entered into to a written agreement that protects the unified solutions and the software on commercially reasonable terms. Regardless of the physical location of the server hardware containing the software, you remain fully responsible for all of your obligations under this agreement, including any unauthorized use or distribution of the software that results from any act or omission of the outsourcing company. The outsourcing company must agree to the terms of this agreement in a signed writing. You may only grant the outsourcing company access to the software in order to perform operational and/or support services (including but not limited to software maintenance, patch updating, integration, etc.) for you, and the outsourcing company may not access or use the software for any other purpose.
- 5. THIRD PARTY NOTICES.** The software may include third party code, that Microsoft, not the third party, licenses to you under the terms set forth in this agreement. Notices, if any, for any third party code are included for your information only. Additionally, any third party scripts, linked to, called or referenced from this software, are licensed to you by the third parties that own such code, not by Microsoft, see ASP.NET Ajax CDN Terms of Use: [www.asp.net/ajaxlibrary/CDN.ashx](http://www.asp.net/ajaxlibrary/CDN.ashx).
- 6. INTERNET-BASED SERVICES.** Microsoft provides Internet-based services with the software. It may change or cancel them at any time.
- 7. BENCHMARK TESTING.** You must obtain Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the software. However, this does not apply to the Microsoft .NET Framework (see below).
- 8. .NET FRAMEWORK SOFTWARE.** The software contains Microsoft .NET Framework software. This software is part of Windows. The license terms for Windows apply to your use of the .NET Framework software
- 9. MICROSOFT .NET FRAMEWORK BENCHMARK TESTING.** The software includes one or more components of the .NET Framework ("NET Components"). You may conduct internal benchmark testing of those components. You may disclose the results of any benchmark test of those components, provided that you comply with the conditions set forth at [go.microsoft.com/fwlink/?LinkID=66406](http://go.microsoft.com/fwlink/?LinkID=66406). Notwithstanding any other agreement you may have with Microsoft, if you disclose such benchmark test results, Microsoft shall have the right to disclose the results of benchmark tests it conducts of your products that compete with the applicable .NET Component, provided it complies with the same conditions set forth at [go.microsoft.com/fwlink/?LinkID=66406](http://go.microsoft.com/fwlink/?LinkID=66406).
- 10. SCOPE OF LICENSE.** The software is licensed, not sold. Unless applicable law gives you more rights, Licensor and Microsoft reserve all other rights not expressly granted under this agreement, whether by implication, estoppel or otherwise. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not
- work around any technical limitations in the software;
  - reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation;
  - make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation;
  - publish the software, including any application programming interfaces included in the software, for others to copy;
  - share or otherwise distribute documents, text or images created using the software Data Mapping Services features;
  - rent, lease or lend the software; or
  - use the software for commercial software hosting services.
- You also may not remove, minimize, block or modify any logos, trademarks, copyright, digital watermarks, or other notices of Microsoft or its suppliers that are included in the software, including any content made available to you through the software;
- Rights to access the software on any device do not give you any right to implement Microsoft patents or other Microsoft intellectual property in software or devices that access that device.
- 11. BACKUP COPY.** You may make one backup copy of the software media. You may use it only to create instances of the software.
- 12. DOCUMENTATION.** Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.
- 13. NOT FOR RESALE SOFTWARE.** You may not sell software marked as "NFR" or "Not for Resale."
- 14. ACADEMIC EDITION SOFTWARE.** You must be a "Qualified Educational User" to use software marked as "Academic Edition" or "AE." If you do not know whether you are a Qualified Educational User, visit [www.microsoft.com/education](http://www.microsoft.com/education) or contact the Microsoft affiliate serving your country.
- 15. TRANSFER TO A THIRD PARTY.** The first user of the software may transfer it and this agreement directly to another end user as part of a transfer of the integrated software turnkey application or suite of applications (the "Unified Solution") delivered to you by or on behalf of the Licensor solely as part of the Unified Solution. Before the transfer, that end user must agree that this agreement applies to the transfer and use of the software. The first user may not retain any instances of the software unless that user also retains another license for the software.

- 16. EXPORT RESTRICTIONS.** The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see [www.microsoft.com/exporting](http://www.microsoft.com/exporting).
- 17. ENTIRE AGREEMENT.** This agreement and the terms for supplements, updates, Internet-based services that you use, are the entire agreement for the software.
- 18. LEGAL EFFECT.** This agreement describes certain legal rights. You may have other rights under the laws of your state or country. You may also have rights with respect to the Licensor from whom you acquired the software. This agreement does not change your rights under the laws of your state or country if the laws of your state or country do not permit it to do so.
- 19. NOT FAULT TOLERANT. THE SOFTWARE IS NOT FAULT TOLERANT. LICENSOR HAS INDEPENDENTLY DETERMINED HOW TO USE THE SOFTWARE IN THE INTEGRATED SOFTWARE APPLICATION OR SUITE OF APPLICATIONS THAT IT IS LICENSING TO YOU, AND MICROSOFT HAS RELIED ON LICENSOR TO CONDUCT SUFFICIENT TESTING TO DETERMINE THAT THE SOFTWARE IS SUITABLE FOR SUCH USE.**
- 20. NO WARRANTIES BY MICROSOFT. YOU AGREE THAT IF YOU HAVE RECEIVED ANY WARRANTIES WITH REGARD TO EITHER (A) THE SOFTWARE, OR (B) THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, THEN THOSE WARRANTIES ARE PROVIDED SOLELY BY THE LICENSOR AND DO NOT ORIGINATE FROM, AND ARE NOT BINDING ON, MICROSOFT.**
- 21. NO LIABILITY OF MICROSOFT FOR CERTAIN DAMAGES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, MICROSOFT SHALL HAVE NO LIABILITY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING FROM OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE SOFTWARE OR THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, INCLUDING WITHOUT LIMITATION, PENALTIES IMPOSED BY GOVERNMENT. THIS LIMITATION WILL APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. IN NO EVENT SHALL MICROSOFT BE LIABLE FOR ANY AMOUNT IN EXCESS OF TWO HUNDRED FIFTY U.S. DOLLARS (US\$250.00).**
- 22. FOR AUSTRALIA ONLY.** In this paragraph, “goods” refers to the software for which Microsoft provides the express warranty. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Goods presented for repair may be replaced by refurbished goods of the same type rather than being replaced. Refurbished parts may be used to repair the goods.

Microsoft, SQL Server and Windows are registered trademarks of Microsoft Corporation in the United States and/or other countries.

#### **Microsoft® SQL Server™ 2008, Standard Edition (Server Proc Runtime) Software**

These license terms are an agreement between the licensor of the software application or suite of applications with which you acquired the Microsoft software (“Licensor”) and you. Please read them. They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft

- updates,
- supplements, and
- Internet-based services

for this software, unless other terms accompany those items. If so, those terms apply. Microsoft Corporation or one of its affiliates (collectively, “Microsoft”) has licensed the software to Licensor.

**BY USING THE SOFTWARE, YOU ACCEPT THESE TERMS. IF YOU DO NOT ACCEPT THEM, DO NOT USE THE SOFTWARE. INSTEAD, RETURN IT TO THE PLACE OF PURCHASE FOR A REFUND OR CREDIT.**

These terms supersede any electronic terms which may be contained within the software. If any of the terms contained within the software conflict with these terms, these terms will control.

#### **1. OVERVIEW.**

- a. Software.** The software includes
- server software; and
  - additional software that may only be used with the server software directly, or indirectly through other additional software.
- b. License Model.** The software is licensed based on
- the number of physical and virtual processors used by operating system environments in which you run instances of the server software.
- c. Licensing Terminology.**
- **Instance.** You create an “instance” of software by executing the software’s setup or install procedure. You also create an instance of software by duplicating an existing instance. References to software in this agreement include “instances” of the software.
  - **Run an Instance.** You “run an instance” of software by loading it into memory and executing one or more of its instructions. Once running, an instance is considered to be running (whether or not its instructions continue to execute) until it is removed from memory.
  - **Operating System Environment.** An “operating system environment” is
    - all or part of an operating system instance, or all or part of a virtual (or otherwise emulated) operating system instance which enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights, and
    - instances of applications, if any, configured to run on the operating system instance or parts identified above.

There are two types of operating system environments, physical and virtual. A physical operating system environment is configured to run directly on a physical hardware system. The operating system instance used to run hardware virtualization software (e.g. Microsoft Virtual Server or similar technologies) or to provide hardware virtualization services (e.g. Microsoft virtualization technology or similar technologies)

is considered part of the physical operating system environment. A virtual operating system environment is configured to run on a virtual (or otherwise emulated) hardware system. A physical hardware system can have either or both of the following:

- one physical operating system environment
- one or more virtual operating system environments.
- **Server.** A “server” is a physical hardware system capable of running server software. A hardware partition or blade is considered to be a separate physical hardware system.
- **Physical and Virtual Processors.** A physical processor is a processor in a physical hardware system. Physical operating system environments use physical processors. A virtual processor is a processor in a virtual (or otherwise emulated) hardware system. Virtual operating system environments use virtual processors. A virtual processor is considered to have the same number of threads and cores as each physical processor on the underlying physical hardware system.
- **Assigning a License.** To “assign a license” means simply to designate that license to one server.

## 2. USE RIGHTS.

- a. **Licensing a Server.** Before you run instances of the server software on a server, you must determine the required number of software licenses and assign those licenses to that server as described below.
  - i. **Determining the Number of Licenses Required.** You must first determine the number of software licenses you need. The total number of software licenses required for a server equals the sum of the software licenses required under (A) and (B) below.
    - (A) To run instances of the server software in the physical operating system environment on a server, you need a software license for each physical processor that the physical operating system environment uses.
    - (B) To run instances of the server software in virtual operating system environments on a server, you need a software license for each virtual processor that each of those virtual operating system environments uses. If a virtual operating system environment uses a fraction of a virtual processor, the fraction counts as a full virtual processor.
  - b. **Assigning the Required Number of Licenses to the Server.**
    - i. After you determine the number of software licenses you need for a server, you must assign that number of software licenses to that server. That server is the licensed server for all of those licenses. You may not assign the same license to more than one server. A hardware partition or blade is considered to be a separate server.
    - ii. You may reassign the software license, but not within 90 days of the last assignment. You may reassign a software license sooner if you retire the licensed server due to permanent hardware failure. If you reassign a license, the server to which you reassign the license becomes the new licensed server for that license.
- c. **Running Instances of the Server Software.** For each server to which you have assigned the required number of software licenses, you may run, at any one time, any number of instances of the server software in physical and virtual operating system environments on the licensed server. However, the total number of physical and virtual processors used by those operating system environments cannot exceed the number of software licenses assigned to that server.
- d. **Running Instances of the Additional Software.** You may run or otherwise use any number of instances of additional software listed below in physical or virtual operating system environments on any number of devices so long as the additional software is used only in conjunction with the integrated software turnkey application or suite of applications (the “Unified Solution”) delivered by or on behalf of the Licensor. You may use additional software only with the server software directly or indirectly through other additional software.
  - Business Intelligence Development Studio
  - Client Tools Backward Compatibility
  - Client Tools Connectivity
  - Client Tools Software Development Kit
  - Management Studio
  - Microsoft Sync Framework
  - SQL Server 2008 Books Online
- e. **Runtime-Restricted Use Software.** The software is “Runtime-Restricted Use” software; as such, it may only be used to run the Unified Solution solely as part of the Unified Solution. The software may not be used either (i) to develop any new software applications, (ii) in conjunction with any software applications, databases or tables other than those contained in the Unified Solution, and/or (iii) as a standalone software application. The foregoing provision, however, does not prohibit you from using a tool to run queries or reports from existing tables.
- f. **Creating and Storing Instances on Your Servers or Storage Media.** You have the additional rights below for each software license you acquire.
  - You may create any number of instances of the server software and additional software.
  - You may store instances of the server software and additional software on any of your servers or storage media.
  - You may create and store instances of the server software and additional software solely to exercise your right to run instances of the server software under any of your software licenses as described (e.g., you may not distribute instances to third parties).
- g. **No Client Access Licenses (CALs) Required for Access.** You do not need CALs for the other devices to access your instances of the server software.

## 3. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

- a. **Maximum Instances.** The software or your hardware may limit the number of instances of the server software that can run in physical or virtual operating system environments on the server.
- b. **Multiplexing.** Hardware or software you use to

- pool connections,
- reroute information, and
- reduce the number of devices or users that directly access or use the software, or
- reduce the number of devices or users the software directly manages,

(sometimes referred to as “multiplexing” or “pooling”), does not reduce the number of licenses of any type that you need.

- c. **Included Microsoft Programs.** The software contains other Microsoft programs. The license terms with those programs apply to your use of them.
  - d. **No Separation of Server Software.** You may not separate the server software for use in more than one operating system environment under a single license, unless expressly permitted. This applies even if the operating system environments are on the same physical hardware system.
  - e. **Fail-over Server.** For any operating system environment in which you run instances of the server software, you may run up to the same number of passive fail-over instances in a separate operating system environment for temporary support. The number of processors used in that separate operating system environment must not exceed the number of processors used in the corresponding operating system environment in which the active instances are running. You may run the passive fail-over instances on a server other than the licensed server.
4. **INTERNET-BASED SERVICES.** Microsoft provides Internet-based services with the software. It may change or cancel them at any time.
  5. **MICROSOFT .NET FRAMEWORK AND POWERSHELL SOFTWARE.** The software contains Microsoft .NET Framework and PowerShell software. These software components are part of Windows.
  6. **BENCHMARK TESTING.** You must obtain Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the software. However, this does not apply to the Windows components. For Microsoft .NET Framework see below.
  7. **MICROSOFT .NET FRAMEWORK.** The software includes one or more components of the .NET Framework (“.NET Components”). You may conduct internal benchmark testing of those components. You may disclose the results of any benchmark test of those components, provided that you comply with the conditions set forth at <http://go.microsoft.com/fwlink/?LinkID=66406>. Notwithstanding any other agreement you may have with Microsoft, if you disclose such benchmark test results, Microsoft shall have the right to disclose the results of benchmark tests it conducts of your products that compete with the applicable .NET Component, provided it complies with the same conditions set forth at <http://go.microsoft.com/fwlink/?LinkID=66406>.
  8. **SCOPE OF LICENSE.** The software is licensed, not sold. This agreement only gives you some rights to use the software. Licensor and Microsoft reserve all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. For more information, see [www.microsoft.com/licensing/userights](http://www.microsoft.com/licensing/userights).

You may not

- work around any technical limitations in the software;
- reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation;
- make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation;
- publish the software for others to copy;
- rent, lease or lend the software; or
- use the software for commercial software hosting services.

Rights to access the software on any device do not give you any right to implement Microsoft patents or other Microsoft intellectual property in software or devices that access that device.

9. **BACKUP COPY.** You may make one backup copy of the software media. You may use it only to create instances of the software.
10. **DOCUMENTATION.** Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.
11. **NOT FOR RESALE SOFTWARE.** You may not sell software marked as “NFR” or “Not for Resale.”
12. **ACADEMIC EDITION SOFTWARE.** You must be a “Qualified Educational User” to use software marked as “Academic Edition” or “AE.” If you do not know whether you are a Qualified Educational User, visit [www.microsoft.com/education](http://www.microsoft.com/education) or contact the Microsoft affiliate serving your country.
13. **Transfer to Another Device.** You may uninstall the software and install it on another device for your use solely as part of the Unified Solution. You may not do so to share this license between devices to reduce the number of licenses you need.
14. **TRANSFER TO A THIRD PARTY.** The first user of the software may transfer it, this agreement, and CALs, directly to another end user as part of a transfer of the Unified Solution delivered to you by or on behalf of the Licensor solely as part of the Unified Solution. Before the transfer, that end user must agree that this agreement applies to the transfer and use of the software. The first user may not retain any instances of the software unless that user also retains another license for the software.
15. **EXPORT RESTRICTIONS.** The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see [www.microsoft.com/exporting](http://www.microsoft.com/exporting).
16. **ENTIRE AGREEMENT.** This agreement, and the terms for supplements, updates, and Internet-based services that you use, are the entire agreement for the software.
17. **LEGAL EFFECT.** This agreement describes certain legal rights. You may have other rights under the laws of your state or country. You may also have rights with respect to the Licensor from whom you acquired the software. This agreement does not change your rights under the laws of your state or country if the laws of your state or country do not permit it to do so.
18. **NOT FAULT TOLERANT. THE SOFTWARE IS NOT FAULT TOLERANT. LICENSOR HAS INDEPENDENTLY DETERMINED HOW TO USE THE SOFTWARE IN THE INTEGRATED SOFTWARE APPLICATION OR SUITE OF APPLICATIONS THAT IT IS LICENSING TO YOU, AND**

MICROSOFT HAS RELIED ON LICENSOR TO CONDUCT SUFFICIENT TESTING TO DETERMINE THAT THE SOFTWARE IS SUITABLE FOR SUCH USE.

19. **NO WARRANTIES BY MICROSOFT.** YOU AGREE THAT IF YOU HAVE RECEIVED ANY WARRANTIES WITH REGARD TO EITHER (A) THE SOFTWARE, OR (B) THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, THEN THOSE WARRANTIES ARE PROVIDED SOLELY BY THE LICENSOR AND DO NOT ORIGINATE FROM, AND ARE NOT BINDING ON, MICROSOFT.
20. **NO LIABILITY OF MICROSOFT FOR CERTAIN DAMAGES.** TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, MICROSOFT SHALL HAVE NO LIABILITY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING FROM OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE SOFTWARE OR THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, INCLUDING WITHOUT LIMITATION, PENALTIES IMPOSED BY GOVERNMENT. THIS LIMITATION WILL APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. IN NO EVENT SHALL MICROSOFT BE LIABLE FOR ANY AMOUNT IN EXCESS OF TWO HUNDRED FIFTY U.S. DOLLARS (US\$250.00).

Microsoft and SQL Server are registered trademarks of Microsoft Corporation in the United States and/or other countries.

#### **Microsoft® SQL Server™ 2008, Standard Edition (Server CAL Runtime) Software**

These license terms are an agreement between the licensor of the software application or suite of applications with which you acquired the Microsoft software ("Licensor") and you. Please read them. They apply to the software named above, which includes the media on which you received it, if any. The terms also apply to any Microsoft

- updates,
- supplements, and
- Internet-based services

for this software, unless other terms accompany those items. If so, those terms apply. Microsoft Corporation or one of its affiliates (collectively, "Microsoft") has licensed the software to Licensor.

**BY USING THE SOFTWARE, YOU ACCEPT THESE TERMS. IF YOU DO NOT ACCEPT THEM, DO NOT USE THE SOFTWARE. INSTEAD, RETURN IT TO THE PLACE OF PURCHASE FOR A REFUND OR CREDIT.**

**These terms supersede any electronic terms which may be contained within the software. If any of the terms contained within the software conflict with these terms, these terms will control.**

**IF YOU COMPLY WITH THESE LICENSE TERMS, YOU HAVE THE RIGHTS BELOW FOR EACH SOFTWARE LICENSE YOU ACQUIRE.**

#### **1. OVERVIEW.**

- a. **Software.** The software includes
  - server software; and
  - additional software that may only be used with the server software directly, or indirectly through other additional software.
- b. **License Model.** The software is licensed based on
  - the number of instances of server software that you run; and
  - the number of devices and users that access instances of server software.
- c. **Licensing Terminology.**
  - **Instance.** You create an "instance" of software by executing the software's setup or install procedure. You also create an instance of software by duplicating an existing instance. References to software in this agreement include "instances" of the software.
  - **Run an Instance.** You "run an instance" of software by loading it into memory and executing one or more of its instructions. Once running, an instance is considered to be running (whether or not its instructions continue to execute) until it is removed from memory.
  - **Operating System Environment.** An "operating system environment" is
    - all or part of an operating system instance, or all or part of a virtual (or otherwise emulated) operating system instance which enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights, and
    - instances of applications, if any, configured to run on the operating system instance or parts identified above.There are two types of operating system environments, physical and virtual. A physical operating system environment is configured to run directly on a physical hardware system. The operating system instance used to run hardware virtualization software (e.g. Microsoft Virtual Server or similar technologies) or to provide hardware virtualization services (e.g. Microsoft virtualization technology or similar technologies) is considered part of the physical operating system environment. A virtual operating system environment is configured to run on a virtual (or otherwise emulated) hardware system. A physical hardware system can have either or both of the following:
    - one physical operating system environment
    - one or more virtual operating system environments.
  - **Server.** A "server" is a physical hardware system capable of running server software. A hardware partition or blade is considered to be a separate physical hardware system.
  - **Assigning a License.** To "assign a license" means simply to designate that license to one device or user.

#### **2. USE RIGHTS.**

- a. **Assigning the License to the Server.**
  - i. Before you run any instance of the server software under a software license, you must assign that license to one of your servers. That server is the licensed server for that particular license. You may assign other software licenses to the same server, but you may not assign the same license to more than one server. A hardware partition or blade is considered to be a separate server.
  - ii. You may reassign a software license, but not within 90 days of the last assignment. You may reassign a software license sooner if you retire the licensed server due to permanent hardware failure. If you reassign a license, the server to which you reassign the license becomes the new licensed server for that license.
- b. **Running Instances of the Server Software.** You may run any number of instances of the server software in one physical or virtual operating system environment on the licensed server at a time.

c. **Running Instances of the Additional Software.** You may run or otherwise use any number of instances of additional software listed below in physical or virtual operating system environments on any number of devices solely to support your use of the integrated software turnkey application or suite of applications (the "Unified Solution") delivered by or on behalf of the Licensor. You may use additional software only with the server software directly or indirectly through other additional software.

- Business Intelligence Development Studio
- Client Tools Backward Compatibility
- Client Tools Connectivity
- Client Tools Software Development Kit
- Management Studio
- Microsoft Sync Framework
- SQL Server 2008 Books Online

d. **Creating and Storing Instances on Your Servers or Storage Media.** You have the additional rights below for each software license you acquire.

- You may create any number of instances of the server software and additional software.
- You may store instances of the server software and additional software on any of your servers or storage media.
- You may create and store instances of the server software and additional software solely to exercise your right to run instances of the server software under any of your software licenses as described (e.g., you may not distribute instances to third parties).

e. **Included Microsoft Programs. The software contains other Microsoft programs.** The license terms with those programs apply to your use of them.

### 3. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

#### a. Client Access Licenses (CALs).

- i. You must acquire and assign a SQL Server 2008 CAL to each device or user that accesses your instances of the server software directly or indirectly. A hardware partition or blade is considered to be a separate device.
  - You may not access instances of the server software under Workgroup Edition CALs.
  - You may use your Windows Small Business Server ("SBS") 2008 CAL Suite for Premium Users or Devices instead of SQL Server 2008 CALs to access your instances of the server software within an SBS 2008 domain.
  - You may use your Windows Essential Business Server ("EBS") 2008 CAL Suite for Premium Users or Devices instead of SQL Server 2008 CALs to access your instances of the server software within an EBS domain.
  - You do not need CALs for any of your servers licensed to run instances of the server software.
  - You do not need CALs for up to two devices or users to access your instances of the server software only to administer those instances.
  - Your CALs permit access to your instances of earlier versions, but not later versions, of the server software. If you are accessing instances of an earlier version, you may also use CALs corresponding to that version.
- ii. **Types of CALs.** There are two types of CALs: one for devices and one for users. Each device CAL permits one device, used by any user, to access instances of the server software on your licensed servers. Each user CAL permits one user, using any device, to access instances of the server software on your licensed servers. You may use a combination of device and user CALs.
- iii. **Reassignment of CALs.** You may
  - permanently reassign your device CAL from one device to another, or your user CAL from one user to another; or
  - temporarily reassign your device CAL to a loaner device while the first device is out of service, or your user CAL to a temporary worker while the user is absent.

b. **Runtime-Restricted Use Software.** The software is "Runtime-Restricted Use" software; as such, it may only be used in conjunction with the Unified Solution. The software may not be used either (i) to develop any new software applications, (ii) in conjunction with any software applications, databases or tables other than those contained in the unified solution, and/or (iii) as a standalone software application. The foregoing provision, however, does not prohibit you from using a tool to run queries or reports from existing tables. A CAL permits you to access instances of only the Runtime-Restricted User version of the server software licensed and delivered to you as part of the Unified Solution, in accordance with the other terms of the agreement.

c. **Maximum Instances.** The software or your hardware may limit the number of instances of the server software that can run in physical or virtual operating system environments on the server.

d. **Multiplexing.** Hardware or software you use to

- pool connections,
- reroute information, and
- reduce the number of devices or users that directly access or use the software, or
- reduce the number of devices or users the software directly manages.

(sometimes referred to as "multiplexing" or "pooling"), does not reduce the number of licenses of any type that you need.

e. **No Separation of Server Software.** You may not separate the server software for use in more than one operating system environment under a single license, unless expressly permitted. This applies even if the operating system environments are on the same physical hardware system.

f. **Fail-over Server.** For any operating system environment in which you run instances of the server software, you may run up to the same number of passive fail-over instances in a separate operating system environment for temporary support. You may run the passive fail-over instances on a server other than the licensed server.

4. **INTERNET-BASED SERVICES.** Microsoft provides Internet-based services with the software. It may change or cancel them at any time.

5. **NET FRAMEWORK AND POWERSHELL SOFTWARE.** The software contains Microsoft .NET Framework and PowerShell software. These software components are part of Windows.

6. **BENCHMARK TESTING.** You must obtain Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the software. However, this does not apply to the Windows components. For Microsoft .NET Framework see below.

7. **MICROSOFT .NET FRAMEWORK.** The software includes one or more components of the .NET Framework (".NET Components"). You may conduct internal benchmark testing of those components. You may disclose the results of any benchmark test of those components, provided that you comply with the conditions set forth at <http://go.microsoft.com/fwlink/?LinkID=66406>. Notwithstanding any other agreement you may have with Microsoft, if you disclose such benchmark test results, Microsoft shall have the right to disclose the results of benchmark tests it conducts of your products that compete with the applicable .NET Component, provided it complies with the same conditions set forth at <http://go.microsoft.com/fwlink/?LinkID=66406>.
8. **SCOPE OF LICENSE.** The software is licensed, not sold. This agreement only gives you some rights to use the software. Licensor and Microsoft reserve all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. For more information, see [www.microsoft.com/licensing/userights](http://www.microsoft.com/licensing/userights). You may not
- work around any technical limitations in the software;
  - reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation;
  - make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation;
  - publish the software for others to copy;
  - rent, lease or lend the software; or
  - use the software for commercial software hosting services.
- Rights to access the software on any device do not give you any right to implement Microsoft patents or other Microsoft intellectual property in software or devices that access that device.
9. **BACKUP COPY.** You may make one backup copy of the software media. You may use it only to create instances of the software.
10. **DOCUMENTATION.** Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.
11. **NOT FOR RESALE SOFTWARE.** You may not sell software marked as "NFR" or "Not for Resale."
12. **ACADEMIC EDITION SOFTWARE.** You must be a "Qualified Educational User" to use software marked as "Academic Edition" or "AE." If you do not know whether you are a Qualified Educational User, visit [www.microsoft.com/education](http://www.microsoft.com/education) or contact the Microsoft affiliate serving your country.
13. **Transfer to Another Device.** You may uninstall the software and install it on another device for your use solely as part of the Unified Solution. You may not do so to share this license between devices to reduce the number of licenses you need.
14. **TRANSFER TO A THIRD PARTY.** The first user of the software may transfer it, this agreement, and CALs, directly to another end user as part of a transfer of the Unified Solution delivered to you by or on behalf of the Licensor solely as part of the Unified Solution. Before the transfer, that end user must agree that this agreement applies to the transfer and use of the software. The first user may not retain any instances of the software unless that user also retains another license for the software.
15. **EXPORT RESTRICTIONS.** The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see [www.microsoft.com/exporting](http://www.microsoft.com/exporting).
16. **ENTIRE AGREEMENT.** This agreement, and the terms for supplements, updates, and Internet-based services that you use, are the entire agreement for the software.
17. **LEGAL EFFECT.** This agreement describes certain legal rights. You may have other rights under the laws of your state or country. You may also have rights with respect to the Licensor from whom you acquired the software. This agreement does not change your rights under the laws of your state or country if the laws of your state or country do not permit it to do so.
18. **NOT FAULT TOLERANT. THE SOFTWARE IS NOT FAULT TOLERANT. LICENSOR HAS INDEPENDENTLY DETERMINED HOW TO USE THE SOFTWARE IN THE INTEGRATED SOFTWARE APPLICATION OR SUITE OF APPLICATIONS THAT IT IS LICENSING TO YOU, AND MICROSOFT HAS RELIED ON LICENSOR TO CONDUCT SUFFICIENT TESTING TO DETERMINE THAT THE SOFTWARE IS SUITABLE FOR SUCH USE.**
19. **NO WARRANTIES BY MICROSOFT. YOU AGREE THAT IF YOU HAVE RECEIVED ANY WARRANTIES WITH REGARD TO EITHER (A) THE SOFTWARE, OR (B) THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, THEN THOSE WARRANTIES ARE PROVIDED SOLELY BY THE LICENSOR AND DO NOT ORIGINATE FROM, AND ARE NOT BINDING ON, MICROSOFT.**
20. **NO LIABILITY OF MICROSOFT FOR CERTAIN DAMAGES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, MICROSOFT SHALL HAVE NO LIABILITY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING FROM OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE SOFTWARE OR THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, INCLUDING WITHOUT LIMITATION, PENALTIES IMPOSED BY GOVERNMENT. THIS LIMITATION WILL APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. IN NO EVENT SHALL MICROSOFT BE LIABLE FOR ANY AMOUNT IN EXCESS OF TWO HUNDRED FIFTY U.S. DOLLARS (US\$250.00).**

Microsoft and SQL Server are registered trademarks of Microsoft Corporation in the United States and/or other countries.

## Microsoft® SQL Server™ 2012, Standard Edition (Server CAL Runtime) Software

### OVERVIEW

#### 1.1 Software. The software includes

- server software, and
- additional software that may only be used with the server software directly, or indirectly through other additional software.

#### 1.2 License Model. The software is licensed based on either the:

- **Core License Model** – the number of physical and/or virtual cores in the server; or

- **Server + Client** – the number of instances of server software that you run, and the number of devices and users that access instances of server software.

### 1.3 Licensing Terminology.

- **Instance.** You create an “instance” of the software by executing the software’s setup or install procedure. You also create an instance of the software by duplicating an existing instance. References to the “software” in this agreement include “instances” of the software.
- **Run an Instance.** You “run an instance” of the software by loading it into memory and executing one or more of its instructions. Once running, an instance is considered to be running (whether or not its instructions continue to execute) until it is removed from memory.
- **Operating System Environment (“OSE”).** An “operating system environment” or “OSE” is
  - (i) all or part of an operating system instance, or all or part of a virtual (or otherwise emulated) operating system instance which enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights; and
  - (ii) instances of applications, if any, configured to run on the operating system instance or parts identified above.

A physical hardware system can have either or both of the following:

- one physical operating system environment;
- one or more virtual operating system environments.

A physical operating system environment is configured to run directly on a physical hardware system. The operating system instance used to run hardware virtualization software or to provide hardware virtualization services (e.g. Microsoft virtualization technology or similar technologies) is considered part of the physical operating system environment.

A virtual operating system environment is configured to run on a virtual (or otherwise emulated) hardware system.

- **Server.** A server is a physical hardware system capable of running server software. A hardware partition or blade is considered to be a separate physical hardware system.
- **Physical Core.** A physical core is a core in a physical processor. A physical processor consists of one or more physical cores.
- **Hardware Thread.** A hardware thread is either a physical core or a hyper-thread in a physical processor.
- **Virtual Core.** A virtual core is the unit of processing power in a virtual (or otherwise emulated) hardware system. A virtual core is the virtual representation of one or more hardware threads. Virtual OSEs use one or more virtual cores.
- **Assigning a License.** To assign a license is to designate that license to a server, device or user as indicated below.
- **Core Factor.** The core factor is a numerical value associated with a specific physical processor for purposes of determining the number of licenses required to license all of the physical cores on a server.

### USE RIGHTS FOR CORE LICENSE MODEL.

**2.1 Licensing a Server.** Before you run instances of the server software on a server, you must determine the number of software licenses required and assign those licenses to that server as described below.

**2.2 Determining the Number of Licenses Required.** You have two license options:

- (a) **Physical Cores on a Server.** You may license based on all of the physical cores on the server. If you choose this option, the number of licenses required equals the number of physical cores on the server multiplied by the applicable core factor located at <http://go.microsoft.com/fwlink/?LinkID=229882>.
- (b) **Individual Virtual OSE.** You may license based on the virtual OSEs within the server in which you run the server software. If you choose this option, for each virtual OSE in which you run the server software, you need a number licenses equal to the number of virtual cores in the virtual OSE, subject to a minimum requirement of four licenses per virtual OSE. In addition, if any of these virtual cores is at any time mapped to more than one hardware thread, you need a license for each additional hardware thread mapped to that virtual core. Those licenses count toward the minimum requirement of four licenses per virtual OSE.

**2.3 Assigning the Required Number of Licenses to the Server.**

**Initial Assignment.** After you determine the number of software licenses required for a server, you must assign that number of licenses to that server. The server to which a license is assigned is considered the “licensed server” for such license. You may not assign a license to more than one server. A hardware partition or blade is considered a separate server.

**Reassignment.** You may reassign a license, but not within 90 days of its last assignment. You may reassign a license sooner if you retire the licensed server to which the license is assigned due to permanent hardware failure. If you reassign a license, the server to which you reassign the license becomes the new licensed server for that license.

**2.4 Running Instances of the Server Software.** Your right to run instances of the server software depends on the option chosen to determine the number of software licenses required:

- (a) **Physical Cores on a Server.** For each server to which you have assigned the required number of licenses as provided in Section 2.2(a), you may run on the licensed server any number of instances of the server software in the physical OSE.
- (b) **Individual Virtual OSEs.** For each virtual OSE for which you have assigned the required number of licenses as provided in section 2.2(b) , you have the right to run any number of instances of the software in that virtual OSE.

**2.5 Running Instances of the Additional Software.** You may run or otherwise use any number of instances of the additional software listed below in physical or virtual OSEs on any number of devices. You may use the additional software only with the server software directly, or indirectly through other additional software.

- Business Intelligence Development Studio
- Client Tools Backward Compatibility

- Client Tools Connectivity
- Client Tools SDK
- Data Quality Client
- Data Quality Services
- Distributed Replay Client
- Distributed Replay Controller
- Management Tools - Basic
- Management Tools - Complete
- Reporting Services – SharePoint
- Reporting Services Add-in for SharePoint Products
- Master Data Services
- Sync Framework
- SQL Client Connectivity SDK
- SQL Server 2012 Books Online

**2.6 Creating and Storing Instances on Your Servers or Storage Media.** You have the additional rights listed below for each software license you acquire.

- (a) You may create any number of instances of the server software and additional software.
- (b) You may store instances of the server software and additional software on any of your servers or storage media.
- (c) You may create and store instances of the server software and additional software solely to exercise your right to run instances of the server software under any of your software licenses as described (e.g., you may not distribute instances to third parties).

**2.7 No Client Access Licenses (CALs) Required for Access.** Under this core license model, you do not need CALs for users or devices to access your instances of the server software.

## USE RIGHTS FOR SERVER + CLIENT ACCESS LICENSE MODEL

### 3.1 Assigning the License to the Server.

- (a) Initial Assignment. Before you run any instance of the server software under a software license, you must assign that license to one of your servers. That server is considered the “licensed server” for such license. You may not assign the same license to more than one server, but you may assign other software licenses to the same server. A hardware partition or blade is considered to be a separate server.
- (b) Reassignment. You may reassign a software license, but not within 90 days of the last assignment. You may reassign a software license sooner if you retire the licensed server due to permanent hardware failure. If you reassign a license, the server to which you reassign the license becomes the new licensed server for that license.

**3.2 Running Instances of the Server Software.** For each software license you assign to the server, you may run any number of instances of the server software in one physical or virtual OSE on the licensed server at a time.

**3.3 Running Instances of the Additional Software.** You may run or otherwise use any number of instances of the additional software listed below in physical or virtual OSEs on any number of devices. You may use the additional software only with the server software directly, or indirectly through other additional software.

- Business Intelligence Development Studio
- Client Tools Backward Compatibility
- Client Tools Connectivity
- Client Tools SDK
- Data Quality Client
- Data Quality Services
- Distributed Replay Client
- Distributed Replay Controller
- Management Tools - Basic
- Management Tools - Complete
- Reporting Services – SharePoint
- Reporting Services Add-in for SharePoint Products
- Master Data Services
- Sync Framework
- SQL Client Connectivity SDK
- SQL Server 2012 Books Online

**3.4 Creating and Storing Instances on Your Servers or Storage Media.** You have the additional rights listed below for each software license you acquire.

- (a) You may create any number of instances of the server software and additional software.
- (b) You may store instances of the server software and additional software on any of your servers or storage media.

- (c) You may create and store instances of the server software and additional software solely to exercise your right to run instances of the server software under any of your software licenses as described (e.g., you may not distribute instances to third parties).

### 3.5 Client Access Licenses (CALs).

- (a) **Initial Assignment of CALs.** You must acquire and assign a SQL Server 2012 CAL to each device or user that accesses your instances of the server software directly or indirectly. A hardware partition or blade is considered to be a separate device.
- You do not need CALs for any of your servers licensed to run instances of the server software.
  - You do not need CALs for up to two devices or users to access your instances of the server software only to administer those instances.
  - Your CALs permit access to your instances of earlier versions, but not later versions, of the server software. If you are accessing instances of an earlier version, you may also use CALs corresponding to that version.
- (b) **Types of CALs.** There are two types of CALs: one for devices and one for users. Each device CAL permits one device, used by any user, to access instances of the server software on your licensed servers. Each user CAL permits one user, using any device, to access instances of the server software on your licensed servers. You may use a combination of device and user CALs.
- (c) **Reassignment of CALs.** You may
- permanently reassign your device CAL from one device to another, or your user CAL from one user to another; or
  - temporarily reassign your device CAL to a loaner device while the first device is out of service, or your user CAL to a temporary worker while the user is absent.

**3.6 Runtime-Restricted Use Software.** The software is "Runtime-Restricted Use" software; as such, it may only be used in conjunction with the Unified Solution. The software may not be used either (i) to develop any new software applications, (ii) in conjunction with any software applications, databases or tables other than those contained in the Unified Solution, and/or (iii) as a standalone software application. The foregoing provision, however, does not prohibit you from using a tool to run queries or reports from existing tables. A CAL permits you to access instances of only the Runtime-Restricted User version of the server software licensed and delivered to you as part of the Unified Solution, in accordance with the other terms of the agreement.

## ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

### 4.1 Alternative Versions

The software may include more than one version, such as 32-bit and 64-bit. For each instance of the software that you are permitted to create, store and run, you may use either version.

**4.2 Maximum Instances.** The software or your hardware may limit the number of instances of the server software that can run in physical or virtual OSEs on the server.

**4.3 Multiplexing.** Hardware or software you use to

- pool connections,
- reroute information, or
- reduce the number of devices or users that directly access or use the software

(sometimes referred to as "multiplexing" or "pooling"), does not reduce the number of licenses of any type that you need.

**4.4 No Separation of Server Software.** You may not separate the server software for use in more than one OSE under a single license, unless expressly permitted. This applies even if the OSEs are on the same physical hardware system.

**4.5 Fail-over Server.** For any OSE in which you run instances of the server software, you may run up to the same number of passive fail-over instances in a separate OSE for temporary support. You may run the passive fail-over instances on a server other than the licensed server. However, if you have licensed the server software under section 2.2(a) and the OSE in which you run the passive fail-over instances is on a separate server, the number of physical cores on the separate server must not exceed the number of physical cores on the licensed server and the core factor for the physical processors in that server must be the same or lower than the core factor for the physical processors in the licensed server. If you have licensed the server software under section 2.2(b), the number of hardware threads used in that separate OSE must not exceed the number of hardware threads used in the corresponding OSE in which the active instances run.

**4.6 SQL Server Reporting Services Map Report Item.** The software may include features that retrieve content such as maps, images and other data through the Bing Maps (or successor branded) application programming interface (the "Bing Maps APIs"). The purpose of these features is to create reports displaying data on top of maps, aerial and hybrid imagery. If these features are included, you may use them to create and view dynamic or static documents. This may be done only in conjunction with and through methods and means of access integrated in the software. You may not otherwise copy, store, archive, or create a database of the content available through the Bing Maps APIs. You may not use the following for any purpose even if they are available through the Bing Maps APIs:

- Bing Maps APIs to provide sensor based guidance/routing, or
- any Road Traffic Data or Bird's Eye Imagery (or associated metadata).

Your use of the Bing Maps APIs and associated content is also subject to the additional terms and conditions at [go.microsoft.com/fwlink/?LinkId=21969](http://go.microsoft.com/fwlink/?LinkId=21969).

**4.7 Included Microsoft Programs.** The software includes other Microsoft programs listed at <http://go.microsoft.com/fwlink/?LinkId=231864>, which are licensed under the terms and conditions associated with them. You may only use these programs in conjunction with the software licensed here. If you do not accept the license terms associated with a program, you may not use that program.

**5 INTERNET-BASED SERVICES.** Microsoft provides Internet-based services with the software. It may change or cancel them at any time.

**6 BENCHMARK TESTING.** You must obtain Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the software. However, this does not apply to the Microsoft .NET Framework (see below).

**7 .NET FRAMEWORK SOFTWARE.** The software contains Microsoft .NET Framework software. This software is part of Windows. The license terms for Windows apply to your use of the .NET Framework software

- 8 MICROSOFT .NET FRAMEWORK BENCHMARK TESTING.** The software includes one or more components of the .NET Framework (“.NET Components”). You may conduct internal benchmark testing of those components. You may disclose the results of any benchmark test of those components, provided that you comply with the conditions set forth at [go.microsoft.com/fwlink/?LinkID=66406](http://go.microsoft.com/fwlink/?LinkID=66406). Notwithstanding any other agreement you may have with Microsoft, if you disclose such benchmark test results, Microsoft shall have the right to disclose the results of benchmark tests it conducts of your products that compete with the applicable .NET Component, provided it complies with the same conditions set forth at [go.microsoft.com/fwlink/?LinkID=66406](http://go.microsoft.com/fwlink/?LinkID=66406).
- 9 SCOPE OF LICENSE.** The software is licensed, not sold. This agreement only gives you some rights to use the software. Licensor and Microsoft reserve all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not
- work around any technical limitations in the software;
  - reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation;
  - make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation;
  - publish the software, including any application programming interfaces included in the software, for others to copy;
  - share or otherwise distribute documents, text or images created using the software Data Mapping Services features;
  - rent, lease or lend the software; or
  - use the software for commercial software hosting services.
- You also may not remove, minimize, block or modify any logos, trademarks, copyright, digital watermarks, or other notices of Microsoft or its suppliers that are included in the software, including any content made available to you through the software;
- Rights to access the software on any device do not give you any right to implement Microsoft patents or other Microsoft intellectual property in software or devices that access that device.
- 10 BACKUP COPY.** You may make one backup copy of the software media. You may use it only to create instances of the software.
- 11 DOCUMENTATION.** Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.
- 12 NOT FOR RESALE SOFTWARE.** You may not sell software marked as “NFR” or “Not for Resale.”
- 13 ACADEMIC EDITION SOFTWARE.** You must be a “Qualified Educational User” to use software marked as “Academic Edition” or “AE.” If you do not know whether you are a Qualified Educational User, visit [www.microsoft.com/education](http://www.microsoft.com/education) or contact the Microsoft affiliate serving your country.
- 14 PROOF OF LICENSE.** If you acquired the software on a disc or other media, a genuine Microsoft Proof of License label with a genuine copy of the software identifies licensed software. To be valid, this label must appear on Microsoft packaging and may not be transferred separately. If you receive the label separately, it is invalid. You should keep the packaging that has the label on it to prove that you are licensed to use the software. To identify genuine Microsoft software, see [www.howtotell.com](http://www.howtotell.com).
- 15 TRANSFER TO A THIRD PARTY.** The first user of the software may transfer it and this agreement directly to another end user as part of a transfer of the integrated software turnkey application or suite of applications (the “Unified Solution”) delivered to you by or on behalf of the Licensor solely as part of the Unified Solution. Before the transfer, that end user must agree that this agreement applies to the transfer and use of the software. The transfer must include the software and the Proof of License label. The first user may not retain any instances of the software unless that user also retains another license for the software.
- 16 EXPORT RESTRICTIONS.** The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see [www.microsoft.com/exporting](http://www.microsoft.com/exporting).
- 17 ENTIRE AGREEMENT.** This agreement and the terms for supplements, updates, Internet-based services that you use, are the entire agreement for the software.
- 18 LEGAL EFFECT.** This agreement describes certain legal rights. You may have other rights under the laws of your state or country. You may also have rights with respect to the Licensor from whom you acquired the software. This agreement does not change your rights under the laws of your state or country if the laws of your state or country do not permit it to do so.
- 19 NOT FAULT TOLERANT. THE SOFTWARE IS NOT FAULT TOLERANT. LICENSOR HAS INDEPENDENTLY DETERMINED HOW TO USE THE SOFTWARE IN THE INTEGRATED SOFTWARE APPLICATION OR SUITE OF APPLICATIONS THAT IT IS LICENSING TO YOU, AND MICROSOFT HAS RELIED ON LICENSOR TO CONDUCT SUFFICIENT TESTING TO DETERMINE THAT THE SOFTWARE IS SUITABLE FOR SUCH USE.**
- 20 NO WARRANTIES BY MICROSOFT. YOU AGREE THAT IF YOU HAVE RECEIVED ANY WARRANTIES WITH REGARD TO EITHER (A) THE SOFTWARE, OR (B) THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, THEN THOSE WARRANTIES ARE PROVIDED SOLELY BY THE LICENSOR AND DO NOT ORIGINATE FROM, AND ARE NOT BINDING ON, MICROSOFT.**
- 21 NO LIABILITY OF MICROSOFT FOR CERTAIN DAMAGES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, MICROSOFT SHALL HAVE NO LIABILITY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING FROM OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE SOFTWARE OR THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, INCLUDING WITHOUT LIMITATION, PENALTIES IMPOSED BY GOVERNMENT. THIS LIMITATION WILL APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. IN NO EVENT SHALL MICROSOFT BE LIABLE FOR ANY AMOUNT IN EXCESS OF TWO HUNDRED FIFTY U.S. DOLLARS (US\$250.00).**
- 22 FOR AUSTRALIA ONLY.** References to “Limited Warranty” are references to the express warranty provided by Microsoft. This warranty is given in addition to other rights and remedies you may have under law, including your rights and remedies in accordance with the statutory guarantees under the Australian Consumer Law.

If the Australian Consumer Law applies to your purchase, the following applies to you: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any

other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

## Microsoft® SQL Server™ 2012, Standard Edition (Core-based Runtime) Software

### OVERVIEW.

#### 1.1 Software. The software includes

- server software, and
- additional software that may only be used with the server software directly, or indirectly through other additional software.

#### 1.2 License Model. The software is licensed based on either the:

- **Core License Model** – the number of physical and/or virtual cores in the server; or
- **Server + Client** – the number of instances of server software that you run, and the number of devices and users that access instances of server software.

#### 1.3 Licensing Terminology.

- **Instance.** You create an “instance” of the software by executing the software’s setup or install procedure. You also create an instance of the software by duplicating an existing instance. References to the “software” in this agreement include “instances” of the software.
- **Run an Instance.** You “run an instance” of the software by loading it into memory and executing one or more of its instructions. Once running, an instance is considered to be running (whether or not its instructions continue to execute) until it is removed from memory.
- **Operating System Environment (“OSE”).** An “operating system environment” or “OSE” is
  - (i) all or part of an operating system instance, or all or part of a virtual (or otherwise emulated) operating system instance which enables separate machine identity (primary computer name or similar unique identifier) or separate administrative rights; and
  - (ii) instances of applications, if any, configured to run on the operating system instance or parts identified above.

A physical hardware system can have either or both of the following:

- one physical operating system environment;
- one or more virtual operating system environments.

A physical operating system environment is configured to run directly on a physical hardware system. The operating system instance used to run hardware virtualization software or to provide hardware virtualization services (e.g. Microsoft virtualization technology or similar technologies) is considered part of the physical operating system environment.

A virtual operating system environment is configured to run on a virtual (or otherwise emulated) hardware system.

- **Server.** A server is a physical hardware system capable of running server software. A hardware partition or blade is considered to be a separate physical hardware system.
- **Physical Core.** A physical core is a core in a physical processor. A physical processor consists of one or more physical cores.
- **Hardware Thread.** A hardware thread is either a physical core or a hyper-thread in a physical processor.
- **Virtual Core.** A virtual core is the unit of processing power in a virtual (or otherwise emulated) hardware system. A virtual core is the virtual representation of one or more hardware threads. Virtual OSEs use one or more virtual cores.
- **Assigning a License.** To assign a license is to designate that license to a server, device or user as indicated below.
- **Core Factor.** The core factor is a numerical value associated with a specific physical processor for purposes of determining the number of licenses required to license all of the physical cores on a server.

### USE RIGHTS FOR CORE LICENSE MODEL.

#### 2.1 Licensing a Server. Before you run instances of the server software on a server, you must determine the number of software licenses required and assign those licenses to that server as described below.

#### 2.2 Determining the Number of Licenses Required. You have two license options:

- (a) **Physical Cores on a Server.** You may license based on all of the physical cores on the server. If you choose this option, the number of licenses required equals the number of physical cores on the server multiplied by the applicable core factor located at <http://go.microsoft.com/fwlink/?LinkID=229882>.
- (b) **Individual Virtual OSE.** You may license based on the virtual OSEs within the server in which you run the server software. If you choose this option, for each virtual OSE in which you run the server software, you need a number licenses equal to the number of virtual cores in the virtual OSE, subject to a minimum requirement of four licenses per virtual OSE. In addition, if any of these virtual cores is at any time mapped to more than one hardware thread, you need a license for each additional hardware thread mapped to that virtual core. Those licenses count toward the minimum requirement of four licenses per virtual OSE.

#### 2.3 Assigning the Required Number of Licenses to the Server.

**Initial Assignment.** After you determine the number of software licenses required for a server, you must assign that number of licenses to that server. The server to which a license is assigned is considered the “licensed server” for such license. You may not assign a license to more than one server. A hardware partition or blade is considered a separate server.

**Reassignment.** You may reassign a license, but not within 90 days of its last assignment. You may reassign a license sooner if you retire the licensed server to which the license is assigned due to permanent hardware failure. If you reassign a license, the server to which you reassign the license becomes the new licensed server for that license.

#### 2.4 Running Instances of the Server Software. Your right to run instances of the server software depends on the option chosen to determine the number of software licenses required:

- (a) **Physical Cores on a Server.** For each server to which you have assigned the required number of licenses as provided in Section 2.2(a), you may run on the licensed server any number of instances of the server software in the physical OSE.
- (b) **Individual Virtual OSEs.** For each virtual OSE for which you have assigned the required number of licenses as provided in section 2.2(b) , you have the right to run any number of instances of the software in that virtual OSE.

**2.5 Running Instances of the Additional Software.** You may run or otherwise use any number of instances of the additional software listed below in physical or virtual OSEs on any number of devices. You may use the additional software only with the server software directly, or indirectly through other additional software.

- Business Intelligence Development Studio
- Client Tools Backward Compatibility
- Client Tools Connectivity
- Client Tools SDK
- Data Quality Client
- Data Quality Services
- Distributed Replay Client
- Distributed Replay Controller
- Management Tools - Basic
- Management Tools - Complete
- Reporting Services – SharePoint
- Reporting Services Add-in for SharePoint Products
- Master Data Services
- Sync Framework
- SQL Client Connectivity SDK
- SQL Server 2012 Books Online

**2.6 Creating and Storing Instances on Your Servers or Storage Media.** You have the additional rights listed below for each software license you acquire.

- (a) You may create any number of instances of the server software and additional software.
- (b) You may store instances of the server software and additional software on any of your servers or storage media.
- (c) You may create and store instances of the server software and additional software solely to exercise your right to run instances of the server software under any of your software licenses as described (e.g., you may not distribute instances to third parties).

**2.7 No Client Access Licenses (CALs) Required for Access.** Under this core license model, you do not need CALs for users or devices to access your instances of the server software.

**2.8 Runtime-Restricted Use Software.** The software is “Runtime-Restricted Use” software; as such, it may only be used to run the Unified Solution solely as part of the Unified Solution. The software may not be used either (i) to develop any new software applications, (ii) in conjunction with any software applications, databases or tables other than those contained in the Unified Solution, and/or (iii) as a standalone software application. The foregoing provision, however, does not prohibit you from using a tool to run queries or reports from existing tables.

## USE RIGHTS FOR SERVER + CLIENT ACCESS LICENSE MODEL

### 3.1 Assigning the License to the Server.

- (a) **Initial Assignment.** Before you run any instance of the server software under a software license, you must assign that license to one of your servers. That server is considered the “licensed server” for such license. You may not assign the same license to more than one server, but you may assign other software licenses to the same server. A hardware partition or blade is considered to be a separate server.
- (b) **Reassignment.** You may reassign a software license, but not within 90 days of the last assignment. You may reassign a software license sooner if you retire the licensed server due to permanent hardware failure. If you reassign a license, the server to which you reassign the license becomes the new licensed server for that license.

**3.2 Running Instances of the Server Software.** For each software license you assign to the server, you may run any number of instances of the server software in one physical or virtual OSE on the licensed server at a time.

**3.3 Running Instances of the Additional Software.** You may run or otherwise use any number of instances of the additional software listed below in physical or virtual OSEs on any number of devices. You may use the additional software only with the server software directly, or indirectly through other additional software.

- Business Intelligence Development Studio
- Client Tools Backward Compatibility
- Client Tools Connectivity
- Client Tools SDK
- Data Quality Client
- Data Quality Services
- Distributed Replay Client
- Distributed Replay Controller
- Management Tools - Basic

- Management Tools - Complete
- Reporting Services – SharePoint
- Reporting Services Add-in for SharePoint Products
- Master Data Services
- Sync Framework
- SQL Client Connectivity SDK
- SQL Server 2012 Books Online

**3.4 Creating and Storing Instances on Your Servers or Storage Media.** You have the additional rights listed below for each software license you acquire.

- (a) You may create any number of instances of the server software and additional software.
- (b) You may store instances of the server software and additional software on any of your servers or storage media.
- (c) You may create and store instances of the server software and additional software solely to exercise your right to run instances of the server software under any of your software licenses as described (e.g., you may not distribute instances to third parties).

### **3.5 Client Access Licenses (CALs).**

- (a) **Initial Assignment of CALs.** You must acquire and assign a SQL Server 2012 CAL to each device or user that accesses your instances of the server software directly or indirectly. A hardware partition or blade is considered to be a separate device.
  - You do not need CALs for any of your servers licensed to run instances of the server software.
  - You do not need CALs for up to two devices or users to access your instances of the server software only to administer those instances.
  - Your CALs permit access to your instances of earlier versions, but not later versions, of the server software. If you are accessing instances of an earlier version, you may also use CALs corresponding to that version.
- (b) **Types of CALs.** There are two types of CALs: one for devices and one for users. Each device CAL permits one device, used by any user, to access instances of the server software on your licensed servers. Each user CAL permits one user, using any device, to access instances of the server software on your licensed servers. You may use a combination of device and user CALs.
- (c) **Reassignment of CALs.** You may
  - permanently reassign your device CAL from one device to another, or your user CAL from one user to another; or
  - temporarily reassign your device CAL to a loaner device while the first device is out of service, or your user CAL to a temporary worker while the user is absent.

## **ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.**

### **4.1 Alternative Versions.**

The software may include more than one version, such as 32-bit and 64-bit. For each instance of the software that you are permitted to create, store and run, you may use either version.

**4.2 Maximum Instances.** The software or your hardware may limit the number of instances of the server software that can run in physical or virtual OSEs on the server.

**4.3 Multiplexing.** Hardware or software you use to

- pool connections,
- reroute information, or
- reduce the number of devices or users that directly access or use the software

(sometimes referred to as “multiplexing” or “pooling”), does not reduce the number of licenses of any type that you need.

**4.4 No Separation of Server Software.** You may not separate the server software for use in more than one OSE under a single license, unless expressly permitted. This applies even if the OSEs are on the same physical hardware system.

**4.5 Fail-over Server.** For any OSE in which you run instances of the server software, you may run up to the same number of passive fail-over instances in a separate OSE for temporary support. You may run the passive fail-over instances on a server other than the licensed server. However, if you have licensed the server software under section 2.2(a) and the OSE in which you run the passive fail-over instances is on a separate server, the number of physical cores on the separate server must not exceed the number of physical cores on the licensed server and the core factor for the physical processors in that server must be the same or lower than the core factor for the physical processors in the licensed server. If you have licensed the server software under section 2.2(b), the number of hardware threads used in that separate OSE must not exceed the number of hardware threads used in the corresponding OSE in which the active instances run.

**4.6 SQL Server Reporting Services Map Report Item.** The software may include features that retrieve content such as maps, images and other data through the Bing Maps (or successor branded) application programming interface (the “Bing Maps APIs”). The purpose of these features is to create reports displaying data on top of maps, aerial and hybrid imagery. If these features are included, you may use them to create and view dynamic or static documents. This may be done only in conjunction with and through methods and means of access integrated in the software. You may not otherwise copy, store, archive, or create a database of the content available through the Bing Maps APIs. You may not use the following for any purpose even if they are available through the Bing Maps APIs:

- Bing Maps APIs to provide sensor based guidance/routing, or
- any Road Traffic Data or Bird’s Eye Imagery (or associated metadata).

Your use of the Bing Maps APIs and associated content is also subject to the additional terms and conditions at [go.microsoft.com/fwlink/?LinkId=21969](http://go.microsoft.com/fwlink/?LinkId=21969).

- 4.7 Included Microsoft Programs.** The software includes other Microsoft programs listed at <http://go.microsoft.com/fwlink/?LinkID=231864>, which are licensed under the terms and conditions associated with them. You may only use these programs in conjunction with the software licensed here. If you do not accept the license terms associated with a program, you may not use that program.
- 5 INTERNET-BASED SERVICES.** Microsoft provides Internet-based services with the software. It may change or cancel them at any time.
- 6 BENCHMARK TESTING.** You must obtain Microsoft's prior written approval to disclose to a third party the results of any benchmark test of the software. However, this does not apply to the Microsoft .NET Framework (see below).
- 7 .NET FRAMEWORK SOFTWARE.** The software contains Microsoft .NET Framework software. This software is part of Windows. The license terms for Windows apply to your use of the .NET Framework software
- 8 MICROSOFT .NET FRAMEWORK BENCHMARK TESTING.** The software includes one or more components of the .NET Framework (" .NET Components"). You may conduct internal benchmark testing of those components. You may disclose the results of any benchmark test of those components, provided that you comply with the conditions set forth at [go.microsoft.com/fwlink/?LinkID=66406](http://go.microsoft.com/fwlink/?LinkID=66406). Notwithstanding any other agreement you may have with Microsoft, if you disclose such benchmark test results, Microsoft shall have the right to disclose the results of benchmark tests it conducts of your products that compete with the applicable .NET Component, provided it complies with the same conditions set forth at [go.microsoft.com/fwlink/?LinkID=66406](http://go.microsoft.com/fwlink/?LinkID=66406).
- 9 SCOPE OF LICENSE.** The software is licensed, not sold. This agreement only gives you some rights to use the software. Licensor and Microsoft reserve all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not
- work around any technical limitations in the software;
  - reverse engineer, decompile or disassemble the software, except and only to the extent that applicable law expressly permits, despite this limitation;
  - make more copies of the software than specified in this agreement or allowed by applicable law, despite this limitation;
  - publish the software, including any application programming interfaces included in the software, for others to copy;
  - share or otherwise distribute documents, text or images created using the software Data Mapping Services features;
  - rent, lease or lend the software; or
  - use the software for commercial software hosting services.
- You also may not remove, minimize, block or modify any logos, trademarks, copyright, digital watermarks, or other notices of Microsoft or its suppliers that are included in the software, including any content made available to you through the software;
- Rights to access the software on any device do not give you any right to implement Microsoft patents or other Microsoft intellectual property in software or devices that access that device.
- 10 BACKUP COPY.** You may make one backup copy of the software media. You may use it only to create instances of the software.
- 11 DOCUMENTATION.** Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.
- 12 NOT FOR RESALE SOFTWARE.** You may not sell software marked as "NFR" or "Not for Resale."
- 13 ACADEMIC EDITION SOFTWARE.** You must be a "Qualified Educational User" to use software marked as "Academic Edition" or "AE." If you do not know whether you are a Qualified Educational User, visit [www.microsoft.com/education](http://www.microsoft.com/education) or contact the Microsoft affiliate serving your country.
- 14 PROOF OF LICENSE.** If you acquired the software on a disc or other media, a genuine Microsoft Proof of License label with a genuine copy of the software identifies licensed software. To be valid, this label must appear on Microsoft packaging and may not be transferred separately. If you receive the label separately, it is invalid. You should keep the packaging that has the label on it to prove that you are licensed to use the software. To identify genuine Microsoft software, see [www.howtotell.com](http://www.howtotell.com).
- 15 TRANSFER TO A THIRD PARTY.** The first user of the software may transfer it and this agreement directly to another end user as part of a transfer of the integrated software turnkey application or suite of applications (the "Unified Solution") delivered to you by or on behalf of the Licensor solely as part of the Unified Solution. Before the transfer, that end user must agree that this agreement applies to the transfer and use of the software. The transfer must include the software and the Proof of License label. The first user may not retain any instances of the software unless that user also retains another license for the software.
- 16 EXPORT RESTRICTIONS.** The software is subject to United States export laws and regulations. You must comply with all domestic and international export laws and regulations that apply to the software. These laws include restrictions on destinations, end users and end use. For additional information, see [www.microsoft.com/exporting](http://www.microsoft.com/exporting).
- 17 ENTIRE AGREEMENT.** This agreement and the terms for supplements, updates, Internet-based services that you use, are the entire agreement for the software.
- 18 LEGAL EFFECT.** This agreement describes certain legal rights. You may have other rights under the laws of your state or country. You may also have rights with respect to the Licensor from whom you acquired the software. This agreement does not change your rights under the laws of your state or country if the laws of your state or country do not permit it to do so.
- 19 NOT FAULT TOLERANT. THE SOFTWARE IS NOT FAULT TOLERANT. LICENSOR HAS INDEPENDENTLY DETERMINED HOW TO USE THE SOFTWARE IN THE INTEGRATED SOFTWARE APPLICATION OR SUITE OF APPLICATIONS THAT IT IS LICENSING TO YOU, AND MICROSOFT HAS RELIED ON LICENSOR TO CONDUCT SUFFICIENT TESTING TO DETERMINE THAT THE SOFTWARE IS SUITABLE FOR SUCH USE.**
- 20 NO WARRANTIES BY MICROSOFT. YOU AGREE THAT IF YOU HAVE RECEIVED ANY WARRANTIES WITH REGARD TO EITHER (A) THE SOFTWARE, OR (B) THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS WITH WHICH YOU ACQUIRED THE SOFTWARE, THEN THOSE WARRANTIES ARE PROVIDED SOLELY BY THE LICENSOR AND DO NOT ORIGINATE FROM, AND ARE NOT BINDING ON, MICROSOFT.**
- 21 NO LIABILITY OF MICROSOFT FOR CERTAIN DAMAGES. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, MICROSOFT SHALL HAVE NO LIABILITY FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL DAMAGES ARISING FROM OR IN CONNECTION WITH THE USE OR PERFORMANCE OF THE SOFTWARE OR THE SOFTWARE APPLICATION OR SUITE OF APPLICATIONS**

WITH WHICH YOU ACQUIRED THE SOFTWARE, INCLUDING WITHOUT LIMITATION, PENALTIES IMPOSED BY GOVERNMENT. THIS LIMITATION WILL APPLY EVEN IF ANY REMEDY FAILS OF ITS ESSENTIAL PURPOSE. IN NO EVENT SHALL MICROSOFT BE LIABLE FOR ANY AMOUNT IN EXCESS OF TWO HUNDRED FIFTY U.S. DOLLARS (US\$250.00).

- 22 FOR AUSTRALIA ONLY. References to “Limited Warranty” are references to the express warranty provided by Microsoft. This warranty is given in addition to other rights and remedies you may have under law, including your rights and remedies in accordance with the statutory guarantees under the Australian Consumer Law.

If the Australian Consumer Law applies to your purchase, the following applies to you: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

## **Exhibit 5 - Pass Through Terms for Directories**

### **1. AUSTRALIA ADDRESS DIRECTORY (AUSTRALIAN POSTAL CORPORATION):**

#### **1 Interpretation**

##### **1.1 Definitions**

**"Agreement"** means this agreement for the supply and license of the Solution to the End User, and includes the Schedules.

**"Australia Post"** means the Australian Postal Corporation, including, where permitted by context, all of the Australia Post's officers, employees, agents and contractors.

**"Business Day"** means a day other than a Saturday, Sunday or gazetted public holiday in Victoria, Australia or an Australia Post authorised holiday.

**"Claim"** means any allegation, debt, cause of action, liability, claim, proceeding, suit or demand of any nature howsoever arising and whether present or future, fixed or unascertained, actual or contingent, whether at Law, in equity, under statute or otherwise.

**"Corporate Group"** means a group of Single Legal Entities consisting of the Corporate Group Owner and up to nine nominated Subsidiaries (as defined in the Corporates Act) of the Corporate Group Owner.

**"Corporate Group Owner"** means a Single Legal Entity that is the Holding Company (as defined in the Corporations Act) of each of the other entities of the Corporate Group.

**"Corporations Act"** means the Corporations Act 2001 (Cth).

**"End User"** means a Single Legal Entity or Corporate Group Owner authorised to use the Solution granted by the Licensor in accordance with this Agreement.

**"Intellectual Property Rights"** means all intellectual property rights including current and future registered and unregistered rights in respect of copyright, designs, circuit layouts, trademarks, know-how, confidential information, patents, inventions, domain names and discoveries and all other intellectual property as defined in article 2 of the convention establishing the World Intellectual Property Organisation 1967.

**"Loss"** means any damage, loss, cost and expense (including legal and other professional advisors' costs and expenses) suffered by a party.

**"Material Term"** means clauses 3.1c), 3.1d) and 4 of this Agreement.

**"Permitted Purpose"** means the permitted purpose as defined in the relevant Schedule.

**"Personal Information"** has the meaning given in the *Privacy Act 1988* (Cth) (as amended).

**"PostConnect Data"** means each data set which is supplied and licensed to the Licensor, and licensed by the Licensor to the End User, as specified in each Schedule.

**"Privacy Law"** means all Commonwealth, State and Territory legislation, principles, industry codes and policies relating to the collection, use, disclosure, storage or granting of access rights to the Personal Information including, but not limited to the Privacy Act 1988 (as amended from time to time).

**"Prohibited Purpose"** means each of the prohibited purposes as defined in the relevant Schedule.

**"Related Body Corporate"** has the meaning in the Corporations Act.

**"Representative"** of a party includes an employee, agent, officer, director, adviser, contractor or sub-contractor of that party or of a Related Body Corporate of that party.

**"Single Legal Entity"** means an individual person, body corporate or other legal entity and for the purposes of the government means an individual Agency as defined under the Financial Management and Accountability Act 1997 or an individual Commonwealth authority or company under the Commonwealth Authorities and Companies Act 1997.

**"Solution"** means the Licensor's solution (including software, products and / or services) which incorporates, reproduces, embodies or utilises the PostConnect Data or its derivative works, and licensed to the End User under this End User Agreement.

**"Subsidiary"** has the meaning given in the Corporations Act.

#### **2 Licence**

**2.1** Licensor grants to the End User a non-exclusive, non-transferable, revocable licence for the term of this Agreement to use the Solution solely for the Permitted Purposes in respect of each applicable Schedule in accordance with the terms and conditions set out in this Agreement and the applicable Schedule, subject to any conditions and restrictions specified in the Permitted Purpose.

**2.2** The Licensor acknowledges that SAP is the source of the Solution.

**2.3** If a Schedule includes other terms and conditions, then those terms and conditions will apply, but only in respect of that Schedule.

**2.4** Any rights not specifically granted to the End User under this Agreement are reserved to the extent permitted by law. Without limiting the previous sentence, the End User must not use the Solution for any Prohibited Purpose. To the extent that a particular purpose falls within the definition of both a Permitted Purpose and a Prohibited Purpose in a Schedule, such purpose is considered a Prohibited Purpose for the purposes of that Schedule.

**2.5** For the avoidance of doubt, the End User shall not:

- a) reproduce, copy, modify, amend, assign, distribute, transfer, sub-license, reverse assemble or reverse compile, merge or otherwise deal with, exploit or commercialise the whole or any part of the PostConnect Data (or directly or indirectly allow or cause a third party to do the same) including by using the PostConnect Data to derive other solutions (including software, products and/or services) unless expressly stated otherwise in this Agreement; and
- b) create a Product (as defined below) or other derivative works from the PostConnect Data to commercialise as their own, unless that Product is solely for one of the End User's Permitted Purpose. "Product" means anything produced by End User which consists of, incorporates or

is created using any part of the PostConnect Data and which may be produced in any form, including any device, solution, software or database and which may be in written form or produced electronically.

- 2.6** This clause 2 (and the Prohibited Purposes) do not prevent the End User from disclosing PostConnect Data to the extent that it is required by law to disclose the PostConnect Data, provided that the End User use all reasonable and legal means to minimise the extent of disclosure, and require the recipient to keep the PostConnect Data confidential.

### **3 Warranties and Acknowledgements**

- 3.1** The End User represents and warrants that:

- a) it has full capacity, power and authority to enter into this Agreement;
- b) it will fully and completely comply with all of the terms and conditions of this Agreement);
- c) it will only use the Solution for the Permitted Purposes and in accordance with the terms and conditions set out in this Agreement;
- d) it will not use the Solution for any Prohibited Purpose;
- e) it will not make any representation, statement or promise in respect of Australia Post, and has no authority to do so; and
- f) it has not relied on any representation made by Australia Post in entering into the Agreement.

- 3.2** Without limiting this clause, the End User acknowledges that Australia Post has not made and does not make any representation or warranty as to the accuracy, content, completeness or operation of the PostConnect Data or to them being virus free.

- 3.3** The End User acknowledges and accepts that the PostConnect Data is not complete and it may contain errors.

- 3.4** The End User acknowledges that the PostConnect Data may include data sourced from third parties. The End User agrees to comply with third party terms and conditions which apply to the third party data referenced in this Agreement to the extent that the End User has been notified of those terms and conditions and has consented to comply with them.

### **4 Confidentiality and Security**

- 4.1** The End User must ensure that while the Solution is in its possession or control:

- a) it provides proper and secure storage for the Solution; and
- b) use the same level of security to protect the Solution that it uses to protect its own confidential information (but no less than the level of security a reasonable person would take to protect the confidential information);
- c) it takes all reasonable steps to ensure that the Solution is protected at all times from unauthorised access, misuse, damage or destruction.

- 4.2** The provisions of clause 4 apply to all forms of media upon which the Solution is kept or transmitted.

- 4.3** The End User will ensure that all copies of the Solution are dealt with in accordance with the Licensor's or Australia Post's reasonable directions.

- 4.4** This clause 4 will survive termination or expiry of the Agreement.

### **5 Privacy**

- 5.1** The parties acknowledge that while the Solution may not, on its own, constitute Personal Information, its use may result in the identity of individuals being reasonably ascertainable.

- 5.2** The End User agrees:

- a) that it is responsible for ensuring that its exercise of rights under this Agreement and the use of the Solution do not infringe any Privacy Law;
- b) to use or disclose Personal Information obtained during the course of this Agreement only for the purposes of this Agreement;
- c) to take all reasonable measures to ensure that Personal Information in its possession or control in connection with this Agreement is protected against loss and unauthorised access, use, modification, or disclosure;
- d) not to do any act or engage in any practice that would breach any Privacy Law;
- e) to immediately notify the Licensor if the End User becomes aware of a breach or possible breach of any of the obligations contained in, or referred to in, this clause whether by the End User, its Related Body Corporate or any of its Representatives;
- f) to cooperate with any reasonable demands or inquiries made by Australia Post on the basis of the exercise of the functions of the Office of the Australian Information Commissioner (OAIC) under Privacy Law or the Postal Industry Ombudsman under the Australian Postal Corporation Act 1989;
- g) to ensure that any person who has access to any Personal Information is made aware of, and undertakes in writing, to observe Privacy Law and other obligations referred to in this clause;
- h) to comply, as far as practicable, with any policy guidelines issued by the OAIC from time to time relating to the handling of Personal Information; and
- i) to comply with any direction given by Australia Post to observe any recommendation of the OAIC or the Postal Industry Ombudsman relating to acts or practices of the End User that the OAIC or the Postal Industry Ombudsman consider to be in breach of the obligations in this clause.

- 5.3** This clause 5 will survive termination or expiry of the Agreement.

### **6 Intellectual Property Rights**

- 6.1** The End User agrees that all Intellectual Property Rights in the PostConnect Data are and shall remain the sole property of Australia Post or its licensors.

- 6.2** The End User must notify the Licensor as soon as practicable if it becomes aware of any actual, suspected or anticipated infringement of Intellectual Property Rights in the Solution or in the PostConnect Data.

- 6.3** The End User must render all reasonable assistance to the Licensor and/or Australia Post in relation to any actual, suspected or anticipated infringement referred to in clause 6.2.

- 6.4** If a third party makes a Claim against the End User alleging that the Solution infringes the Intellectual Property Rights of the third party, the End User must immediately allow the Licensor (or Australia Post, if Australia Post directs) the right to control the defence of the claim and any related settlement negotiations.

- 6.5** This clause 6 will survive termination or expiry of the Agreement.

## **7 Audit**

- 7.1** If it is identified upon reasonable suspicion that the End User has not complied with their obligations under this Agreement (the "Audit") then upon ten (10) Business Days written notice, the Licensor or its designated other party may verify End User's compliance with the terms of the End User Agreement and applicable sales order at all locations and for all environments in which End User uses the Solution. Such verification will take place no more than one (1) time per twelve (12) month period during normal business hours in a manner which minimises disruption to End User's work environment. The Licensor may use an independent third party under obligations of confidentiality substantially similar to those set forth in this Agreement to provide assistance. The Licensor will notify End User in writing if any such verification indicates that End User has used the Solution in excess of the use authorised by the End User Agreement. The End User agrees to promptly pay all associated fees directly to the Licensor for the charges that the Licensor specifies including, but not limited to: (i) any excess use; (ii) Maintenance and/or subscription fees for the excess use for the duration of such excess or (2) two years, whichever is less; and (iii) any additional charges determined as a result of such verification.

## **8 Liability**

### **Australia Post not liable**

- 8.1** To the extent permitted by law, Australia Post is not liable to the End User for any Claim or Loss whatsoever suffered, or that may be suffered as a result of or in connection with this Agreement, and the End User releases Australia Post irrevocably releases and discharges Australia Post from all such Claims and Losses.
- 8.2** Without limiting clause 8.1, to the extent permitted by law, Australia Post will not be liable to the End User for any loss of profit, revenue or business, indirect, consequential, special or incidental Loss suffered or incurred by the End User arising out of or in connection with this Agreement, whether in contract, tort, equity or otherwise. This exclusion applies even if those Losses may reasonably be supposed to have been in contemplation of both parties as a probable result of any breach at the time they entered into this Agreement.

### **Indemnity**

- 8.3** The End User must defend and indemnify Australia Post and its Representatives (**those indemnified**) from and against all Losses suffered or incurred by and of those indemnified to the extent that those Losses are suffered as a result of, whether directly or indirectly, of:
- a) any breach of a Material Term by the End User or its Representatives;
  - b) any unlawful act by the End User or its Representative in connection with this Agreement;
  - c) any illness, injury or death to any person arising out of or in connection with the performance of this Agreement and caused or contributed to by the negligent or wrongful act or omission of the End User or its Representative; or
  - d) any loss or damage to any property of any person, arising out of or in connection with the performance of this Agreement and caused or contributed to by the negligent or wrongful act or omission of the End User or its Representative,

except to the extent that the Loss is caused by the negligence or wrongful act or omission of those indemnified.

- 8.4** This clause 8 will survive termination or expiry of the Agreement.

## **9 Suspension and Termination**

- 9.1** The Licensor may limit, suspend or terminate the End User's rights under this Agreement at any time upon notice when, and for the duration of the period during which:
- a) the End User contravenes (or is believed on reasonable grounds to be in possible contravention of) any law of the Commonwealth or of a State or Territory;
  - b) the End User breaches the terms of the Agreement and the breach is not remedied within 14 days after receipt of notice from the Licensor specifying the breach and its intention to terminate the Agreement by reason of such breach; or
  - c) the End User commits a material breach of the Agreement which is not remediable; or
  - d) in the reasonable opinion of the Licensor, the End User is acting in a manner or providing a Solution which has the effect or potential to damage the reputation of Australia Post which is not remedied within 14 days after receipt of notice from Australia Post or the Licensor specifying the issues; or
  - e) the licensed right granted by Australia Post to the Licensor for the licensing of the PostConnect Data has been suspended or terminated.
- 9.2** The End User acknowledges that the Licensor may exercise its rights under clause 9.1 in accordance with the directions of Australia Post.
- 9.3** The termination, surrender or expiry of this Agreement for any reason will not extinguish or otherwise affect:
- a) any rights of either party against the other which accrued before the termination, surrender or expiry and which remain unsatisfied; or
  - b) any other provisions of this Agreement which are expressly stated to, or which by their nature, survive termination, surrender or expiry of this Agreement.
- 9.4** If this Agreement is surrendered, terminated or expires, for any reason whatsoever, then the following provision of this clause will apply notwithstanding such surrender, termination or expiry the End User must cease using the Solution and the PostConnect Data and undertakes that it will destroy all copies, reproductions or adaptations of the Solution and PostConnect Data, or any part thereof made, held or controlled by it and, promptly upon written request from the Licensor, deliver a statutory declaration sworn by an authorised representative of the End User confirming that all copies, reproductions or adaptations of the Solution and PostConnect Data, and any part thereof, have been destroyed.

## **10 Variation**

- 10.1** Pursuant to the agreement between the Licensor and Australia Post under which the Licensor is granted a licence to the PostConnect Data, Australia Post reserves the right to vary the terms of the agreement from time to time in certain circumstances. To the extent that those variations require a corresponding variation to the terms of this Agreement, the Licensor may do so, provided that the Licensor gives the End User reasonable prior notice of such variation (having regard to the period of notice received by the Licensor). The End User undertakes to do all things (including executing and entering into such amendment or restatement deed) as reasonably required by the Licensor to formalise and give effect to any and all variations made by the Licensor under this clause 10.1.

## **11 Changes in Legislation**

- 11.1** Notwithstanding any other provision of this Agreement, the End User acknowledges and agrees that Australia Post and / or the Licensor must comply with any future legislation and / or Government policy which imposes binding restrictions or limitations on Australia Post's or the Licensor's

use of the PostConnect Data, including any restrictions or limitations relating to the supply of PostConnect Data or elements thereof to any person, and the terms of this Agreement, and the End User's agreements with any other parties, will be varied accordingly.

## **12 Corporate Group Owner**

**12.1** This clause 12 applies if the End User is a Corporate Group Owner.

**12.2** The Corporate Group for the purposes of this Agreement consists of entities identified in writing as Corporate Group entities. Licensee to identify the entities (up to 10 in total, including the Corporate Group Owner) forming the Corporate Group.

**12.3** The End User must ensure, and warrants that:

- a) each entity of the Corporate Group is a Subsidiary of the End User at all times during the term of this Agreement; and
- b) each entity of the Corporate Group is a Single Legal Entity.

**12.4** The End User may permit any or all members of the Corporate Group to enjoy the benefit of the licence granted to the End User under clause 2, subject to the following conditions:

- a) the End User must ensure that all of the Corporate Group members comply with this Agreement, and do not do or omit to do anything that, if done by the End User, would be a breach of this Agreement;
- b) the End User is responsible for all acts and omissions of the Corporate Group members as if they were acts and omissions of the End User; and
- c) all uses of the Solution and PostConnect Data by the Corporate Group members are deemed to be uses by the End User.

## **13 General**

**13.1** The End User shall not, without the Licensor's prior written consent which may be provided or withheld in its absolute discretion, assign or sub-contract any of its rights and obligations under this Agreement.

**13.2** The Licensor holds the benefit of all of the provisions of this Agreement that refer to Australia Post on trust for the benefit of itself and Australia Post, and the Licensor may enforce those provisions on behalf of Australia Post.

**13.3** The Agreement is governed by the law in Victoria, Australia and each party submits to the non-exclusive jurisdiction of the courts of Victoria, Australia and courts of appeal from them.

## **2. AUSTRIA ADDRESS DIRECTORY (ÖSTERREICHISCHE POST):**

This product cannot be used by Licensees who conduct business in address publishing and service providing.

Licensees are only allowed to use the product for own internal purposes. This product cannot be used by Licensees who conduct business in address publishing and service providing. If a Licensee conducts business in that area, Licensee is responsible for obtaining a valid license directly from the provider.

Licensees are only allowed to use the product for own internal validation purposes. Licensees are not allowed to use the data to provide any services to any other legal entity. If Licensee wishes to provide services to any other legal entity,

Licensee is responsible for obtaining a valid license directly from the provider. Any use within another legal entity requires a separate license.

"Internet Application Use" shall mean the use of the Software Products at End User's site being accessible by third parties. Such accessible to third parties is restricted to End User's own internal business purposes.

"Offline Use" shall mean the use by End User as on premise business model.

## **3. CANADA (CANADA POST)**

1. **Licensee** acknowledges that under the Agreement of which this Software Use Rights document Exhibit 5 forms an integral part (hereinafter referred to as the "Agreement"), **Licensee** has been licensed to use SAP's product, **Authorized Value Added Products**, as the base for developing a further enhanced value-added product (the "Enhanced Value-added Product") for the purposes of (a) sublicensing the Enhanced Value-added Product to users who shall have no further sublicensing or distribution rights, or (b) providing value-added services using the Enhanced Value-added Product that cannot be provided by **Authorized Value Added Products**, or both (a) and (b). **Licensee** further acknowledges that the data components of **Authorized Value Added Products**, or the data in the files required in order to use **Authorized Value Added Products**, were acquired by SAP from third parties and that, relative to those third party data suppliers, SAP is a licensee and **Licensee** is a sublicensee (hereinafter such data components or data files referred to as the "Licensed Content").

One such third party supplier is Canada Post Corporation ("Canada Post") who has granted SAP certain rights with respect to certain Canada Post Data (the "CP Licensed Data") under which SAP may include the CP Licensed Data, in whole or in part, in the Licensed Content and distribute the same to its sublicensees of the Enhanced Value-added Product subject to the sublicensee's (in this case **Licensee's**) prior agreement to the terms and conditions set out in these Minimum Protective Terms.

2. **Licensee** acknowledges that Canada Post is the owner of the copyright in the Canada Post Data. **Licensee** acknowledges that it is only licensed to use the CP Licensed Data in conjunction with **Authorized Value Added Products** and the Enhanced Value-added Product. **Licensee** acknowledges that it may only grant rights to third parties to use the CP Licensed Product in conjunction with the Enhanced Value-added Product. Without limiting the generality of the preceding sentence, **Licensee** has no right to distribute any CP Licensed Data on a stand-alone basis or for the purposes of use with any product other than the Enhanced Value-added Product.

3. **Licensee** acknowledges, and agrees to provide notice to parties to whom it distributes the Enhanced Value-added Product, that the damages that Canada Post may incur as a result of parties using out-of-date data for mail preparation include costs that Canada Post will incur in processing and delivering that mail. Such costs include, but are not limited to, the costs incurred by Canada Post

(i) for the manual readdressing and resorting of mail that was diverted from the normal automated mail processing stream because it was addressed with an invalid address, or the Postal Code<sup>OM</sup> element of the address was invalid, or

(ii) if the mail was delivered to the wrong address as a result of having been addressed with an invalid address, or as a result of the Postal Code<sup>OM</sup> element of the address being invalid, the cost of the original sorting, processing and delivery of the mail as well as the extra costs incurred for the manual readdressing and resorting of the mail.

(Postal Code is an official mark of Canada Post.)

4. In order to reduce the risk of Canada Post suffering damages as a result of out-of-date data being used for mail preparation and given that CP Licensed Data will be distributed as a component of the Licensed Content, **Licensee** agrees

(a) not to distribute the Licensed Content until after **Licensee** has put in place safeguards to reduce the risk of "data scraping" or "bulk downloads of data"; **Licensee** agrees to keep abreast of developments in technology and to update the safeguards in place to further reduce such risks as improved technology becomes available from time to time, and

(b) to ensure that the parties to whom the CP Licensed Data is distributed, whether as a component of the Enhanced Value-added Product or as a, or component of a, data file, to be used in conjunction with an Enhanced Value-added Product, are informed that the same is not to be used for mail preparation purposes and that this prohibition applies, without limitation, to each of the following:

- (i) addressing mail;
- (ii) presorting addressed mail;
- (iii) preparing unaddressed mail by householder count for delivery.

5. **Licensee** also acknowledges that if it develops any product that uses data for which the original source of that data is Canada Post, which product is intended to be used for any of the purposes listed in clause 4(b)(i), (ii) or (iii), **Licensee** has no right to use or distribute such a product or to offer any services in relation to such a product unless **Licensee** has a then current right to do so under a written agreement signed by both **Licensee** and Canada Post.

6. **Licensee** agrees to include

(a) in the hard copy or electronic copy of the license agreements, which **Licensee** represents will accompany all copies of the Enhanced Value-added Product and of the Licensed Content distributed by **Licensee** that contain CP Licensed Data, and

(b) on the start-up screen of the Enhanced Value-added Product and in the terms and conditions of use posted on any website by which a user may access the Enhanced Value-added Product,

a notice stating that the Enhanced Value-added Product contains data copied under license from Canada Post Corporation and indicating the date of the Canada Post Corporation data file (or the date of the earliest Canada Post Corporation data file, if more than one) from which the data was copied. Where the language of the **Licensee** product or service is French, **Licensee** shall use the French version of the *pro forma* notice that is set out further on below, but if the product or service is in a language other than English or French, **Licensee** shall include the equivalent notice but in the relevant language. Each such notice shall be tailored with the appropriate information by replacing the "[Insert...]" / « [Indiquez...] » « [Insérez...] » instructions with the information contemplated:

"This [Insert appropriate reference to medium, i.e. diskette, tape, etc.] contains data copied under license from Canada Post Corporation. The Canada Post Corporation file from which this data was copied is dated [Insert date]."

French version of the *pro forma* notice

"[Indiquez le support approprié, c'est-à-dire « Cette disquette », « Cette bande magnétique », etc.] contient des données qui ont été reproduites avec l'autorisation de la Société canadienne des postes. Le fichier de la Société canadienne des postes d'où proviennent ces données est daté du [Insérez la date]."

7. **Licensee** acknowledges that the CP Licensed Data is licensed to **Licensee** on an "as is" basis and that Canada Post makes no guarantees, representations or warranties respecting the CP Licensed Data, either expressed or implied, arising by law or otherwise, including but not limited to, effectiveness, completeness, accuracy or fitness for a particular purpose. **Licensee** will include a provision in its terms of use requiring a user of the CP Licensed Data to acknowledge that the CP Licensed Data is licensed on an "as is" basis and that Canada Post makes no guarantees, representations or warranties respecting the CP Licensed Data, either expressed or implied, arising by law or otherwise, including but not limited to, effectiveness, completeness, accuracy or fitness for a particular purpose.

8. Neither SAP nor Canada Post shall be liable in respect of any claims whatsoever alleging any loss, injury or damages, direct or indirect, which may result from **Licensee's**, or any of its user's, possession or use of the CP Licensed Data. Neither SAP nor Canada Post shall be liable in any way for loss of revenue or contracts, or any other consequential loss of any kind resulting from any defect in the CP Licensed Data.

9. **Licensee** shall indemnify Canada Post and its officers, employees and agents from all claims whatsoever alleging loss, costs, expenses, damages or injuries (including injuries resulting in death) arising out of **Licensee's** possession or use of the Licensed Content. **Licensee** will include a provision in its terms of use requiring a user of the CP Licensed Data to indemnify Canada Post and its officers, employees and agents from all claims whatsoever alleging loss, costs, expenses, damages or injuries (including injuries resulting in death) arising out of such user's possession or use of the CP Licensed Data.

#### 4. FINLAND

##### Service Description and Terms of Use for Finland POSTAL CODE SERVICES provided through Itella

Effective: January 1, 2013

#### 1. SERVICES

The services consist of the postal code system and basic and changed information contained by domestic address files in a fixed format.

#### 2. TERMS OF USE FOR THE SERVICES

The following terms of use for the service apply.

##### 2.1 USING THE SERVICES

The information provided is always based on the information included in Itella's postal code system. The system data is based on information provided for Itella by municipalities and postal code information updated by Itella. Itella does not check the information received from municipalities.

Itella delivers the information available to self-service channels.

##### 2.2 THE CUSTOMER'S RESPONSIBILITIES

The customer is responsible for retrieving the postal code material, unpacking packaged files, handling and using the material, and updating its systems.

The customer is responsible for ensuring that, upon any disclosure of the material to third parties, the recipient also receives the updated service description and terms of use.

## 2.3 ITELLA'S RESPONSIBILITIES

Itella is responsible for offering updated information available for retrieval on time as set out in the service description, unless otherwise stated later in this section. Itella is not responsible for damage caused by delayed, altered, or lost data due to equipment failure, communications or system disruptions, or other similar reasons.

Itella does not guarantee that the information is fully faultless. There may be errors in the information caused by recurring changes or the party reporting the changes. Itella is not responsible for errors in information that were not caused by Itella's negligence.

Itella is not responsible for any information user obligations towards third parties.

Itella is not responsible for the uninterrupted availability of service channels or the updating frequency of the information.

## 2.4 LIMITATION OF THE SERVICES

In the services, information about Åland Islands is only at a postal code level without any street data.

The services contain information about public postal codes.

## 5. GERMANY ADDRESS DIRECTORY (DEUTSCHE POST DIREKT):

Licensees are not allowed to use the data to provide any services to any other third party. Licensees are especially not allowed to distribute the product any further. Licensees are only allowed to use the data for own internal validation purposes. Licensees are not allowed to use the data to provide any services to any other legal entity. If Licensee wishes to provide services to any other legal entity, Licensee is responsible for obtaining a valid license directly from the provider. Any use within another legal entity requires a separate license. Licensees are not allowed to distribute the product any further.

## 6. HERE MAP DATA BY HERE (HERE):

The data ("Data") is provided for Licensee's internal use only and not for resale. It is protected by copyright, and is subject to the following terms and conditions which are agreed to by you, on the one hand, HERE and HERE Suppliers on the other hand.

© 2008 HERE. All rights reserved.

The Data for areas of Canada includes information taken with permission from Canadian authorities, including: © Her Majesty the Queen in Right of Canada, © Queen's Printer for Ontario, © Canada Post Corporation, GeoBase© Department of Natural Resources Canada  
HERE holds a non-exclusive license from the United States Postal Service® to publish and sell ZIP+4® information.

©United States Postal Service® 2008. Prices are not established, controlled or approved by the United States Postal Service®. The following trademarks and registrations are owned by the USPS: United States Postal Service, USPS, and ZIP+4.

**Scope of Use.** Licensee agrees to use this Data together with SAP Applications solely for your internal business operations purposes for which Licensee was licensed, and not for service bureau, time-sharing or other similar purposes. Accordingly, but subject to the restrictions set forth in the following paragraphs, Licensee may copy this Data only as necessary for Licensee's business use to (i) view it, and (ii) save it, provided that Licensee does not remove any copyright notices that appear and do not modify the Data in any way. Licensee agrees not to otherwise reproduce copy, modify, decompile, disassemble or reverse engineer any portion of this Data, and may not transfer or distribute it in any form except to your affiliates, for any purpose, except to the extent permitted by mandatory laws. Multi-disc sets may only be transferred or sold as a complete set as provided by SAP and not as a subset thereof.

**Restrictions.** Except where Licensee has been specifically licensed to do so by SAP, and without limiting the preceding paragraph, Licensee may not (a) use this Data with any products, systems, or applications installed or otherwise connected to or in communication with vehicles, capable of vehicle navigation, positioning, dispatch, real time route guidance, fleet management or similar applications; or (b) with or in communication with any positioning devices or any mobile or wireless-connected electronic or computer devices, including without limitation cellular phones, palmtop and handheld computers, pagers, and personal digital assistants or PDAs.

**Warning.** The Data may contain inaccurate or incomplete information due to the passage of time, changing circumstances, sources used and the nature of collecting comprehensive geographic data, any of which may lead to incorrect results.

**No Warranty.** This Data is provided to you "as is," and Licensee agrees to use it at its own risk. HERE and HERE SUPPLIERS make no guarantees, representations or warranties of any kind, express or implied, arising by law or otherwise, including but not limited to, content, quality, accuracy, completeness, effectiveness, reliability, fitness for a particular purpose, usefulness, use or results to be obtained from this Data, or that the Data or server will be uninterrupted or error-free.

**Disclaimer of Warranty:** HERE and HERE SUPPLIERS DISCLAIM ANY WARRANTIES, EXPRESS OR IMPLIED, OF QUALITY, PERFORMANCE, MERCHANTABILITY, AND FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT. Some States, Territories and Countries do not allow certain warranty exclusions, so to that extent the above exclusion may not apply to you.

**Disclaimer of Liability:** HERE and HERE SUPPLIERS SHALL NOT BE LIABLE: IN RESPECT OF ANY CLAIM, DEMAND OR ACTION, IRRESPECTIVE OF THE NATURE OF THE CAUSE OF THE CLAIM, DEMAND OR ACTION ALLEGING ANY LOSS, INJURY OR DAMAGES, DIRECT OR INDIRECT, WHICH MAY RESULT FROM THE USE OR POSSESSION OF THE INFORMATION; OR FOR ANY LOSS OF PROFIT, REVENUE, CONTRACTS OR SAVINGS, OR ANY OTHER DIRECT, INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF LICENCEE'S USE OF OR INABILITY TO USE THIS INFORMATION, ANY DEFECT IN THE INFORMATION, OR THE BREACH OF THESE TERMS OR CONDITIONS, WHETHER IN AN ACTION IN CONTRACT OR TORT OR BASED ON A WARRANTY, EVEN IF CLIENT OR ITS LICENSORS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. Some States, Territories and Countries do not allow certain liability exclusions or damages limitations, so to that extent the above may not apply to Licensee.

**Indemnification:** Licensee shall indemnify and save harmless HERE and HERE Suppliers, including Her Majesty The Queen, The Canada Post and the Department of Natural Resources Canada, and their officers, employees and agent: from and against any claim, demand or action, irrespective of the nature of the cause of the claim, demand or action, alleging loss, costs, expenses, damages or injuries (including injuries resulting in death) arising out of the use or possession of the data or the Data.

**Government End Users.** If the Data is being acquired by or on behalf of the United States government or any other entity seeking or applying rights similar to those customarily claimed by the United States government, the Data is a "commercial item" as that term is defined at 48 C.F.R. ("FAR")

2.101, is licensed in accordance with these Pass Through Terms, and each copy of Data delivered or otherwise furnished shall be marked and embedded as appropriate with the following "Notice of Use," and shall be treated in accordance with such Notice:

Notice of Use

Contractor (Manufacturer/ Supplier) Name: HERE

Contractor (Manufacturer/Supplier) Address: 425 W. Randolph Street, Chicago, Illinois 60606

This Data is a commercial item as defined in FAR 2.101 and is subject to these End-User Term under which this Data was provided.

© 2008 HERE – All rights reserved.

The Data may include or reflect data of licensors, including Her Majesty, Canada Post and the Department of Natural Resources Canada. Such data is licensed on an "as is" basis. The licensors, including Her Majesty, Canada Post and the Department of Natural Resources Canada, make no guarantees, representations or warranties respecting such data, either express or implied, arising bylaw or otherwise, including but not limited to, effectiveness, completeness, accuracy or fitness for a particular purpose.

The licensors, including Her Majesty, Canada Post and the Department of Natural Resources Canada, shall not be liable in respect of any claim, demand or action, irrespective of the nature of the cause of the claim, demand or action alleging any loss, injury or damages, direct or indirect, which may result from the use or possession of the data or the Data. The licensors, including Her Majesty, Canada Post and the Department of Natural Resources Canada, shall not be liable in any way for loss of revenues or contracts, or any other consequential loss of any kind resulting from any defect in the data or the Data.

End User shall indemnify and save harmless the licensors, including Her Majesty the Queen, the Canada Post and the Department of Natural Resources Canada, and their officers, employees and agents from and against any claim, demand or action, irrespective of the nature of the cause of the claim, demand or action, alleging loss, costs, expenses, damages or injuries (including injuries resulting in death) arising out of the use or possession of the data or the Data.

If Data for additional countries is included or distributed in connection with software products of SAP, or if Licensee uses data from relevant countries the following supplier terms/copyright notices shall be included in the Licensee Terms as applicable:

<u>Territory</u>	<u>Notice</u>
Australia	"Copyright. Based on data provided under license from PSMA Australia Limited ( <a href="http://www.pasma.com.au">www.pasma.com.au</a> )."
Austria	"© Bundesamt für Eich- und Vermessungswesen"
Croatia, Cyprus, Estonia, Latvia, Lithuania, Moldova, Poland, Slovenia and/or Ukraine	"© EuroGeographics"
France	The following notice must appear on all copies of the Data, and may also appear on packaging: "source: © IGN 2009 – BD TOPO ©"
Germany	"Die Grundlagendaten wurden mit Genehmigung der zuständigen Behörden entnommen" or "Die Grundlagendaten wurden mit Genehmigung der zustaendigen Behoerden entnommen."
Great Britain	"Based upon Crown Copyright material."
Greece	"Copyright Geomatics Ltd."
Hungary	"Copyright © 2003; Top-Map Ltd."
Italy	"La Banca Dati Italiana è stata prodotta usando quale riferimento anche cartografia numerica ed al tratto prodotta e fornita dalla Regione Toscana."
Norway	"Copyright © 2000; Norwegian Mapping Authority"
Portugal	"Source: IgeoE – Portugal"
Spain	"Información geográfica propiedad del CNIG"
Sweden	"Based upon electronic data" <input type="checkbox"/> National Land Survey Sweden."
Switzerland	"Topografische Grundlage: <input type="checkbox"/> Bundesamt für Landestopographie."

**7. MEXICO:**

The terms and conditions of the data provider HERE listed under Section 6 of this Exhibit 5, "HERE map data by HERE (HERE)" apply as Pass Through Terms for the Directory of Mexico.

**8. NETHERLANDS (CENDRIS):**

For the purposes of these Netherlands Address Directory third party pass-through terms, "End User" shall mean the purchaser of the Package (whether directly through an SAP company or through a reseller), being the legal entity that enters into a software license agreement with an SAP company or a reseller exclusively for the purpose of internal use of the Package; "Postcode and Address File" shall mean the file with all the cities/towns, streets and postcodes in the Netherlands, along with the corresponding house numbers or series of house numbers; and "Additional Products" shall mean products supporting the use of the Postcode and Address File.

End User is only permitted to use the Package for internal use.

End User is not permitted to deliver the Postcode and Address File and/or Additional Products (irrespective of whether they are integrated into the Package) to third parties. For the purposes of these Netherlands Address Directory third party pass-through terms, third parties includes Affiliates of the End User.

For each violation of the aforementioned terms, the End User agrees to pay Cendris a penalty of EURO 7000 which is directly payable to Cendris and cannot be set-off against any amounts owed.

**9. NEW ZEALAND (NEW ZEALAND POST):**

This section contains the terms and conditions specified by New Zealand Post in respect of use of New Zealand Post's Postal Address File as part of the software supplied to you by SAP. Definitions used in this section apply exclusively to this section. In the case of conflict between the defined terms in this section and defined terms in the main body of the Use Rights document, the defined terms in this section shall take precedence solely in relation to use of New Zealand Post's Postal Address File.

## Definitions

In this section:

**Data** means the Postal Address File, as more particularly described at [www.nzpost.co.nz/sendright](http://www.nzpost.co.nz/sendright), as such description is amended from time to time.

**Documentation** means any user and technical documentation supplied by New Zealand Post with the Data to enable SAP, End Users or any of their personnel to use the Data, and any confidential information of New Zealand Post.

**End User** means any person to whom Data is permitted to be distributed, sold or made available by SAP.

**Intellectual Property Rights** includes copyright and all rights conferred under statute, common law or equity in relation to inventions (including patents), registered or unregistered trade marks, registered or unregistered designs, circuit layouts, databases, confidential information, know-how, and all other rights resulting from intellectual activity in the industrial, scientific, literary or artistic fields anywhere in the world, together with all right, interest or licence in or to any of the foregoing.

**Incorporated Software** means the software providing the address data services supplied to the End User by SAP which incorporates the Data.

**Licensor** means New Zealand Post Limited, at Wellington NZ.

- i. The End User (and any of its agents and sub-contractors) may only use Data in accordance with the terms of this section, for the End User's internal purposes, and only as part of or in combination with the Incorporated Software and/or any related services provided to it by SAP. The End User must procure that any agents or sub-contractors to whom the Data is provided comply with the terms of this Agreement.
- ii. The End User agrees that the Data and the Documentation and all Intellectual Property Rights and other rights in the Data and the Documentation from time to time remain the property of New Zealand Post and its licensors (as the case may be).
- iii. The End User must not remove or tamper with any disclaimer or copyright notice attached to or used in relation to Data.
- iv. The End User has no right to use any of the trade marks, business names or logos of New Zealand Post unless expressly stated otherwise in any sub-licence granted to the End User by the SAP within the terms of any licence granted by New Zealand Post to SAP.
- v. The End User must not at any time (a) copy, reproduce, publish, sell, let, modify, extract or otherwise part with possession of the whole or any part of the Data or relay or disseminate the same to any other party; (b) other than as permitted under (i) above, provide the Data to (or allow the provision of the Data to, or access to the Data of) any agents or sub-contractors of the End User without the prior written consent of New Zealand Post; or (c) sub-license all or any part of the Data to any person, or purport or attempt to do so, in each case, unless expressly permitted otherwise by New Zealand Post in writing.
- vi. The End User may make a reasonable number of back-up copies of the Data for security purposes. The End User may only use such back-up copies for archive retention and retrieval purposes, and only during the term of the licence.
- vii. If any licence under which a third party grants to New Zealand Post the right to incorporate the third party's material in the Data is terminated, the licence to the End User in respect of that material terminates and the End User must, at New Zealand Post's request, remove the same material from any copies of any Data held by the End User within 90 days.
- viii. The End User must not make any statement or claim relating to the Data being approved, recommended or endorsed by New Zealand Post or do anything similar or imply that such is the case, unless New Zealand Post has expressly given its prior written consent to the form and content of such claim.
- ix. The End User must comply with the requirements of the Privacy Act 1993 and any other applicable law or regulations relevant to its possession or use of Data.
- x. The End User must ensure that its personnel, agents and sub-contractors comply with the above terms as if they were SAP.
- xi. The End User acknowledges that New Zealand Post has made no warranty that the Data will be free from errors, omissions, inaccuracies, viruses or other destructive code, or that the Data will be fit for the End User's purpose or for use in any specific technical environment.
- xii. On receipt of an update to any Data (including as part of any update of the Incorporated Software) (such updates each being an "Update"), the End User must as soon as practicable cease use of any previous version of the Data (and must in any event cease such use by the end of the term of the licence) and commence use of the Update.
- xiii. The End User's right to use each Update shall terminate six months after the date on which such Update was released by New Zealand Post. Early termination of SAP's licence from New Zealand Post shall not affect the End User's right to use any Data provided that such early termination was not caused by or connected with any act or omission of the End User.
- xiv. The End User must keep the confidential information of New Zealand Post, including the Data, confidential.
- xv. The End User acknowledges and agrees that Land Information New Zealand ("LINZ") and the Crown hold absolutely and exclusively certain material which has been licensed to New Zealand Post and incorporated into the Data, and that LINZ and the Crown do not assign any copyright or other intellectual property rights in such material either to New Zealand Post, SAP or the End User. The End User further acknowledges and agrees

that LINZ and the Crown shall not, in any circumstances, be liable for any loss or damage (even if LINZ or the Crown has been advised of the possibility of such loss or damage, and including, without limitation, any direct loss, indirect loss, consequential loss, loss of profits, business interruption loss or loss of data) suffered by the End User or any other person in connection with this Agreement. In the event that any exclusion of the liability of LINZ or the Crown set out in this clause is inapplicable, or is held unenforceable, the liability of each of LINZ and the Crown under or in connection with this Agreement, or arising out of any use, reproduction, modification, or creation of compilations or derivative works of or from the Data (by the End User or any other person), whether that liability arises in tort (including negligence), equity or any other basis, shall be limited to the fees paid by New Zealand Post for the material incorporated in the Data which gave rise to the loss or damage, exclusive of GST. For the purposes of the Contracts (Privity) Act 1982, this clause confers a benefit on, and is enforceable by, LINZ and the Crown.

xvi. The End User agrees and represents that it is acquiring the Data and any Documentation for the purposes of a business and that the Consumer Guarantees Act 1993 (New Zealand) does not apply.

xvii. The End User must indemnify New Zealand Post and keep New Zealand Post indemnified against any claim, proceeding, damage, liability, loss, cost or expense (including legal costs on a solicitor and own client basis), whether arising in contract, tort (including for negligence) or otherwise, arising out of or in connection with any breach by the End User of any of the above terms or the use of the Data by the End User or any other person who has obtained the Data from an End User. The End User's total aggregate liability to New Zealand Post under this clause xvii shall not exceed \$250,000.

xviii. New Zealand Post must have rights to enforce the above terms for the purposes of the Contracts (Privity) Act 1982, and is entitled to terminate the End User's right to use any Data if the End User breaches any of those terms.

#### **10. RUSSIA:**

The terms and conditions of the data provider HERE listed under Section 6 of this Exhibit 5, "HERE map data by HERE (HERE)" apply as Pass Through Terms for the address data of Russia.

#### **11. SPAIN (DEYDE):**

Licensee acknowledges that the DEYDE-STREETFILES, which are used in the Spain Address Directory within all versions of Data Services and Data Quality Management, are the intellectual property of DEYDE.

#### **12. SWITZERLAND ADDRESS DIRECTORY (SCHWEIZERISCHE POST):**

Licensees are not allowed to extract any data provided. Licensees are only allowed to use the product for own validation purposes. Licensees are not allowed to use the data to provide any services to any other legal entity. Any use within another legal entity requires a separate license.

#### **13. TOM TOM:**

##### Third Party Restrictions

A. Additional provisions for MultiNet® data of Norway. End User is prohibited from using the MultiNet® data of Norway to create commercial general purpose printed or digital maps, which are similar to the basic national products of the Norwegian Mapping Authority.

B. Additional Provisions with respect to the data for China: End User agrees that any Licensed Product which contains data of China may be subject to additional terms and conditions which shall be provided to End User when available to TomTom. China data may not be exported from China.

C. Additional Provisions with respect to the data for India: End User agrees that any Licensed Product which contains data of India may be subject to additional terms and conditions which shall be provided to End User when available to TomTom.

D. Additional Provisions with respect to the data for Korea: End User agrees that any Licensed Product which contains data of Korea may be subject to additional terms and conditions which shall be provided to Licensee when available to TomTom. Korea data may not be exported from Korea.

E. As of the Effective Date, the following restriction applies to the Licensed TomTom Products: The 6-digit alpha/numeric Canadian Postal Codes contained in any Licensed Product cannot be used for bulk mailing of items through the Canadian postal system. Furthermore, the 6-digit alpha/numeric Canadian Postal Codes must be wholly contained in the Authorized Application and shall not be extractable. Canadian Postal Codes cannot be displayed or used for postal code look-up on the Internet, nor can they be extracted or exported from any application to be utilized in the creation of any other data set or application. Notwithstanding the above, an End User may optionally correct or derive Canadian Postal Codes using the Value Added Products, but only as part of the address information for locations (e.g.: of delivery points and depots) that have been set up in the Value Added Product, and optionally extract data for fleet management purposes.

F. Additional provisions with respect to the Premium Points of Interest North America Licensed Product: It is expressly prohibited to use the Premium Points of Interest North America for (a) telephone call routing related applications; (b) screen pop applications, (c) CD-ROM director of other derivative directory product; (d) verification services; (e) caller name services; and (f) online marketing lead verification services.

*Following restrictions will apply to usage of the Brand Icon component:*

End User agrees that the use of the Brand Icon component is subject to the terms and conditions set forth in this Agreement and that there may be additional third party terms, conditions and restrictions to which the use of the Brand Icon component will be subject and which will be provided to the End User from time to time in the product release notes.

##### **G. Additional End User provisions:**

End User shall not use the Authorized Application to create (or assist in the creation of) a digital map database. A "digital map database" means a database of geospatial data containing the following information and attributes: (x) road geometry and street names; or (y) routing attributes that enable turn-by-turn navigation on such road geometry; or (z) latitude and longitude of individual addresses and house number ranges.

End User shall not use the Authorized Application to provide competitive information about TomTom or its products to third parties.

The Authorized Application may not be used for in-flight navigation.

In the event that any End User is a government entity, include language which is substantially the same as the following:

**U.S. GOVERNMENT RIGHTS.** If End User is an agency, department, or other entity of the United States Government, or funded in whole or in part by the United States Government, then use, duplication, reproduction, release, modification, disclosure or transfer of this commercial product and accompanying documentation, is restricted in accordance with the LIMITED or RESTRICTED rights as described in any applicable DFARS or FAR. In case of conflict

between any of the FAR and/or DFARS that may apply to the Licensed Product, the construction that provides greater limitations on the Government's rights shall control. Contractor/manufacturer is TomTom North America, Inc., 11 Lafayette Street, Lebanon, NH 03766-1445. Phone: 603.643. 0330. The Licensed TomTom Products are © 2006-201\_ by TomTom. ALL RIGHTS RESERVED. For purpose of any public disclosure provision under any federal, state or local law, it is agreed that the Licensed TomTom Products are a trade secret and a proprietary commercial product and not subject to disclosure.

If End User is an agency, department, or other entity of any State government, the United States Government or any other public entity or funded in whole or in part by the United States Government, then End User hereby agrees to protect the Licensed TomTom Products from public disclosure and to consider the Licensed TomTom Products exempt from any statute, law, regulation, or code, including any Sunshine Act, Public Records Act, Freedom of Information Act, or equivalent, which permits public access and/or reproduction or use of the Licensed TomTom Products. In the event that such exemption is challenged under any such laws, this agreement shall be considered breached and any and all right to retain any copies or to use of the Licensed TomTom Products shall be terminated and considered immediately null and void. Any copies of the Licensed TomTom Products held by Licensee shall immediately be destroyed. If any court of competent jurisdiction considers this clause void and unenforceable, in whole or in part, for any reason, this agreement shall be considered terminated and null and void, in its entirety, and any and all copies of the Licensed TomTom Products shall immediately be destroyed.

#### Additional Licensed Product Provisions and Details

**A. Additional Provisions with respect to the MultiNet® data of Norway only.** Licensee is prohibited from using the MultiNet® data of Norway to create general purpose printed or digital maps, which are similar to the basic national products of the Norwegian Mapping Authority. (Any Authorized Application of the MultiNet® data of Norway shall be regarded as similar to the basic national products of the Norwegian Mapping Authority if such Authorized Application has a regional or national coverage, and at the same time has a content, scale and format that are similar to the basic national products of the Norwegian Mapping Authority.)

**B. Additional Provisions with respect to the data for China:** Licensee agrees that any Licensed Product which contains data of China may be subject to additional terms and conditions which shall be provided to Licensee when available to TomTom. China data may not be exported from China.

**C. Additional Provisions with respect to the data for India:** Licensee agrees that any Licensed Product which contains data of India may be subject to additional terms and conditions which shall be provided to Licensee when available to TomTom.

**D. Additional Provisions with respect to the data for Korea:** Licensee agrees that any Licensed Product which contains data of Korea may be subject to additional terms and conditions which shall be provided to Licensee when available to TomTom. Korea data may not be exported from Korea. Data cannot be shipped to End Users in an open format (such as ESRI shapefile).

**E. As of the Effective Date, the following restriction applies to the Licensed TomTom Products:** The 6-digit alpha/numeric Canadian Postal Codes contained in any Licensed Product cannot be used for bulk mailing of items through the Canadian postal system. Furthermore, the 6-digit alpha/numeric Canadian Postal Codes must be wholly contained in the Authorized Application and shall not be extractable. Canadian Postal Codes cannot be displayed or used for postal code look-up on the Internet, nor can they be extracted or exported from any application to be utilized in the creation of any other data set or application. Notwithstanding the above, an End User may optionally correct or derive Canadian Postal Codes using the Value Added Products, but only as part of the address information for locations (e.g.: of delivery points and depots) that have been set up in the Value Added Product, and optionally extract data for fleet management purposes.

**F. Additional provisions with respect to the Premium Points of Interest North America Licensed Product:** It is expressly prohibited to use the Premium Points of Interest North America for (a) telephone call routing related applications; (b) screen pop applications, (c) CD-ROM director or other derivative directory product; (d) verification services; (e) caller name services; and (f) online marketing lead verification services. The Local Points of Interest North America cannot be licensed to the following companies, their commonly owned companies or aliases: Acxiom, Accudata, Allant, Alliance Data, eBeureau, Equifax, Experian, Knowledgebase Marketing, ChoicePoint, Harte-Hanks, Infutor, Donnelley Marketing, infoGroup, Trans Union, Transaction Network Services, and LexisNexis.

#### *Following restrictions will apply to usage of the Brand Icon component:*

Licensee agrees that the use of the Brand Icon component is subject to the terms and conditions set forth in this Agreement and that there may be additional third party terms, conditions and restrictions to which the use of the Brand Icon component will be subject and which will be provided to the End User from time to time in the product release notes.

**G. Copyright Notices.** Licensee shall conspicuously display each applicable then current copyright notice for the Licensed TomTom Products in accordance with Article 10.5 "Intellectual Property (rights) notice" for each Authorized Application that is based upon:

1. **MultiNet®.** As of the Effective Date, the copyright notice is: "Data Source © <current year> TomTom"; and, in addition, "based on":

(a) **MultiNet® data of Austria.** As of the Effective Date, the copyright notice is: "© BEV, GZ 1368/2003."

(b) **MultiNet® data of Denmark.** As of the Effective Date, the copyright notice is: "© DAV, violation of these copyrights shall cause legal proceedings."

(c) **MultiNet® data of France.** As of the Effective Date, the copyright notice is: [for an Authorized Application for Navigation Units: "© IGN France."] / [for an Authorized Application for Geographic Information Systems: "Georoute © IGN France."] / [for an Authorized Application for navigational products: "Michelin data © Michelin 20\_\_"]

(d) **MultiNet® data of Indonesia.** As of the Effective Date, the copyright notice is: "© Base data Bakosurtanal".

(e) **MultiNet® data of Great Britain.** As of the Effective Date, the copyright is: "Contains Ordnance Survey data © Crown copyright and database right [current year]" and "Contains Royal Mail data © Royal Mail copyright and database right [current year]"

(f) **MultiNet® data of Northern Ireland.** As of the Effective Date, the copyright notice is: "Ordnance Survey of Northern Ireland."

(g) **MultiNet® data of Norway.** As of the Effective Date, the copyright notice is: "© Norwegian Mapping Authority, Public Roads Administration / © Mapsolutions."

(h) **MultiNet® data of Russia:** As of the Effective Date, the copyright notice is: "© Roskartographia"

(i) **MultiNet® data of Switzerland.** As of the Effective Date, the copyright notice is: "© Swisstopo."

(j) **MultiNet® data of The Netherlands.** As of the Effective Date, the copyright notice is: "Topografische ondergrond Copyright © dienst voor het kadaster en de openbare registers, Apeldoorn 2013."

2. **MultiNet® North America:** As of the Effective Date, the copyright notice is: "© 2006 – 2013\_ TomTom. All rights reserved. This material is proprietary and the subject of copyright protection and other intellectual property rights owned or licensed to TomTom. TomTom is an authorized user of selected Statistics Canada computer files and distributor of derived information products under Agreement number 6776. The product is sourced in part from

Statistics Canada computer files, including 2010 Road Network File (RNF), 92-500-G and 2006 Census Population and Dwelling Count Highlight Tables, 97-550-XWE2006002. The product includes information copied with permission from Canadian authorities, including © Canada Post Corporation, GeoBase®, and Department of Natural Resources Canada, All rights reserved. The use of this material is subject to the terms of a License Agreement. You will be held liable for any unauthorized copying or disclosure of this material."

3. *MultiNet* Post: As of the Effective Date, the copyright notice is: "© 2006 – 2013 TomTom. All rights reserved. This material is proprietary and the subject of copyright protection and other intellectual property rights owned or licensed to TomTom. The product includes information copied with permission from Canadian authorities, including © Canada Post Corporation, All rights reserved. The use of this material is subject to the terms of a License Agreement. You will be held liable for any unauthorized copying or disclosure of this material."

4. *Premium Points of Interest North America*: As of the Effective Date, the copyright notice is: "© 2006-2013 TomTom. All rights reserved. This material is proprietary and the subject of copyright protection, database right protection and other intellectual property rights owned by TomTom or its suppliers. Portions of the POI database contained in Local Points of Interest North America have been provided by Localeze. The use of this material is subject to the terms of a license agreement. Any unauthorized copying or disclosure of this material will lead to criminal and civil liabilities."

#### 14. UK (ROYAL MAIL)

##### PREAMBLE

The following terms constitute the end user licence agreement for PAF® Data.

Public Sector entities operating within the United Kingdom must also enter into a direct Public Sector Licence agreement with Royal Mail. SAP will require Licensee to provide evidence of such a valid licence.

Corporate Group licences are available by also entering into a direct licence agreement with Royal Mail. SAP will require Licensee to provide evidence of such a valid licence.

The End User agrees to notify Solution Provider and/or Third Party Solution Providers immediately about any licensing changes and/or exceeding of the licensed category.

##### DEFINITIONS AND INTERPRETATION

**In this Licence the following terms have the following meanings:**

<b>Bureau Customer</b>	a customer for a Bureau Service
<b>Bureau Services</b>	a service comprising the Data Cleansing of a Customer Database and the supply of the resulting Cleansed Customer Database back to the relevant customer
<b>Customer Database</b>	a database of an End User's customer
<b>Data Cleansing</b>	the processing of existing data records using PAF® Data:  (a) including validating, reformatting, correcting or appending additional data to those records, and  (b) including the use of PAF® Data within address capture applications, but  (c) not including Data Extraction (whether carried out by an address capture application or otherwise),  and <b>Cleansed</b> shall be read accordingly
<b>End User</b>	a single legal entity who a Licensee may permit to use PAF® Data through its Users in accordance with this Licence
<b>End User Terms</b>	the terms set out in the Licence
<b>Extracted Data</b>	data generated as a result of Data Extraction
<b>Licence</b>	these terms made up of the "Preamble" section, "Definitions and Interpretation" section and the "Licence Terms" section
<b>PAF® Data</b>	Royal Mail's database known as PAF®, and including the database known as the "Alias File"
<b>Solution</b>	a product or service or other solution which benefits from or includes PAF® Data (including the provision of PAF® Data itself), in whatever form, however produced or distributed and whether or not including other functionality, services, software or data
<b>Substantially All Database</b>	a database which on its own or as part of another database comprises all or substantially all the addresses in the United Kingdom or any of England, Wales, Scotland or Northern Ireland
<b>User</b>	an individual authorised by an End User to use a Solution

##### LICENCE TERMS

###### 1. **End Users' permitted use of Solutions**

End Users may freely use PAF® Data in Solutions in accordance with these End User Terms.

###### 2. **Conditions of use**

- (a) End Users must not make copies of PAF® Data except as permitted by these End User Terms or reasonably necessary for back-up, security, business continuity and system testing purposes.
- (b) End Users may use PAF® Data for Data Extraction but Extracted Data:
  - (i) may only be accessed by Users, and
  - (ii) must not be supplied or any access to it provided to any third party.

- (c) End Users may provide Cleansed data to third parties provided that:
  - (i) where that supply is a Bureau Service, the End User and the Bureau Customers comply with the restrictions in Schedule 4, and
  - (ii) if such databases are Substantially All Databases:
    - (A) such databases are not represented or held out as a master, original or comprehensive address database or other similar description,
    - (B) the access is provided in the course of the End User's normal data supply or routine business activities and is not carried on as a business in its own right, and
    - (C) the provision includes a prominent notice that the relevant Cleansed data has been cleansed against PAF® Data.
- (d) End Users must not permit access to, display or communicate to the public any Solutions, except for the purposes of capturing or confirming address details of third parties.
- (e) Except as set out in these End User Terms, End Users must not:
  - (i) transfer, assign, sell or license Solutions or their use to any other person,
  - (ii) use Solutions to create a product or service distributed or sold to any third party which relies on any use of PAF® Data, including copying, looking up or enquiring, publishing, searching, analysing, modifying and reformatting, or
  - (iii) copy, reproduce, extract, reutilise or publish Solutions or any of them.

### 3. **Subcontracting**

End Users may provide PAF® Data to their subcontractors who may use it to the extent necessary for:

- (a) the provision of information technology services to the End User, or
- (b) acting on behalf of the End User

in each case for the End User's own business purposes and not those of the sub-contractor and provided that each such sub-contractor agrees to observe the restrictions on use of PAF® Data contained in these End User Terms and that the End User is responsible for any breaches of those terms by such sub-contractor.

### 4. **Personal rights**

End User rights are personal, limited and non-transferable.

### 5. **Royal Mail's IPR notice**

The End User acknowledges that Royal Mail is the owner of the intellectual property rights in PAF® Data and the PAF® brand and it does not acquire and is not granted any rights to use those intellectual property rights other than as set out in these End User Terms.

### 6. **Cessation of use of PAF® Data**

End Users must cease use of PAF® Data if their right to use PAF® Data is terminated and also destroy any copies of PAF® Data they hold.

### 7. **PAF® use by Users**

End Users must ensure that:

- (a) these End User Terms bind their Users,
- (b) only their Users exercise the use rights of Solutions and PAF® Data granted to End Users further to these End User Terms, and
  - (i) in the event of termination or expiry of End Users' rights to use Solutions and PAF® Data, the rights of Users to use them also terminate.

## 15. **USA – USPS SUBLICENSE AGREEMENTS**

### 1. **Limits on Use of Data**

- 1.1 *USPS Certified Address Directory Option for DPV and Lacslink.* In the event Licensee activates the locking features of the Software and wishes to unlock such features, Licensee agrees to provide certain information relating to the list owner, locking record details and the origin of the locking record including but not limited to the type of list, owner of list if rented and other tracking information as requested by the Licensor or the USPS.

### 2. **Geographic Specific Restrictions**

- a. USPS products may only be sold in the US and are not available outside of the US.
- b. US NATIONAL DIRECTORY PRODUCTS MAY BE SOLD GLOBALLY.
- c. SPECIALIZED PRODUCTS SUCH AS LACSLINK, SUITELINK, NCOALINK, DPV, USPS DELIVERY SEQUENCE FILE – DSF2 AND RDI MAY ONLY BE SOLD TO US PERSONS OR ENTITIES FOR USE WITHIN THE US.

THE NCOALINK INTERFACE CAN ONLY BE SOLD TO PERSONS WHO ARE AUTHORIZED BY THE USPS TO PURCHASE NCOALINK DATA. (NOTE: WE ONLY SELL THE NCOALINK INTERFACE AND CUSTOMERS MUST OBTAIN THE NCOALINK DATA DIRECTLY FROM THE USPS AND MUST BE CERTIFIED TO PURCHASE SUCH DATA BY THE USPS.)

#### 15.1 **USPS SUITELINK:**

- 1. Licensee's right to use the CASS Certified Interface and the SuiteLink Product shall be strictly limited to use only within the United States of America;
- 2. Licensee's right to use the CASS Certified Interface and the SuiteLink Product shall be strictly limited to improving business delivery addresses in multi-occupation buildings for use on letters, flats, postcards, packages, leaflets, magazines, postcards, advertisements, books, and other printed material, and any other item that will be delivered by USPS.
- 3. Licensee have no right to sublicense, sell or otherwise distribute, reproduce, perform, or prepare derivative works of the Interface or the SuiteLink Product.

4. Licensee acknowledges that:
  - a. the CASS Certified Interface and the SuiteLink Product under license from USPS;
  - b. You are a sublicensee under SAP's license from USPS and obtain from Licensor no broader right than permitted under SAP's license agreement with USPS;
5. You shall be strictly limited to using the CASS Certified Interface and the SuiteLink Product only as a component of SAP's Data Quality or Data Services products.

## **15.2 USPS NCOALINK**

1. Licensee has no rights as to the NCOALink Interface under this agreement beyond using it as a component of Licensor's Data Quality and Data Services products in conjunction with the NCOALink data product to update a list, system, group or other collection of *at least 100* unique names and addresses (herein "Mailing Lists") used for addressing letters, flats, postcards, packages, leaflets, magazines, advertisements, books and other printed material, and any other deliverable item handled by the United States Postal Service (herein "Deliverables") for delivery by the United States Postal Service (herein "USPS").
2. Licensee has no right to develop or use any NCOALink product, service, interface, or any related item or technology to compile or maintain a list or collection of names and addresses or addresses only of new movers or to create other products or data bases or collections of information concerning new movers, histories of address changes, lists or histories of residents, or other informational or data sources based upon information received from or through the NCOALink data or technology for the purpose of renting, selling, transferring, disclosing, making available or otherwise providing such information to an entity unrelated to Licensee.
3. For the purposes of communicating with addressees on Licensee's Mailing Lists and for the purpose of record-keeping, however, Licensee is permitted to retain updated addresses so long as not used in violation of paragraph 2 above, for individuals and entities with whom Licensee has or had a business relationship, in connection with which Licensee will use the updated address; however, these updated addresses may only be used by Licensee and Licensee may use them only for carrying out your organizational purposes in connection with that individual or entity and may not transfer, disclose, license or distribute to, or be used by any other entity or individual whatsoever.
4. No proprietary Mailing List that contains both old and corresponding updated address records, or any service product or system of lists that can be used to link old and corresponding updated address records, if updated by use of NCOALink, shall be rented, sold, transferred, disclosed, made available, or otherwise provided, in whole or in part to your customers or any other individual or entity.
5. Licensee's right to use the NCOALink Interface is strictly limited to use only within the United States, its territories, and possessions.
6. As to the Interface, Licensee has the right only to update Mailing Lists used to prepare Deliverables that will be deposited with the USPS.
7. Licensee has no right to sublicense, sell, assign, or otherwise transfer rights in, reproduce, perform, attempt to improve, reverse engineer, modify or otherwise change, or prepare derivative works of the Interface. Any attempt to sublicense, sell, assign, or otherwise transfer rights in, or otherwise distribute the Interface shall be void.
8. Licensee acknowledges that:
  - a. USPS owns the NCOALink data, technology, and system in its entirety including that used in the development of the Interface;
  - b. USPS owns and retains rights in the trademark of NCOALink and in the registered trademarks UNITED STATES POSTAL SERVICE®, POSTAL SERVICE®, US POSTAL SERVICE®, AND USPS®;
  - c. SAP is providing the Interface as a component of its products to Licensee solely for use with the NCOALink Product under a nonexclusive, limited distribution license from USPS; and
  - d. the rights Licensee obtains in this license are derived from SAP's agreement with USPS and you obtain from SAP no broader right than SAP obtains from USPS, except as to Licensee's specific right to use the NCOALink Interface to access the NCOALink data.
9. Licensee is strictly limited to using the Interface only as a component of SAP's Data Quality and Data Services products.
10. Licensee acknowledges and agrees that Licensee has no right to sublicense, sell, distribute, reproduce, or display USPS trademarks or sell the Interface or other products under USPS's trademarks.

## **15.3 DPV SUBLICENSE AGREEMENT:**

This Sublicense Agreement ("Sublicense") between SAP and Licensee, its subsidiaries and affiliates, current and future ("Sublicensee") sets forth additional terms required by the United States Postal Service ("USPS") regarding Sublicensee's use of the DPV option with other SAP CASS certified software.

For purposes of this Sublicense, Delivery Point Validation ("DPV") means the new USPS proprietary technology product designed to help mailers validate the accuracy of address data, right down to the physical delivery point. The DPV process cannot assign a ZIP+4 Code nor will it respond to a non-ZIP+4 coded address.

1. Sublicensee understands that the USPS provides the DPV Product through special licensing in order to protect the USPS' proprietary intellectual property and its compliance with restrictions of Title 39 USC § 412.
2. Sublicensee acknowledges that the address information contained within the DPV Product is subject to Title 39 USC § 412. Sublicensee shall take all steps necessary to secure the DPV Product in a manner that fully complies with Section 412 constraints prohibiting the disclosure of address lists.
3. Sublicensee acknowledges that the DPV Product is confidential and the proprietary property of the USPS. Sublicensee further acknowledges that the USPS represents that it is the sole owner of copyrights and other proprietary rights in the DPV Product.
4. Sublicensee shall not use the DPV Product technology to artificially compile a list of delivery points not already in Sublicensee's possession or to create other derivative products based upon information received from or through the DPV Product technology.
5. No proprietary Sublicensee address list(s) or service products or other system of records that contain(s) address attributes updated through DPV processing shall be rented, sold, distributed or otherwise provided in whole or in part to any third party for any purpose containing address attributes derived from DPV processing. Sublicensee may not use the DPV technology to artificially generate address records or to create mailing lists.

6. The DPV Product processing requires Sublicensee to have access to address information that appears on mail pieces. To ensure the confidentiality of this address information, no employee or former employee of Sublicensee may, at any time, disclose to any third party any address information obtained in the performance of this agreement. Sublicensee agrees to control and restrict access to address information to persons who need it to perform work under this agreement and prohibit the unauthorized reproduction of this information. Due to the sensitive nature of the confidential and proprietary information contained in the DPV Product, Sublicensee acknowledges that unauthorized use and/or disclosure of the DPV will irreparably harm the USPS' intellectual property. Therefore, Sublicensee (i) agrees to reimburse the USPS for any unauthorized use and/or disclosure at a rate of treble (3 times) the current annual fee charged to Sublicensee hereunder; and (ii) consents to such injunctive or other equitable relief as a court of competent jurisdiction may deem proper.
7. BOTH SAP AND THE USPS SHALL NOT BE LIABLE FOR ANY DESIGN, PERFORMANCE OR OTHER FAULT OR INADEQUACY OF DPV, OR FOR DAMAGES OF ANY KIND ARISING OUT OF OR IN ANY WAY RELATED TO OR CONNECTED WITH SUCH FAULT OR INADEQUACY. IN NO EVENT SHALL SAP'S OR THE USPS' LIABILITY TO SUBLICENSEE UNDER THIS AGREEMENT, IF ANY, EXCEED THE PRO RATA PORTION OF THE ANNUAL LICENSE FEE FOR DPV.
8. SAP agrees to hold harmless, defend and indemnify Sublicensee for infringement of any U.S. copyright, trademark, or service mark in the DPV provided to Sublicensee under this Agreement. The foregoing obligation shall not apply unless SAP shall have been informed within five (5) calendar days by Sublicensee of the suit or action alleging such infringement and shall have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in the defense thereof. In addition, Sublicensee agrees to hold harmless, defend and indemnify SAP and the USPS and its officers, agents, representatives, and employees from all claims, losses, damage, actions, causes of action, expenses, and/or liability resulting from, brought for, or on account of any injury or damage received or sustained by any person, persons or property growing out of, occurring, or attributable to Sublicensee's performance under or related to this agreement, resulting in whole or in part from any breach of this Agreement or from the negligence or intentional misconduct, including any unauthorized disclosure or misuse of DPV Product, including data derived from DPV, by Sublicensee, or any employee, agent, or representative of Sublicensee.
9. Sublicensee acknowledges that the USPS reserves the right to stop DPV processing in the USPS' sole discretion. SAP will not be liable or responsible for any decision the USPS makes in canceling Sublicensee's Sublicense, including, but not limited to, arbitrating the cancellation decision on behalf of the customer. In the event the USPS cancels Sublicensee's DPV processing, (i) Sublicensee shall not be entitled to any refund or credit from SAP; and, (ii) SAP will discontinue shipping DPV directories to Sublicensee.
10. Sublicensee agrees that the USPS or its designated representatives, on an announced or unannounced basis, shall have the right to visit and examine Sublicensee's sites. USPS or its designated representatives shall have the right examine, on or off Sublicensee's premises, Sublicensee's computer systems, processing files, documents, administrative records, and other materials to ensure Sublicensee's compliance with the provisions of this agreement.
11. Sublicensee further agrees that the USPS or its authorized representatives will, until three (3) years after final payment under this agreement, have access to and the right to examine any directly pertinent books, documents, papers, records or other materials of Sublicensee involving transactions related to this agreement.
12. Sublicensee shall not export the DPV Product outside of the United States or its territories without prior written approval of the USPS.
13. This Sublicense shall be governed by the federal laws of the United States of America, or, when no such law is applicable, then by the laws of the State of New York as interpreted by the United States Court of Appeals for the Second Circuit.
14. This Sublicense shall not be transferable, in whole or in part. The rights and obligations of Sublicensee shall be terminated immediately in the event of a dissolution, merger, buy-out, or transfer of any kind of the assets of Sublicensee.
15. All obligations of Sublicensee referred to in this Sublicense inure to the benefit of USPS.

#### **15.4 USPS LACSLINK SOFTWARE SUBLICENSE**

This Sublicense Agreement ("Sublicense") between SAP and Licensee, its subsidiaries and affiliates, current and future ("Sublicensee") sets forth additional terms required by the United States Postal Service ("USPS") regarding Sublicensee's use of the LACSLink option with other CASS certified software.

1. For purposes of this document, the following terms shall be defined as set forth below:
  - "USPS" means the United States Postal Service.
  - "Deliverables" means letters, flats, postcards, packages, leaflets, magazines, postcards, advertisements, books, and other printed material, and any other item delivered by USPS.
  - "Interface" means one or more SAP interfaces developed for use with the LACSLink Product. "LACSLink Product" means the confidential and proprietary database concerning the conversion of existing addresses to their new or update or replacement address or the like, provide by USPS in a highly and uniquely secured environment.
2. Sublicensee's right to use the Interface shall be strictly limited to use only within the geographic boundaries governed by the United States, its territories, and possessions, and only for updating addresses and mailing lists used to prepare Deliverables for deposit with USPS in conformance with USPS requirements.

Sublicensee shall have no right to sublicense, sell or otherwise distribute, reproduce, perform, or prepare derivative works of the Interface. Sublicensee hereby acknowledges that:

  - USPS owns the LACSLink Product and USPS marks;
  - SAP provides the SAP product in part under license from USPS;
  - Sublicensee is a Licensee under SAP's license from USPS and obtains from SAP no broader right than granted to SAP in such license from USPS;
  - Sublicensee shall be strictly limited to using the Interface only as a component of the SAP product; and Sublicensee agrees that it does not have a right to sublicense, distribute, reproduce, perform, display, or sell the Interface or USPS's marks.
3. BOTH SAP AND THE USPS SHALL NOT BE LIABLE FOR ANY DESIGN, PERFORMANCE OR OTHER FAULT OR INADEQUACY OF LACSLink, OR FOR DAMAGES OF ANY KIND ARISING OUT OF OR IN ANY WAY RELATED TO OR CONNECTED WITH SUCH FAULT OR INADEQUACY. IN NO EVENT SHALL SAP'S OR THE USPS' LIABILITY TO SUBLICENSEE UNDER THIS AGREEMENT, IF ANY, EXCEED THE PRO RATA PORTION OF THE ANNUAL LICENSE FEE FOR LACSLink BASED ON THE EFFECTIVE DATE OF CANCELLATION WITHIN THIRTY (30) CALENDAR DAYS OF THE DATE OF CANCELLATION.

4. SAP agrees to hold harmless, defend and indemnify Sublicensee for infringement of any U.S. copyright, trademark, or service mark in the LACSLink Product provided to Sublicensee under this Agreement. The foregoing obligation shall not apply unless SAP shall have been informed within five (5) calendar days by Sublicensee of the suit or action alleging such infringement and shall have been given such opportunity as is afforded by applicable laws, rules, or regulations to participate in the defense thereof. In addition, Sublicensee agrees to hold harmless, defend and indemnify SAP and the USPS and its officers, agents, representatives, and employees from all claims, losses, damage, actions, causes of action, expenses, and/or liability resulting from, brought for, or on account of any injury or damage received or sustained by any person, persons or property growing out of, occurring, or attributable to Sublicensee's performance under or related to this agreement, resulting in whole or in part from any breach of this Agreement or from the negligence or intentional misconduct, including any unauthorized disclosure or misuse of LACSLink Product, including data derived from LACSLink Product, by Sublicensee, or any employee, agent, or representative of Sublicensee.
5. Sublicensee acknowledges that the USPS reserves the right to stop LACSLink Product processing in the USPS' sole discretion. SAP will not be liable or responsible for any decision the USPS makes in canceling Sublicensee's Sublicense, including, but not limited to, arbitrating the cancellation decision on behalf of the customer. In the event the USPS cancels Sublicensee's LACSLink Product processing, (i) Sublicensee shall not be entitled to any refund or credit from SAP; and, (ii) SAP will discontinue shipping LACSLink Product directories to Sublicensee.
6. Sublicensee agrees that the USPS or its designated representatives, on an announced or unannounced basis, shall have the right to visit and examine Sublicensee's sites. USPS or its designated representatives shall have the right examine, on or off Sublicensee's premises, Sublicensee's computer systems, processing files, documents, administrative records, and other materials to ensure Sublicensee's compliance with the provisions of this agreement.
7. Sublicensee further agrees that the USPS or its authorized representatives will, until three (3) years after final payment under this agreement, have access to and the right to examine any directly pertinent books, documents, papers, records or other materials of Sublicensee involving transactions related to this agreement.
8. Sublicensee shall not export the LACSLink Product outside of the United States or its territories without prior written approval of the USPS.
9. This Sublicense shall be governed by the federal laws of the United States of America, or, when no such law is applicable, then by the laws of the State of New York as interpreted by the United States Court of Appeals for the Second Circuit.
10. This Sublicense shall not be transferable, in whole or in part. The rights and obligations of Sublicensee shall be terminated immediately in the event of a dissolution, merger, buy-out, or transfer of any kind of the assets of Sublicensee.
11. All obligations of Sublicensee referred to in this Sublicense inure to the benefit of USPS.

#### **15.5 DSF2 Interface (USPS Delivery Sequence File - DSF2 )**

1. Sublicensee has no rights as to the DSF2 Interface under this agreement beyond using it in conjunction with the DSF2 data product to update a list, system, group or other collection of addresses (herein "Mailing Lists") used for addressing letters, flats, postcards, packages, leaflets, magazines, advertisements, books and other printed material, and any other deliverable item handled by the United States Postal Service (herein "Deliverables") for delivery by the United States Postal Service (herein "USPS").
2. Sublicensee's right to use the DSF2 Interface is strictly limited to use only within the United States, its territories, and possessions.
3. As to the Interface, Sublicensee has the right only to sequence and/or update Mailing Lists used to prepare Deliverables that will be deposited with the USPS.
4. Sublicensee has no right to sublicense, sell, assign, or otherwise transfer rights in, reproduce, perform, attempt to improve, reverse engineer, modify or otherwise change, or prepare derivative works of the Interface. Any attempt to sublicense, sell, assign, or otherwise transfer rights in, or otherwise distribute the Interface shall be void.
5. Sublicensee acknowledges
  - a. that USPS owns the DSF2 data, technology, and system in its entirety including that used in the development of the Interface;
  - b. that USPS owns and retains rights in the trademark of DSF2 and in the registered trademarks UNITED STATES POSTAL SERVICE®, POSTAL SERVICE®, US POSTAL SERVICE®, AND USPS® ;
  - c. that Licensee is providing the Interface to Sublicensee solely for use with the DSF2 Product under a nonexclusive, limited distribution license from USPS; and
  - d. that the rights Sublicensee obtains in this license are derived from Licensee's agreement with USPS and Sublicensee obtains from Licensee no broader right than Licensee obtains from USPS, except as to Sublicensee's specific right to use the DSF2 Interface to access the DSF2 data.
6. Sublicensee is strictly limited to using the Interface only with the DSF2 Product; and
7. Sublicensee acknowledges and agrees that Sublicensee has no right to sublicense, sell, distribute, reproduce, or display USPS trademarks or sell the Interface or other products under USPS's trademarks.

## **Exhibit 6 – SAP Business One Software**

### **PREAMBLE**

The minimum license requirements for a SAP Business One installation is one (1) SAP Business One Starterpackage User or one (1) SAP Business One Professional User.

1. As part of SAP Business One software SAP provides preconfigured SAP Crystal Reports and SAP Crystal Dashboards. Such reports and dashboards are available without additional license fee (see SAP Crystal Versions for SAP Business One).
2. SAP Business One software requires a database. Such data base can be licensed via SAP, it's authorized reseller or direct via the database vendor or it's authorised reseller.

#### **1. SAP Business One Integration for SAP NetWeaver**

- 1.1 SAP Business One integration for SAP NetWeaver is part of the SAP Business One license, except for the Starter Package User.
- 1.2 *SAP Business One Integration for SAP NetWeaver® Integration Packages*. SAP Business One integration for SAP NetWeaver Integration Packages are provided without additional charge; use is subject to separate use terms.

#### **2. SAP Business One Starter Package User**

- 2.1 Minimum license requirement: One (1) SAP Business One Starter Package User.
- 2.2 Maximum number of licenses is limited to five (5) SAP Business One Starter Package Users.
- 2.3 If licensee requires more than the maximum number of five (5) SAP Business One Starter Package Users, all users need to be licensed as SAP Business One Professional or Limited Professional User.
  -
- 2.4 The SAP Business One Starter Package User cannot be combined with any other SAP Business One Named User type or with any SAP Business One product options.

#### **3. SAP Crystal Versions for SAP Business One**

- 3.1 SAP provides preconfigured SAP Crystal Reports and SAP Crystal Dashboards as a part of SAP Business One.
- 3.2 Such SAP provided reports and dashboards are available to all SAP Business One Named Users without additional license fee.
- 3.3 A single SAP Business One system includes one (1) user for SAP Crystal Reports, without additional license fee.
- 3.4 For additional dashboards, the appropriate SAP Crystal Dashboard Design software license is required to view, use and modify.
- 3.5 SAP Crystal product versions for SAP Business One (i) are restricted for Use with the SAP Business One application data; (ii) are further subject to the terms and conditions applicable to SAP Crystal as stated in the SUR; and (iii) cannot be in deployed in a standalone environment.
- 3.6 *SAP Crystal Reports, version for the SAP Business One application*. SAP Crystal Reports version for the SAP Business One application provides a single user license that grants access rights to use SAP Crystal Reports, version for SAP Business One. Prerequisite: One Professional User or one Limited User or one Indirect access User required for each option licensed.
- 3.7 *SAP Crystal Dashboard Design, version for the SAP Business One application*. SAP Crystal Dashboard Design, version for the SAP Business One application provides a single user license that grants access rights to use SAP Crystal Dashboard Design for SAP Business One. The SAP Crystal Dashboard Design, version for SAP Business One license does not include the rights granted under a SAP Crystal Dashboard Design license. One named user license of the SAP Crystal Dashboard Viewing, version for the SAP Business One application is included with the SAP Crystal Dashboard Design, version for SAP Business One license. Prerequisite: One Professional User or one Limited User or one Indirect access User required for each option licensed.
- 3.8 *SAP Crystal Dashboard Viewing, version for the SAP Business One application*. SAP Crystal Dashboard Viewing, version for the SAP Business One application license provides a single user license that grants rights to view dashboards created using the SAP Crystal Dashboard Design, version for SAP Business One software. Prerequisite: One Professional User or one Limited User or one Indirect access User required for each option licensed.

#### **4. SAP Business One Software Development Kit (SDK)**

The SAP Business One Software Development Kit (SDK) is a development toolkit that allows programmers to interface 3<sup>rd</sup> party applications with SAP Business One both, at the database level and/or at the user interface level. The development tools consist of tools and interfaces to access SAP Business One from 3<sup>rd</sup> party applications and vice versa. Each SAP Business One Software Development Kit license allows rights of use for a maximum of twenty (20) SDK programmers. Prerequisite: One Professional User required for each SDK programmer.

#### **5. SAP BusinessObjects Lumira for SAP Business One application**

SAP BusinessObjects Lumira, version for SAP Business One provides a single user license that grants access rights to use this product solely in conjunction with a SAP Business One license. Prerequisite: One Professional User or one Limited User or one Indirect access User required for each option licensed.

#### **6. Integration Framework of SAP Business One**

The Integration Framework of SAP Business One is the integration platform for SAP Business One. The predefined standard integration scenarios delivered by SAP and the required instances (systems) can be used without additional license fee.

The right to run integration scenarios developed by partners or customers with instances (systems) in the system landscape directory of the Integration Framework of SAP Business One can be acquired for an additional fee per instance (system). Existing SAP Business One customers, contract date before July 15th 2013, can continue to use the Integration Framework without additional cost.

7. **SAP Customer Checkout** is a Point Of Sales solution. No prerequisite

#### **8. SAP Business One Metrics.**

##### **SAP Business One Named Users**

**SAP Business One Professional User** is a Named User who performs operational related roles supported by the SAP Business One Software. The SAP Business One Professional User license is needed to administer a SAP Business One installation and work with production and Material Resource Planning (MRP). The SAP Business One Professional User does include the rights granted under a SAP Business One Limited CRM User, SAP Business One Limited Financial User, SAP Business One Limited Logistic User and SAP Business One Indirect Access User license. The SAP Business One Professional User does not include the rights granted under a SAP Business One Web CRM User license.

**SAP Business One Limited User** is a Named User who has access rights to the SAP Business One functionality to support operational processing and information requirements in a specific role. Each Limited User can be requested as one of these roles: CRM, Financial or Logistic. The SAP Business One Limited User license does include the rights granted under an SAP Business One Indirect Access User license.

**SAP Business One Limited to SAP Business One Professional User** is a Named User authorized to perform SAP Business One Professional User related roles supported by the licensed Software provided such Named User is also an individual licensed from SAP as an SAP Business One Limited User and both such Users are licensed for the same runtime database, if any. If receiving support under the license agreement, Licensee must be subscribed to and fully paid on support for both this User and the underlying SAP Business One Limited User for so long as Licensee continues to receive support under the license agreement. This allow the upgrade from: SAP B1 Limited CRM User to SAP B1 Professional User; SAP B1 Limited Financial User to SAP B1 Professional User; SAP B1 Limited Logistic User to SAP B1 Professional User; SAP B1 Limited to SAP B1 Professional User; SAP B1 CRM Sales User to SAP B1 Professional User; SAP B1 CRM Service User to SAP B1 Professional User.

**SAP Business One Mobile Application User** is a Named User who has access rights to the 'SAP Business One Sales (mobile app)' only. The SAP Business One Mobile Application User license does include the rights granted under an SAP Business One Indirect Access User license.

**SAP Business One Indirect Access User** is a Named User authorized to access Software Solution Provider (SSP) solutions only. An SAP Business One Indirect Access User does not have authorization right to any functions (forms) in SAP Business One itself. Each user can access unlimited number of SSP solutions. Connections can be created through the DI-API and the Service Layer. Separate license is required for connections through the Integration Framework of SAP Business One.

**SAP Business One Starter Package User** is a Named User who performs operational related roles supported by the SAP Business One Starter Package Software. The SAP Business One Starter Package User license does include the rights granted under an SAP Business One Indirect Access User license. The SAP Business One Starter Package User license does not include the rights granted under a SAP Business One Professional User.

**SAP Business One Starter Package to SAP Business One Professional User** is a Named User authorized to perform SAP Business One Professional User related roles supported by the licensed Software provided such Named User is also an individual licensed from SAP as an SAP Business One Starter Package User and both such Users are licensed for the same runtime database, if any. If receiving support under the license agreement, Licensee must be subscribed to and fully paid on support for both this User and the underlying SAP Business One Starter Package User for so long as Licensee continues to receive support under the license agreement.

**SAP Business One Starter Package to SAP Business One Limited User** is a Named User authorized to perform SAP Business One Limited User related roles supported by the licensed Software provided such Named User is also an individual licensed from SAP as an SAP Business One Starter Package User and both such Users are licensed for the same runtime database, if any. If receiving support under the license agreement, Licensee must be subscribed to and fully paid on support for both this User and the underlying SAP Business One Starter Package User for so long as Licensee continues to receive support under the license agreement.

## 9. Remaining SAP Business One Metrics

**Cores** are the number of cores in CPUs that are available for use by the licensed software. The number of Core licenses must be an integer. When counting physical Cores, each Core of a physical CPU that runs at least parts of the licensed software, including those that are temporarily assigned or scheduled to cover peak processing, is considered and counted.

When counting virtual Core's, each virtual Core that runs at least parts of the licensed software, including those that are temporarily assigned or scheduled to cover peak processing, is counted.

If the licensed Software will run in a pure virtual environment, physical Cores will not be counted. For purposes of clarification, "Core" as defined in this metric definition is different from "core" as referenced in the metric definition for any Software licensed on a CPU basis (if any), and therefore is not applicable in that context.

**Contract price** is the net value of the license contract. Contract price for partners refers to partner buy price depending on the support delivery model

**Devices** are any piece of equipment or hardware and include but are not limited to: a workstation, terminal, point of sale terminal, notebook, handheld, tablet, PDA, smartphone, internet connected television, scale devices, devices installed in a vehicle (on-board units) or other networked devices. The application itself defines the type of devices that are used and therefore counted for the price list item (e.g., Sybase SQL Anywhere Database for Use with SAP POS for Retail devices are defined as those devices accessing data from SQL Anywhere Database or e. g. SAP Mobile Order Management devices are all devices installed as on-board units in a vehicle).

**Flat fee** are fixed package license fees for the software.

**Gigabytes of memories** are the total amount of memory (measured in gigabytes) that may be used by the SAP HANA Software.

**Instances** are unique connections to a single specified application or technology type.

(Instances in the context of the Integration Framework of SAP Business One are sending or receiving systems defined in the system landscape directory used in active integration scenarios. One unique instance is counted only one time.)

**MSRP** (Manufacturer Suggested Reselling Price) is the list price minus volume discount.

**Users** are individuals who Use the Software.

Below are Product Specific Terms and NOT metrics

### SAP Business One DI Server

The DI-Server enables business partners to develop SOAP-based solutions to read, write, update, and remove data objects on the database level. It provides a suitable infrastructure for server-oriented partner solutions. The DI-Server is a license per Core on a CPU, not as a Named User. The core count is defined by the number of cores available in the Operating System used by the DI-Server or the Service layer. Note, the underlying core can be a physical, logical or virtual. Connections can be created through the DI-Server and the Service Layer. Separate license is required for connections through the DI-API and Integration Framework of SAP Business One.

### SAP Business One Engine for SAP HANA

SAP is licensing the SAP Business One, version for SAP HANA Engine as a runtime restricted license database for SAP Business One and certified SAP Business One Add-ons, including certified SAP Business Add-ons created by SAP partners or SAP Business One Add-ons created by Licensee. Licensee shall only use the SAP Business One, version for SAP HANA Engine in connection with SAP Business One Software and the aforementioned SAP Business One Add-ons and only for the purposes of its own internal data processing which includes access of third party user such as contractors, supply chain vendors or suppliers, customers, or third party individuals authorized by Licensee. Any access to the SAP Business One, version for SAP HANA

Engine, including but not limited to data loading, modeling, reporting and distribution, must take place via SAP Business One or the aforementioned SAP Business One Add-ons.

The SAP Business One, version for SAP HANA Engine includes a runtime license of HANA Studio and access is solely to administer and manage the SAP Business One, version for SAP HANA Engine, or for system administration tasks and data modeling for reporting requirements. The SAP Business One, version for SAP HANA Engine cannot be deployed on the same installation as any other SAP HANA software. The SAP Business One, version for SAP HANA Engine is licensed for addressable RAM memory and can only run on SAP certified hardware and with the supported operating system(s). All individuals Using the SAP Business One, version for SAP HANA Engine, also through other reporting tools, require an SAP Business One Named User license or a licensed SAP Business One connector.

The SAP Business One, version for SAP HANA engine includes a runtime license for the all the SAP HANA components included in the packages SAP Business One analytics powered by SAP HANA , SAP Business One, version for SAP HANA and SAP HANA Platform Edition Revision Packages for SAP Business One

The SAP Business One, version for SAP HANA engine includes use rights to perform analytics content provided by the licensed SAP Business One Analytics software used solely in conjunction with SAP Business One.

**MSRP** - Manufacturer Suggested Reselling Price is the list price minus volume discount.

**\*\*Support** for SAP Business One is subject to conclusion of a support schedule to the license agreement.

#### **10. Localizations.**

Licenses for SAP Business One software can be used on any of the localizations supported by SAP Business One software. However, for SAP Business One software licensed after 01.01.2010, the license key will be issued 'per localization'. By default the localization of the requested software country version will be released. Each licensed Named User can only access the localization for which the license key was issued. Employees that require access to two or more localizations will require two or more Named User licenses.

#### **11. Intercompany Integration Solution for SAP Business One**

The Intercompany Integration Solution for SAP Business One software may include certain third party open source and/or other components.

Partner needs to take into consideration the Additional License Principles for the Intercompany Integration Solution for SAP Business One set out in the SAP Pricing & Licensing Principles when licensing the Intercompany Integration Solution for SAP Business One to End Users. The Named User license requirements apply also to the Use of the Intercompany Integration Solution for SAP Business One. Partner shall inform End Users accordingly. Prerequisite: One Professional User or one Limited User required for each option licensed. When this option is selected, all Professional and Limited users must also be licensed

#### **12. Fail-over Server**

For any operating system environment in which Licensee runs installations of SAP Business One software, Licensee may run up to the same number of passive fail-over installations of SAP Business One software in a separate operating system environment for temporary support. Licensee may run the passive fail-over installation of SAP Business One software on a hardware server other than the licensed hardware server.

#### **13. Test Installations**

A customer is entitled to run one SAP Business One software installation for internal testing purposes. For such test installation, the customer may use same users which customer has licensed for productive use of SAP Business One software.

**Exhibit 7 – DELIBERATELY LEFT BLANK**

#### **Exhibit 8 – Terms relating to Third Party Web Services**

Third Party Web Services are defined in Section 1.2.6 of the Preamble to these Use Terms and examples of Third Party Web Services include services such as: Facebook, Evernote, Gigya, Twitter, Google Maps and other such services (non-exhaustive list for the purpose of examples – please refer to the definition of Third Party Web Services for precise definition). The following terms apply to all Third Party Web Services:

- Licensee is solely responsible for obtaining all account and authentication credentials required to access or use the Third Party Web Service's API or the Third Party Web Service.
- Use of the Third Party Web Service's API is subject to Licensee's acceptance of the Third Party Web Service's terms and conditions, which must be obtained from the Third Party Web Service provider. SAP is not a party to the agreement between the Licensee and the Third Party Web Service provider.
- The Third Party Web Service's API and the Third Party Web Service are excluded from all SAP representation, warranties, indemnifications and support obligations.
- Licensee expressly agrees to indemnify SAP, its officers, employees, agents and subcontractors from and against all claims, liabilities, losses, damages and costs (including reasonable attorney fees) suffered by SAP arising from the use of any Third Party Web Services by Licensee or its Affiliates.
- SAP may throttle, suspend or terminate the Licensee's access to the Third Party Web Service's API through the Product if Licensee violates or causes SAP to violate Third Party Web Service provider's terms of service or other applicable Third Party Web Service provider agreements or policies (including, without limitation, exceeding any data or usage limits).
